# Teulon Ride in Rally celebrates another year

By Caitlyn Gowriluk

Approximately 200 people came out for a day of motorcycles, games and contests at the third annual Teulon Ride in Rally in support of Project New Hope Canada on Saturday.

For Ride in Rally organizer Dave Leduchowski, the annual event combines an old passion with an important cause.

"I've been riding motorcycles all my life," said Leduchowski. "I think most people at some point in their life have probably had a fascination with motorcycles."

The proceeds raised from the event benefit Project New Hope Canada, a non-profit organization that provides veterans and their families with education, training and support after operational service.

"People come back home physically, but they may not be home mentally," said Leduchowski. "It's designed to help veterans and their spouses deal

with PTSD and other issues."

For the past five years, Project New Hope has also organized retreats created specifically for the spouses of veterans.

"They share ideas, share experiences, things that didn't work. It really is a communal thing," said Don Adamko, secretary for Project New Hope.

"The idea behind the whole thing is to bolster [and] reinvigorate the spouses," said Adamko.

The Ride in Rally also featured games like a tire toss and balloon toss, a pancake breakfast and a safety demonstration from the Teulon-Rockwood Fire Department.

"You don't need a motorcycle to enjoy the event," said Leduchowski. "There's a little bit of something for everyone."

This year's event also received over \$2,500 in donations from local businesses, said Leduchowski.

"It's absolutely phenomenal," he said. "This is, by far, the best year."

**"IT'S ABSOLUTELY PHENOMENAL," HE SAID. "THIS IS, BY FAR, THE BEST YEAR."**

TRIBUNE PHOTOS BY CAITLYN GOWRILUK

Adam Myker burns out a tire on his 2009 Harley Davidson Rocker motorcycle at the third annual Teulon Ride in Rally in support of Project New Hope Canada on July 14.

The annual event also included spectator sports, including a tire toss contest.

Approximately 200 people showed up on Teulon's Main Street for the third annual Ride in Rally.

# Teulon museum celebrates history at annual tea and bake sale

By Caitlyn Gowriluk

Dozens of people gathered inside the Teulon and District Museum for its annual tea and bake sale event on July 14.

While it's an event the museum staff looks forward to every year, the fundraiser is also necessary to keep the museum running, said museum board chair Joan Trombo.

"It's kind of a tradition," said Trombo. "And it's one way of getting people to see our museum."

This year, the museum is looking to replace the porch roof of its 113-year-old Hunter house, the wooden door on its 96-year-old Ukrainian log house and the shingling on its church, said Trombo.

Trombo, who has worked at the Teulon and District Museum for close to 20 years, said the event is the result of a lot of hard work from the museum's 12 committee members.

"We have a really dedicated group of museum members," said Trombo.

Guests at the event enjoyed tea, baked goods and live music as they explored all the artifacts the museum

Guests listened to live music as they sat in the museum for the annual fundraising event.

has on display.

While most of the people who attended the fundraising event were seniors, Trombo said she hopes that younger generations will also take an interest in learning about the history on display at the museum.

"We're preserving the past for future generations. We have a number

TRIBUNE PHOTOS BY CAITLYN GOWRILUK  
Ella Reykdal, left, and Adeline Helwer, right, helped sell baked goods at the Teulon and District Museum's annual tea and bake sale on July 14.

of artifacts that came with the turn of the century, when the immigrants came and had to make handmade tools," said Trombo. "I think the present generation should have a good, comprehensive idea of what our forefathers went through to establish this

country."

The Teulon and District Museum is open until the end of August. Its hours are from 10 a.m. to noon and 1 p.m. to 4 p.m. from Tuesday to Friday, and from noon to 4 p.m. on Saturday and Sunday.

Guests enjoyed tea and baked goods with friends and neighbours.

## Donors help Project Echo

By Justin Luschinski

A long list of donors and sponsors have stepped up to help the Rotary Club of Selkirk's Project Echo surpass its \$140,000 fundraising goal.

To date, the fundraising campaign has raised a total of \$214,939.19. The money will go towards purchasing an Echocardiogram, a medical system that can diagnose and monitor heart conditions, for the Selkirk Hospital. The local rotary club along with local and area donors gathered at the Selkirk Golf and Country Club last Monday to celebrate this milestone.

"With your contribution, you've helped save lives," Dr. Daniel Lindsay, director of diagnostic services and chief of staff at the Selkirk Regional Health Centre, told donors last week.

The Selkirk Rotary Club pledged to raise \$140,000 towards the new machine, and so far they've exceeded that pledge by \$70,000.

Organizations from across the Interlake contributed to the campaign,

# Woodlands museum introduces accessibility plan

By Caitlyn Gowriluk

When the Woodlands Pioneer Museum officially opens the doors of its new replica log home on July 28, it will also be introducing something else: an accessibility plan developed by its board of directors.

"It's a whole philosophy," said museum president Lorelee Proctor. "We're proud of what we have, and it's just making us feel more prideful that we're going to be able to welcome everybody, and not feel like it's a struggle for them."

The plan came out of accessibility standards set by the provincial government to remove barriers in public spaces under the Accessibility for Manitobans Act.

While five standards have been introduced — for customer service, employment, built environment, transportation and communications and information — a deadline to comply has only been set for customer service accessibility standards.

For private, small municipalities and non-profit organizations like the Woodlands Pioneer Museum, this deadline is Nov. 1.

As a small organization, the museum was not required by the legislation to create a written accessibility plan, but its board of directors decided to use the opportunity to start developing one in February, said Proctor.

"The accessibility conversation had not really been on the table until we

did this," she said. "It's like a whole new world for us."

Museum staff started attending workshops at the provincial Disabilities Issues office and were also part of a panel discussion about developing accessibility plans.

"We took very seriously the responsibilities and the commitment," said museum board member Judy Olson. "It only made sense for us to get together a written plan so that we would have a yard stick of what our issues are, what our barriers are and where we need to go from there."

On top of making sure the museum site continues to be more accessible for people in the future, the accessibility plan has also started important conversations in the community about what better accessibility can mean, said Olson.

"The greatest thing that we've accomplished is that we have made accessibility a household word in our business," said Olson. "Now, when we are doing any planning for anything, we're thinking, 'OK, now how can we make that accessible?'"

Most of this work is done through applying for grants, said Olson. So far, the museum has received funding to put hand railings on its ramps and level the thresholds in all its buildings and is also in the process of applying for funding to create walkways between the museum's buildings.

While creating physical accessible

Woodlands Pioneer Museum president Lorelee Proctor, left, and board member Judy Olson, right, stand in front of the museum's newly recreated log home at the museum on July 13.

spaces is an important aspect of the museum's plan, they're also focused on changing attitudes around accessibility, said Olson.

"We're being proactive," she said. "When people think accessibility, they think, 'Oh my goodness, you've got a wheelchair and we can't get it in

here.' It's so much more than that."

The Woodlands Pioneer Museum replica log home grand opening event is on July 28 from 1 to 3 p.m. at 99 Railway Ave. in Woodlands.

# Town of Stonewall makes changes to recycling program

By Jennifer McFee

Stonewall council is shifting gears for its summer schedule with only one regular council meeting each month.

At this month's meeting, held on July 11, council discussed changes to the town's recycling program.

The town had an agreement with a company called Cascades, which had been charging \$45.50 per tonne for co-mingled recyclable materials. However, the company wanted to implement

an immediate increase to \$155 per tonne for the same co-mingled materials, which includes glass.

"That would be a 240 per cent increase that we had not budgeted for," said Mayor Lockie McLean by phone.

CAO Wally Melnyk researched alternate arrangements and the lowest cost he could find was through another company that would charge \$85 per tonne.

"It's still an increase over the con-

tract we had. Based on the prices, no matter what company we took, we'd be paying more than we had paid with Cascades. By going away from Cascades and going with the lowest we could find, it's going to be somewhere between \$5,000 and \$15,000 more per year that we'll have to pay," McLean said.

"But in our way of thinking, it mitigated our risk of paying a lot higher based on the spike from our supplier

Cascades. Kudos to Wally for going into high gear right away and taking care of that."

In other council news, council decided to nominate The Grande Bazaar for an Interlake tourism and community economic development award.

"They always have the antiques and collectibles out on the sidewalk and that brings a lot of people to town. It's getting a big audience of customers that come to Stonewall because it's a real unique venue for the different antique and vintage products that they sell," McLean said.

"We put their name forward to Interlake Tourism for perhaps an award to be recognized for their unique business that helps promote Stonewall."

The next Town of Stonewall regular council meeting is scheduled for Wednesday, Aug. 22.

# Class of 1978 ready for 40th reunion

By Jennifer McFee

Calling all SCI grads from the Class of 1978: You're all invited to a 40th reunion!

On Saturday, Aug. 18, Stonewall Collegiate Institute's graduating class from 1978 will gather at the South Interlake Rockwood Ag Society's Red Barn south of town.

Jim Moore, one of the organizers, said classmates will be coming from near and far for the event.

"We've contacted quite a few folks from our graduating class," he said.

"I would say about 60 to 65 per cent are still in Manitoba and the rest are scattered throughout North America. Some are coming from as far as maybe Ottawa, Edmonton and Calgary."

At the 30th reunion held in 2008, 73 people attended. Moore is hoping for similar success for this year's event.

"For our 30th, that was our first one and we haven't had one since. There were 38 actual classmates, and the other 35 were spouses and significant others," he said.

"We haven't had a reunion since. We're having this one at 40 years and hopefully another one at 50 years in another 10 years from now."

In total, 82 young men and women graduated from Stonewall Collegiate Institute in 1978. The year was

TRIBUNE PHOTO SUBMITTED

SCI grads planning a 40th reunion on Quarry Days weekend August 18.

significant, since it was also the centennial year for the Town of Stonewall.

"In 1978, it also would have been the very last year that anyone in Manitoba would have graduated who got their start in the old one-room schoolhouse," added Moore, who grew up south of town.

"They were dotted along the countryside. The last year for those would've been 1967, so anyone who

graduated in 1978 would've started Grade 1 in those small schools."

The Aug. 18 event runs from 6 p.m. to 1 a.m. Tickets cost \$40 each, which includes a dinner by Tailgators BBQ.

Anyone who would like more information or to buy a ticket can call Moore at 204-467-5637.

## > PROJECT ECHO, FROM PG. 3

TRIBUNE PHOTO BY JUSTIN LUSCHINSKI

Local leaders along with Project Echo supporters and contributors gathered to mark a fundraising milestone at the Selkirk Golf and Country Club last Monday.

including the Selkirk Legion, Ladies Auxilliary and the Army Navy and Airforce Veterans Unit who contributed \$10,765 in total. The Selkirk Regional Health Centre gift shop also raised \$25,000 towards the project. A long list of RM and town councils also

contributed more than \$50,000.

Gayle Halliwell, a Rotary Club of Selkirk member for nearly 25 years and co-chair of the Rotary Club's Project Echo, thanked everyone for their contributions.

"We've exceeded our goal by almost

\$70,000. Thank you very much for that. Thank you for contributing, thank you for all the support we've received," Halliwell said. "Our next goal is to have some discussions with (the hospital), and find out what can we buy with our contribution."

An Echocardiogram creates a specialized ultrasound of a heart. Echo-

cardiography, or "Echo" for short, provides a way to diagnose and monitor heart conditions. It uses sound waves to create a picture, which can allow doctors to see things such as viral infections and artery diseases.

Those seeking more information about Project Echo can visit [selkirkro-tary.ca](http://selkirkro-tary.ca).

**TRIBUNE PHOTO BY DEBBIE STRAUSS**

Late last Saturday afternoon a humid and unstable air mass brought thunderstorms and golf ball-sized hail and strong winds to the Narrows, where many local residents spend their weekends. Brooklynn Marginet holds some of the hail that she collected at the family cottage.

## letter to the editor

Letters to the Editor:  
[letters@stonewallteulontribune.ca](mailto:letters@stonewallteulontribune.ca)

### Drivers encouraged to slow down

For you motorists that travel on 75 N west of No. 7 highway, 70 means 70 kms for a reason and it is not the total score of your IQ!

And for you, the one in the black truck that thinks it is a drag strip

coming off of Highway No. 7 around 5 p.m. , if I catch you on camera, you will be contacted and not by me. Thanks to the municipality for doing extensive work to rebuild 75N. It is now a dream to speed on this smooth

dusty road and no police to enforce the speed limit. "Dusty" is putting it lightly as an appropriate word for it since the municipality decided not to put calcium on this very busy road used by various big vehicles, implements and new homes and berry pickers.

## Public forum explores questions around cannabis

By Caitlyn Gowriluk

Approximately 100 people attended a public forum in Winnipeg last week to hear from panellists about the some of the legal, health and business implications of the upcoming Oct. 17 legalization of recreational cannabis.

The event was an example of the kind of public discussion that will be necessary to help people make informed decisions about cannabis once it's legalized, said Marion Cooper, executive director for the Canadian Mental Health Association in Winnipeg and Manitoba.

"We need to be proactive. It's not saying 'no' to cannabis. It's saying make informed decisions and have accurate information," said Cooper. "This kind of event needs to happen weekly because people do want to have the information. We need to think of a whole range of ways to get good information, accurate information out to ensure that we are giving Canadians and Manitobans the information that they need to have conversations around the family dinner table."

Cooper said the Canadian Mental Health Association hopes to advance research about the potential impact of cannabis on mental health and how to best design proactive support and treatment services, particularly for youth and heavy users.

"We still don't know an awful lot about the long-term impact," said Cooper. "Whether that's in a workplace or in the context of schools or neighbourhoods, or communities or how things are going to be sold, we need to be thinking about how to pro-

mote and protect the health of citizens."

While recreational cannabis will soon be legal in Canada, that doesn't mean people will be allowed to drive while under the influence of the drug, said Winnipeg Police Service Const. Jason English.

"The perception seems to be that cannabis is less impairing [than alcohol]," said English. "The large message that we want to convey as the police [is] we're not judging consumption of cannabis. I'm judging your collision decision. And making the decision to drive a vehicle while you're impaired by any drug is a poor decision."

The legalization of recreational cannabis will bring with it the introduction of three new offences for driving while under the influence, including a new summary conviction offence and two new hybrid offences, said English.

While cannabis consumption doesn't affect the body in the same way as alcohol consumption, it can still impair judgment, he said.

"Social messaging and education is the most important perspective here," said English.

The event was organized by the Manitoba Schizophrenia Society and hosted by Winnipeg radio personality Ace Burpee.

Other panellists included Dr. Ginette Poulin from the Addictions Foundation of Manitoba, Dr. Daniel Sitar from the Alzheimer's Society of Manitoba, Nadine Sookermany from the Women's Health Clinic and Wendy Hofford from Wendy Hofford Leadership Training & Consulting.

TRIBUNE PHOTOS BY CAITLYN GOWRILUK

Seven panellists gathered at the Centre Culturel Franco-Manitobain in Winnipeg on July 10 to discuss the upcoming legalization of cannabis in Canada.

Winnipeg radio host Ace Burpee served as the MC for the public forum.

## New tool to help canola growers optimize combine performance and yields

Submitted by Canola Council

The Canola Council of Canada (CCC) released a new web-based application to help producers with combine adjustments during harvest, maximize yield and edge us closer to an average yield of 52 bu/ac by 2025.

The combine optimization tool was developed on behalf of the CCC by the Prairie Agricultural Machinery Institute (PAMI) and is intended to assist with the process of setting the

combine for canola harvest. The new tool can be found at [www.canolacalculator.ca](http://www.canolacalculator.ca) alongside calculators for target plant density and seeding rates.

"In combine adjustments for all crops, we are trying to balance productivity with harvest losses and grain quality but most producers know firsthand the particular challenge this can pose for canola harvest," says Angela Brackenreed, CCC agronomy specialist. "We often see an

unacceptable level of loss that is frustrating to correct."

In 2016, the CCC released a video explaining the loss measurement process and revamped the Combine Seed Loss Guide. Brackenreed says the combine optimization tool is a valuable follow-up.

"Simply suggesting that setting adjustments need to be made when there are high losses is much easier said than done, particularly with chal-

lenging harvest conditions."

The combine optimization tool takes the traditional diagnostic settings flowchart and puts it into a web-based application you can access on your phone. Growers can go through a stepwise process based on the harvesting issue they're experiencing (i.e. grain loss, grain sample quality or productivity) and review the adjust-

# getfishing

RED RIVER > CHALET BEACH > LAKE WINNIPEG

## > ARNIE WEIDL **The lakes are alive with the sounds of water**

Hello my friends.

Some of us, as time goes on, forget how alive we felt when we used to play in our creeks, rivers and lakes where we grew up. As kids splashing in the warm summer waters, we saw the beauty of waves lapping on our familiar soft, sandy shores. Now, the quickness of adult life has perhaps made us see our waters as something we boat on, scuba dive in, fish in, sun bathe or take a quick dip in. Constantly, though, I am fully brought back to the living beauty of our waters with their sometimes-grey, flat, glass-like surface or wind-driven ripples or rolling high waves in red-grey muddy river water or the deep blue or near crystal clear lakes.

Such a reminder came to me through the eyes of Marles Cyr, her husband, Francois and their young daughter Christina, who I met by the Red River near Selkirk not long ago. They are from Steinbach and love to be out with nature. They sat on folding chairs, fishing rods in hand, and watched the endless slow flowing of the Red River water glide past them.

The sun reflected off its small waves as calling seagulls dipped from the sky after minnows. The smell and rustling of river bank grasses and trees that leaned over the water was ev-

erywhere. I had broken their serenity by slowly and casually walking up to them and asking, "Well, did you catch anything?"

Marles replied with a quick ready smile, "Yes, I am the only one who did."

The family and I began trading outdoors stories that happened at different waters we had enjoyed. In time, Christina, now an attractive young lady with an engaging smile, offered a fishing experience she had years ago when the family had gone camping at Dorothy Lake in the Whiteshell. She wanted to try fishing for the first time and was given a long rod normally used by adults. Marles and Christina walked out to the end of the wooden dock and mom baited her hook and then helped by casting out for her. Marles went back to shore to join Frank while Christina sat down on the planks of the dock in the still, sunny afternoon holding her rod, occasionally toying with it in an up and down fashion.

Now, as we all know, fish like that up and down movement of a minnow, especially if you are a hungry averaged-sized jackfish. Suddenly little Christina's rod end pulled down, but since it was so long, she was able to hang onto it. She sprang to her feet crying

out, "I caught a fish! I caught a fish!" and began reeling in.

It wasn't long before the jackfish came close to the pier, swimming just below the surface where Christina could see her prize. Frank, all smiles with pride in his daughter, got up and walked quickly down the pier to help her as the hapless jack was sprung up onto the pier by the rod's flexing and Christina's excited jumping about. That day, Christina was the only one that caught a fish for supper.

I got a bit of a surprise as I drove up onto the Hnaua pier last Friday. Before me at the end of the pier were a number of bikers. Their bikes at rest, they were standing around talking amongst themselves in the windy, sunny afternoon. I walked over to them after visiting with other anglers on the pier and struck a conversation with them. It seems their group, the TNR, were on a short trip to make sure their bikes were working well in preparation of a longer fundraising benefit trip this week. Naturally, I asked if anyone had a fishing story for us, and one thin, fit, friendly chap with dark slightly greying hair came forward with a story from his youth. His name was Dennis Zaboroski from Winnipeg Beach, and when he was younger, he lived in Riverton.

**TRIBUNE PHOTO BY ARNIE WEIDL**  
Marles Cyr of Steinbach with her catch from the Red River by Selkirk.

He recalled when he was a kid how the fishing in the Icelandic River was as good as it gets. There used to be a mink ranch south of town by the river and occasionally the workers would toss the leftover mink feed into it. The minnows loved that feed; however, nature being what it is, the larger fish loved eating the minnows.

Dennis and his friends would make hooks out of safety pins, use string for a line, a willow sapling for a rod and fish off the bank by the mink ranch, catching all kinds of fish every day. Dennis loved that Icelandic River and his boyhood time with it.

See you next week. Bye now.

## > CANOLA, FROM PG. 7

ment options most likely to correct the issue.

Joel McDonald, program manager of Agricultural Development Services at PAMI's Humboldt facility, points out that the optimization tool can be used for any make or model of combine. "It could be 25 years before most combines on the Prairies have built-in sensor technology that creates self-adjusting machines. Until then, there are tens of thousands of combines that rely on the operator and this guide is a new way for PAMI and CCC to reach them with the information they need when they need it."

Brackenreed and McDonald presented on combine grain loss and the new combine optimization tool at the Agri-Trend Knowledge Tent earlier this week.

The Canola Council of Canada is a full value chain organization representing canola growers, processors, life science companies and exporters. Keep it Coming 2025 is the strategic plan to ensure the canola industry's continued growth, demand, stability and success — achieving 52 bushels per acre to meet global market demand of 26 million metric tonnes by the year 2025. Visit [canolacouncil.org](http://canolacouncil.org) to learn more.

The Canola Council of Canada released a new web-based application to help canola producers optimize combine performance and yields.

# Inwood church plans events for 100th anniversary

By Jennifer McFee

Inwood's Gethsemane Lutheran Church is preparing to mark the milestone of its 100th anniversary, and all are invited to join in the centenary celebration.

On Saturday, Aug. 11, a church service will take place at 11:30 a.m. followed by an old-fashioned picnic on church grounds.

After the light lunch, a blessing of the graves will begin at 2:30 p.m. at the Inwood cemetery. After that, Rosie's Café will cater a supper at the Inwood Memorial Hall.

Lori Mott, one of the event organizers, said the date of the event was chosen to coincide with the actual historical anniversary.

"Our records show that Aug. 11, 1918, was the first church meeting followed by a service," she said. "That's why we're having it on that actual day and not the Sunday."

The history dates back even further to 1902 when the Skogan family settled in the area that is now known as Inwood. Back then, there was

no town, school or church. Lars Skogan, minister of the Winnipeg-based Norwegian Lutheran Church, to travel by train to Teulon. Then Skogan would pick the minister up from there with his horses and wagon. The reverend would stay for about a week and host a Sunday service at Union Prairie School.

Years later, Rev. F.M. Aasheim held his first service at Union Prairie School on Aug. 11, 1918. During a meeting afterwards, the attendees decided to organize a congregation for the Gethsemane Lutheran Church. At the next meeting on Oct. 13, 1918, trustees were elected, including Lars Skogan.

In 1919, they decided to build a church, which would join the Norwegian Church of America. Sunday Schools were organized in the area, as well as a Ladies Aid, a Young People's Club and a choir. Rev. O.G. Haugen became the next minister after Rev. Aasheim.

More and more people continued to join the church. In 1923, they decided to proceed with building the church, with each member donating \$10 or five days of work.

In November 1924, women were given the right to vote in all church affairs. The Ladies Aid was working to

pay off the church mortgage in instalments.

Pastor Haugen moved to Starbuck but travelled to Inwood twice each month to hold services. Pastor L.J.R. Larsen became the next minister in Starbuck. He travelled to Inwood once per month to hold a service, which was mostly in English with main points emphasized in Norwegian.

In 1931, Pastor J.T. Borgen took over, but interest in the church seemed to be waning. The mortgage was paid off in 1934, and in the following years, the building seemed to be used more often as a community hall than as a church.

In 1940, Pastor Borgen and his wife returned to the United States, where they were originally from. A minister from Winnipeg came to Inwood once in a while since the church didn't have its own minister.

In 1941 and 1942, student pastor Arnfeld Morck came during the summers to provide services and teach the children. Over the years, more student pastors continued to serve the congregation, with part of their salary paid by the Ladies Aid. They slept on a cot in the church kitchen, which was too hot in the summers and too cold in the winters.

One of the student pastors, Arthur Dahlen, returned to Starbuck after he was ordained, and he came to Inwood every two weeks. The congrega-

tion started to grow again, and Rev. Dahlen's work was later continued by the pastors that followed him.

Gethsemane Lutheran Church  
1918 - 1993

TRIBUNE PHOTO SUBMITTED

Inwood's Gethsemane Lutheran Church will celebrate its 100th anniversary on Saturday, Aug. 11.

Eventually, the church joined with St. Peter Lutheran Church in Teulon and Peace Lutheran Church in Fraserwood to form a parish, with Arild Borch as the first minister in 1962. The following year, the church celebrated its 45th anniversary.

Today, the congregation has dwindled and only two services are held throughout the year, usually in the spring and the fall.

Efforts are ongoing to connect with as many people as possible who may have had family members that attended the church. The goal is to gather ev-

eryone together for the 100th anniversary celebration, which will feature pictures on display and souvenirs available for purchase. People are also encouraged to bring their own memorabilia.

Supper tickets cost \$20 for adults, \$10 for kids aged five to 10, and free for kids aged four and under. The cost includes the catered dinner, a light lunch and a flower to place at the gravesite.

For more information, contact Lori Mott at 204-278-3418, Joan Todd (Haycock) at 204-282-2951, Freida Jorheim at 204-278-3322, Malinda Skogan at 204-794-0566 or email gethsemanelutheranchurch100@gmail.com.

# Canada Sheep and Lamb get agricultural expansion approval

## Rockwood council news in brief

By Jennifer McFee

More than two dozen people gathered in the Rockwood council chambers on July 11 to share opinions and gather information about a proposed agricultural expansion.

A public hearing focused on two variation requests made by Canada Sheep and Lamb, which is looking to expand its sheep production operation to 8,000 lambing ewes from 2,000 replacement ewes. The proposed operation would add the 8,000 ewes as well as 100 rams and 4,558 lambs, which would be removed after 10 weeks. As a result, the animal units would change to 1,333 from 182.

The first variation request was to reduce the minimum separation distance requirement between a single residence and non-earthen manure storage facility to 792 feet from 1,132 feet.

The second variation request was to reduce the minimum separation

distance requirement between a designated residential area (the rural residential land south of Rushman Road in the RM of West St. Paul) and an animal housing facility and non-earthen manure storage to 1,935 feet from 6,037 feet.

Several attendees were in support of the proposed variations, and many others spoke against it. Community planner Jennifer Lim provided a presentation about concerns on behalf of Red River Planning District, which objects to the proposed farm site expansion and related manure field storage.

Rockwood council approved both variance requests.

In other council news:

- Charison's Turkey Hatchery requested a variation to the minimum front yard setback to 95 feet from 125 feet to accommodate a building addition to store new equipment. Council approved the request.

TRIBUNE PHOTO BY JENNIFER MCFEE

Community planner Jennifer Lim, left, provided a presentation on behalf of the Red River Planning District.

- Council passed second reading of a borrowing bylaw for the Teulon-Rockwood fire hall. The bylaw states that the RM could borrow up to \$700,000 for the project. To cover the principal and interest, funds would be raised through a special mill rate on all rateable property from 2019 to 2038.

- On behalf of Settlers, Rails and Trails, Shayne Campbell applied to the South Interlake Planning District for text amendments to the RM of Rockwood's zoning bylaw. The proposed text amendment would include "public library and cultural exhibit"

as a conditional use in an agricultural limited zone, which would allow for an agricultural museum to be built on land currently owned by New Haven Holdings Co. Ltd. This site, located between Interlake Pioneer Trail and Prime Meridian Road, is the preferred permanent location for Settlers, Rails and Trails museum. Council passed first reading.

- A public hearing by the Public Utilities Board on July 12 drew a crowd of more than 100 people to the Heritage Arts Centre to discuss water and wastewater rates in Stony Mountain.

## CIB Yard of the Week

TRIBUNE PHOTO BY JO-ANNE PROCTER

The second 2018 Yard of the Week, sponsored by Stonewall's Communities in Bloom and Home Hardware was awarded to Audrey and Al Lutomsky of 37 Elm Cres. From the curb, your eyes are drawn to the raised flowerbed filled with a mix of perennials including sedum, hydrangea, gallardia, butterfly delphinium, bergenia, moonflower and a few colourful annuals: pink petunias and silver dusty miller. The walkway to the verandah is lined with astilbe, hydrangea, potentilla and a John Davis climbing rose.

For the past six years, the Lutomskys have worked hard to keep the yard manicured, making it appealing to passersbys.

To nominate a yard you feel worthy of the honour, stop by Home Hardware in Stonewall or the Stonewall Library and cast your vote.

# Summer camp fun at New Life Church

TRIBUNE PHOTOS BY JO-ANNE PROCTER  
 It turned out to be perfect weather for outdoor games last Thursday at the week long day camp 'Shipwrecked - rescued by Jesus' hosted by New Life Church in Stonewall. Campers took part in creative games, experiments, surprising adventures, fun music and of course delicious snacks. A team of campers fished marbles out of a tub of soapy water with their feet while Pastor Hildebrand, a.k.a. Mr. Incredible, took charge of the water hose during a water fight. Braden, Ethan and Tristan refill their cups for their next attack.

## INTEGRITY AUTO

### The Mechanic's Perspective

Dave and Julie wish to most sincerely thank our incredible customers over the last fifteen years. We are thrilled to announce that Integrity Auto is currently under the new ownership of Chris and Brittany Normand. We wish them well, and are confident in their skills and abilities to carry on our legacy of providing the best auto repair service and long term value.

Chris Normand has been working with us as a technician for the last five years. Many of you have come to know him already as a friendly and skilled member of our team. It is our great pleasure to know he will continue to run the business and care for our wonderful customers as we have. His wife, Brittany, will be joining him.

What has changed for you as a customer? Nothing. Dave and Julie, Chris and Brittany will continue working together as the Integrity Auto team for the foreseeable future. Brittany will be the new face at the front counter. Other than ownership, we are carrying on business as usual.

We look forward to seeing and serving all your familiar faces and vehicles.

# Interlake production company stages Fringe show

By Jennifer McFee

Musical theatre enthusiasts won't want to miss a family-friendly Fringe show produced by a local resident.

Missed Cue Productions is presenting *Joseph and the Amazing Technicolor Dreamcoat* at the Winnipeg Fringe Festival, with shows slated from July 19 to July 29.

Warren resident Bryan Myskiw, producer of Missed Cue Productions, is looking forward to the experience of staging the Biblical tale.

"It's the full show but we're cutting out the intermission so it's 90 minutes in length," he said.

"Normally the casts are huge sizes of 40 or 50 people, but we actually have 11 actors and three musicians. So we're hoping to bring this massive show into an intimate setting and immerse audiences into the story of Joseph and his coat."

The family-friendly show is ideal for audience members of all ages.

"One of the great things is that it's a multi-generational show. It's celebrating 50 years this year, so that's why we decided to do it — in celebration of its 50th anniversary," Myskiw said.

"Back in the '60s, grandparents saw it for the first time and they then brought their kids. Now those kids are grown up with kids of their own, and this is a chance to share together this wonderful story, this great Broad-

way show."

Tickets cost \$12 each, and Myskiw encourages everyone to buy them in advance at [www.winnipegfringe.com](http://www.winnipegfringe.com) or through the show link at [www.bryanmyskiw.com](http://www.bryanmyskiw.com).

"It's great that we are able to present a family show a Fringe setting, which means extremely affordable tickets. You can bring a family of four for the cost of what it would cost to see one professional show in any other theatre," he said.

"So it really is a great way to introduce kids to musical theatre, and this is one of those Fringe options that you can feel comfortable bringing your kids to."

Adding to the excitement, the Fringe performance of *Joseph and the Amazing Technicolor Dreamcoat* marks the debut production for Missed Cue, which is the only Interlake-based production group featured at the Winnipeg Fringe Festival this year.

The production will take the stage at the University of Winnipeg's Asper Centre for Theatre and Film at 400 Colony St., with the entrance on Balmoral Street.

Performances will take place on July 19 at 3:45 p.m., July 20 at 12 p.m., July 21 at 11:15 p.m., July 23 at 7:15 p.m., July 24 at 1:45 p.m., July 26 at 3:45 p.m., July 28 at 7:45 p.m. and July 29 at 3:45 p.m.

# Rosser council releases 2017 financial statements

By Jennifer McFee

The 2017 financial statement is now available for inspection by any member of the public at the RM of Rosser municipal office during regular business hours.

A public hearing was held on July 10 regarding a conditional use application from Jim and Arla Beachell, who would like to build a single-family home on a property on Road 70N in the agricultural zone. Council

approved the request subject to conditions.

On behalf of the Rosser Fire Department, the RM of Rosser is entering into an agreement with Emergency Services Marketing Corp. for a one-year term.

Rates and fees have been sets for the 2018 general election as follows: voting official, \$240 per day; assistant voting official, \$200 per day; training, \$45 flat rate plus mileage at

\$0.485 per kilometre; hall donation (if hall is provided for free), \$150.

The RM of Rosser approved a \$1,500 recreational and cultural grant for the Grosse Isle Community Centre. The community centre had requested a \$5,000 grant for grass maintenance from the RM of Rockwood, which asked the RM of Rosser to contribute towards the grant request.

Council approved the installation of signage in appropriate places to route incoming and outgoing traffic to use Wheatfield Road and Farmers Road to travel to Little Mountain Sports Complex for the World Flying Disc Federation 2018 World Masters Ultimate Club Championships. The sporting event will run from July 29 to Aug. 4 at Little Mountain Sports Complex, which has offered to pay for the signage in anticipation of increased traffic.

Council approved a subdivision proposed by Douglas and Mar-

garet Latta subject to conditions.

Council approved a subdivision proposal from Georgison Farms Ltd. subject to conditions.

Council approved a variance request, subject to conditions, that will allow Powertec Solar to install a 122-foot long by 13.2-foot wide by 12-foot tall ground-mounted solar array on a property on Road 4E. The request is to allow a minimum side yard setback of three feet.

The City of Winnipeg's water and wastewater department plans to operate a bio-solids field storage and land application program in the RM of Rosser. Council authorized the city to proceed with the 2018 summer/fall program. The city will be responsible for all costs related to road, ditch and drainage upgrades, as well as maintenance, dust control and property restoration. The city must use the haul route of Highway 6 to Road 72N.

# Stonewall veterinary clinic under new ownership

By Caitlyn Gowriluk

As of July 1, Dr. Amanda Brown of the Stonewall Veterinary Clinic has become the sole owner of the practice.

Since beginning her career at the clinic in Stonewall after graduating from the Saskatchewan Western College of Veterinary Medicine in 2007, Brown said she has continued to take pride in serving her community.

"This is the town where I live," said Brown. "I like being able to be a part of the health and well-being of the pets in the south Interlake [area]."

Brown said she also hopes to continue providing a welcoming, fear-free environment for pets and their families.

"As you can imagine, a lot of pets, when they come to the vet clinic, are a little bit nervous," said Brown. "It's kind of like us going to our own doctors. They're

out of their own territory. There are smells of things that they don't necessarily recognize. Sometimes, they are away from their owner for a period of time, so they're not with their pack. And so we take efforts to ensure that their experience while they're with us in this vet hospital is as stress-free as possible."

The clinic takes a wide variety of approaches to ensure a fear-free environment for pets in its care, including using cat and dog pheromones or

food to make them more comfortable, said Brown.

"There's different things that we use, depending on the pet," said Brown. "But oftentimes, just a high-reward dehydrated liver treat is all they need."

If a pet is especially nervous, Brown said the staff will take extra measures to calm them down.

"If a pet won't come in the building because they're too nervous, we'll do an exam outside in the parking lot. If they need to sit on their owner's lap while they are in the clinic because they don't want to go on the exam table or on the floor, that's fine," said Brown. "We can do the exam there."

Brown also said she has already started setting high expectations for the future of the clinic.

"I'd love to see every pet live to the age of 20," said Brown. "I think that would be the most amazing goal. Realistically, most pets won't live that long — ei-

ther for genetic reasons because dogs tend to have a shorter lifespan than that or other reasons, accidents and emergencies and that kind of thing — but when you have a lofty goal, it means there's something to look forward to, to practise, to get to your goal."

Brown said she hopes to eventually introduce more services at the clinic, like more extensive rehabilitation, palliative care and ultrasound services.

"I'D LOVE TO SEE EVERY PET LIVE TO THE AGE OF 20. I THINK THAT WOULD BE THE MOST AMAZING GOAL."

Dr. Amanda Brown and her sons, Corran, left, and Leven commemorated her taking on full ownership of the Stonewall Veterinary at a ribbon-cutting ceremony on July 3.

## Levy appointed regional member for Manitoba/Saskatchewan of the CRTC

Submitted

Joanne T. Levy has been appointed to the position of regional member for Manitoba/Saskatchewan of the Canadian Radio-television and Telecommunications Commission (CRTC) for a term of five years effective July 3.

Ms. Levy has 40 years of experience in Canadian communications, film and television production, and strategy. She has owned the independent production company Scorpio Productions since 1989. Her past experience includes the positions of senior manager, producer and head of convergent content at Buffalo Gal Pictures, as well as director of programming for the Aboriginal Peoples Television

Network. She has served as chair of the board of directors of On Screen Manitoba, was a former member of the production committee for the Canadian Association of Broadcasters, and served four years on the national board of directors of Women in Communications and Technology.

"Joanne Levy has led a diverse career as a journalist, as director of programming at APTN, as a producer of television, documentary and feature films that provides an excellent preparation for her role at the CRTC. On Screen Manitoba congratulates Joanne Levy, a past chair of our board of directors and recognize her knowledge and understanding of the challenges faced

by regionally based creators and producers across Canada," said Nicole Matiation, On Screen Manitoba executive director.

"I was so pleased to hear of Joanne's appointment, said Carole Vivier, Manitoba Film & Music chief executive officer and film commissioner.

"I have worked alongside her in the production sector for over a decade and believe her rich experience and varied skill set give her invaluable insight on this industry and the challenges we face today. I look forward to working with her in this new role as we strive to enhance the sector."

Joanne T. Levy

# Naturally formed channel connects Red River with Lake Winnipeg

Yacht club hopes to welcome more boaters thanks to safe access route

By Lindsey Enns

Boaters can now safely travel between the Red River and Lake Winnipeg thanks to a naturally formed channel to the east.

Guy Beriault, the commodore of the Royal Manitoba Yacht Club located in West St. Paul, says the natural channel was identified and then later marked by the Canadian Coast Guard last fall. He said the coast guard came across it while doing some surveying in the area.

"They've put in a whole new marker system, marker buoys current to the new regulations they have," Beriault said while sitting inside the yacht club last Thursday. "It's just great that we have this now."

He added the channel is currently around six feet deep, which can accommodate most boats. The previous channel, which is near the new channel, was only around two to three feet

TRIBUNE PHOTO BY LINDSEY ENNS

Club member boats are docked outside the Royal Manitoba Yacht Club along the Red River located in West St. Paul. A picture of a detailed map available at the Royal Manitoba Yacht Club shows the old channel connecting the Red River with Lake Winnipeg on the left and on the right the new naturally formed channel that was recently marked by the Canadian Coast Guard.

deep and it was just a matter of years before it would be impassable.

"Now with this channel being that deep, it's not going to drop ... it will always be accessible," he said. "We always thought it was all rocks along

this side. We never would have taken a chance to go through there. Now that it's marked and everything else, it's perfect."

The new channel is also welcome news to the growing local yacht club.

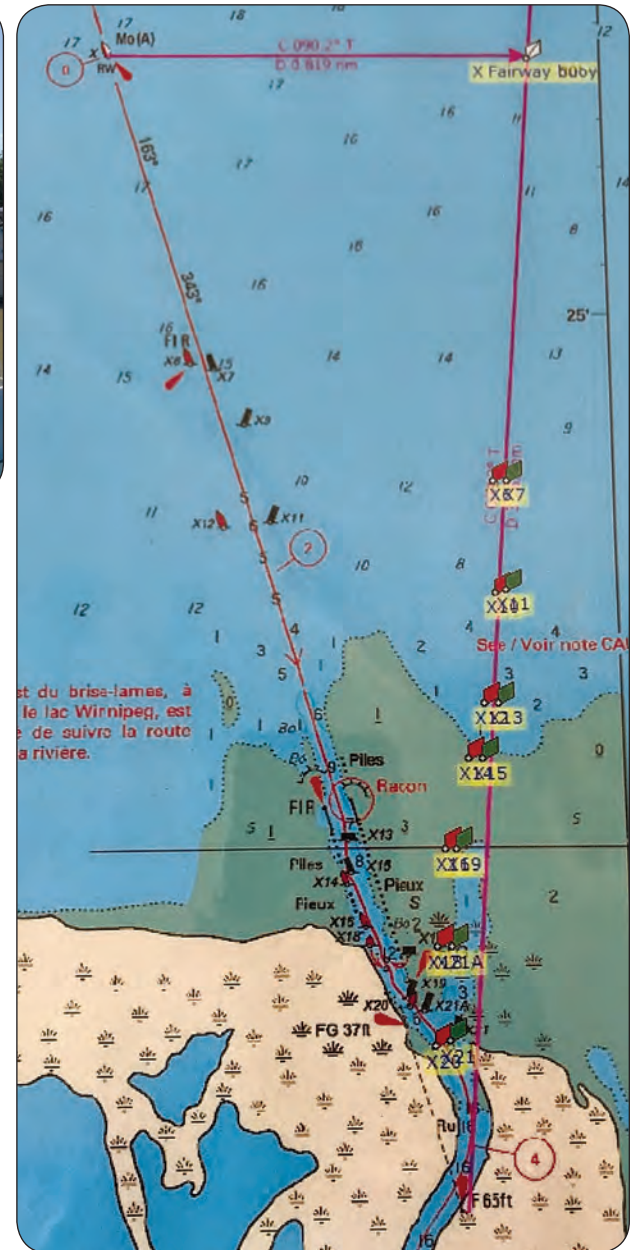

"We get quite a bit of traffic down from Gimli and Winnipeg Beach, we get boaters that come and spend some time with us and we travel up onto the lakes as much as we can," he said. "Before a lot of people wouldn't do it because it was too risky. But now with this open, it opens up for pretty well anybody to navigate the waters and get up there."

Beriault said they've heard from a couple of boaters who have used the channel and, so far, the feedback has been positive.

"They say it's well marked and it's accessible and the risk is gone," he said, adding they are working on getting the word out that this channel exists. "We've let everybody know here that this is accessible."

Beriault said they hope this channel will allow more visitors to stop at the yacht club as well as continue to help grow their business.

The Royal Manitoba Yacht Club, located at 90 Kenabeek St. in West St. Paul, was established in 1955 by Mr. Gilbert Eaton and a circle of inspired boaters. In 1981, Queen Elizabeth designated the Club "Royal." Such designations are permitted to only one club per town, city, or province, according to the club's website.

Beriault, who has been with the club for 10 years, says it has gone through many changes and upgrades throughout the years. The once-private members club has been open to the public for around seven years.

The club currently has 45 members who dock their boats on the river, a number of others who store their boats on the property, as well as club-house members.

"We're striving to let the public know that we're here. It's sort of a hidden gem," Beriault said. "Our clientele is growing because people are becoming more aware."

He added they also have a restaurant, bar and patio as well as a banquet facility that holds up to 70 people for special events and meetings at their park-like setting.

Those interested in more information about the yacht club can visit [royalmanitobayachtclub.com/home.html](http://royalmanitobayachtclub.com/home.html) or call 204-334-0530.

Attempts to contact the Canadian Coast Guard for comment regarding the channel were not returned by press deadline Monday.

## Grosse Isle off to 18U baseball provincials

By Brian Bowman

The Grosse Isle Jays have earned a trip to the 18U AA baseball provincials.

Grosse Isle is off to the provincials after sweeping the Stonewall Blue Jays 2-0 in the best-of-three Mervin Farmer Memorial Regional Championship series last weekend.

Grosse Isle won games by scores of 9-4 and 8-6. Game 1 saw Grosse Isle break open the game with four runs in the final inning.

In Game 2, the turning point was in the sixth inning when Stonewall had runners on second and third with no outs but failed to score a run.

With the series sweep, Grosse Isle is peaking at just the right time.

"We started the season playing a lot of the top teams in the league, so our record didn't kind of indicate the quality of team that we had," said Grosse Isle coach Trevor Procter. "We lost a lot of close games against the top teams."

"A lot of these kids didn't know each other when the season started but they developed quite a good chemistry over the course of the year."

"That probably had a lot to do with these kids playing a lot better now. They're a fun group to be around and they all get along."

"I think the chemistry on the team has contributed to the success we've had lately," he added.

Grosse Isle won four out of its last six league games before the sweep over Stonewall.

Stonewall finished its regular season with a 8-7 record while Grosse Isle was 5-11.

"We were going into that series on a little bit of a high," Procter noted. "Our record definitely didn't indicate the calibre of team that we had."

Grosse Isle's achilles heel all season, said Procter, has been their team defence.

"We've had great pitching all year and, our offence, seemed like we scored just enough runs to win, but our defence let us down quite a bit," he said.

"That's something we really had to work on towards the last part of the season and they played a lot better defensively in that series against Stonewall."

Grosse Isle hopes to continue their success this weekend in Altona. They didn't have much time to celebrate their regional sweep over Stonewall.

"We won't have much time to prepare," Procter admitted. "But it's actually good like this because everyone is on a high going into it and it's not like

TRIBUNE PHOTO BY SHAWNA ADAIR

Grosse Isle won the 18U "AA" Mervin Farmer Memorial Regional Championship banner last Saturday. Back row, left to right, Trevor Procter (coach), Mike Tataryn, Lucas Procter, Brett Tataryn, Noah Johnson, Hunter Sholdice, Corey Procter, Connor Bindle, Brent Sholdice (coach); front row, Owen Tataryn, Jamie Johnson, Troy Godfrey, Riley Wirgau and Austin Adair. Missing from the photo Laura Kilbrei, Jayson Christensen, Trey King and manager Joanne Johnson.

we have a big layoff.

"We're ready to go." If this Grosse Isle team plays good defence at the provincials, they have a good chance to surprise a lot of people and be very competitive.

"We've held our own with the top teams in the league," he said. "If these

guys play up to their potential, we're definitely going to go there and be very competitive.

"If we play well enough, then we can hope to get to Sunday and the playoffs and then we'll take it from there and we'll see what it happens."

## Warren very impressive at 15U AA baseball provincials

By Brian Bowman

Souris may have won the 15U AA baseball provincials, but the Warren Wildcats made sure everyone noticed their talent level.

Warren was very, very good at the provincials in East St. Paul last weekend, reaching the semifinals where they lost 11-5 to Portage.

The game was close until the fifth inning when a good Portage team took over.

Portage was then defeated 13-3 by Souris in the championship game.

"We had a good weekend," said Wildcats' head coach Joe Zacharias. "We're real impressed with ourselves and with our kids. They put up a heck of four games in our division to be first after the round robin, which saved us a game."

Warren finished pool play with a

stellar 4-0 record. They started play Friday with wins over Charleswood (12-7) and Brandon (15-0).

Warren then blasted Chalmers 20-4 before edging Ste. Rose 9-8.

"We were able to get up early on a couple of teams and then kind of shut them down," Zacharias said. "They were all very good teams, but we had a few good bats and shut them down. We were in control of the game after that."

The Wildcats' bats were very good throughout the lineup from one through nine. Warren's pitching was also solid for most of the weekend.

"We had guys contribute all of the way through and it helped us become a team," Zacharias said. "The kids all put in everything they could all weekend."

Zacharias said this Warren team was

a great one to coach. He added Scott Fisher did an excellent job coaching alongside him this past season.

"We barely had enough kids to start with and we really came out to be a contending team at the AA level,"

Zacharias said proudly. "That's a huge improvement from what we expected at the beginning of the season."

"We had really good parents and kids."

### Midget Pirates begin playoffs this week

Staff

It's playoff time for the North Winnipeg Pirates Midget "AAA" baseball team.

North Winnipeg will play four games, beginning with St. James on Wednesday at 7 p.m..

The Pirates will then battle the Elmwood Giants on Thursday (7 p.m.),

the Winnipeg South Chiefs Saturday (1 p.m.) and then the Bonivital Black Sox later that evening at 7 p.m.

All North Winnipeg games will be played at Koskie Field.

The Pirates finished the regular season in first place with a 16-8. That was one game ahead of Bonivital (15-9).

# Interlake ends regular season with trio of wins

By Brian Bowman

The Interlake Blue Jays are heading into the Manitoba Junior Baseball League playoffs on an impressive three-game winning streak.

Interlake wrapped up regular-season play Monday with a double-header sweep over the Pembina Valley Orioles in Stonewall. The Blue Jays defeated the Orioles 6-1 and 4-2.

Last Friday, Interlake beat St. James 10-5.

"It was very nice," said Blue Jays' coach Adam Kirk of the winning weekend. "St. James had some guys missing last Friday and they pitched some guys that they normally wouldn't pitch but we still came in and played a good, solid game and got the win, which helped us secure third place."

In the sweep over the Orioles, Blue Jays' pitchers did a great job throwing strikes and the defence played well.

Interlake hit the ball pretty well, too, especially against a good Pembina

Valley pitcher in Game 1.

"The boys are confident at the plate right now," Kirk noted. "Things are rolling."

Brandon finished in third place during the regular season, 1.5 games ahead of Interlake. But the Marlins will not be participating in this year's playoffs.

Interlake (13-11) will now face the St. Boniface Legionnaires (6-17) in a best-of-three first-round series.

Game 1 of the series will be played Thursday at 7:30 p.m. at Fines Field. Games 2 and 3, however, had not been finalized at press time.

Interlake has a good shot at advancing to the second round of the playoffs.

"That's the idea of working as hard as we did to get here," Kirk said. "We've had good games against them and we really haven't shown them too much of our good pitching, so hopefully we can just go and play some good ball."

TRIBUNE PHOTO BYLANA MEIER

The Blue Jays' Emerson Klimpke pitched the last four innings against St. James last Friday.

## Blue Jays to host Senior AA All Star Baseball Provincials

Staff

Quarry Park will be a very busy place this weekend.

The Stonewall Blue Jays will be hosting the 2018 Senior AA All Star Provincials this Friday through Sunday.

The six-team, double-elimination tournament will feature Stonewall, SWBL, Santa Clara, Elmwood, Brandon and Border.

Action will begin Friday at 4 p.m. with SWBL playing Santa Clara (Field 1) and Elmwood taking on Brandon

(Field 2).

Stonewall will play the winner of the SWBL/Santa Clara game Friday at 7 p.m. on Field 1.

Border will battle the winner of Elmwood/Brandon on Friday at 7 p.m. on Field 2.

Games will continue Saturday at 10 a.m., 1 p.m., 4 p.m. and 7 p.m. On Sunday, games are slated for 10 a.m., 1 p.m. and 4 p.m.

The winner of the provincials will represent Manitoba at the Western

Canada Tournament.

Meanwhile, in Winnipeg Senior Baseball League play, the Blue Jays soundly defeated the Boni-Vital Brewers 8-1 last Thursday in Winnipeg.

Stonewall hosted the North Winnipeg Pirates this past Tuesday but no score was available at press time.

The Blue Jays will then play the St. Boniface Legionnaires this Monday (7 p.m.) at Whittier Park.

## Jets make changes to hockey operations staff

By Brian Bowman

Junior hockey teams go through changes on a yearly basis.

But the Stonewall Jets have gone through several changes this off-season as they prepare for the 2018-19 campaign.

Brock Couch will take over as the team's head coach while Matt Figur will slide into the general manager position along with Dale McClintock.

Couch and Figur were previously co-coaches on the Jets' bench.

"Brock played for the organization for four seasons and wore the 'C' for three seasons," said Figur Tuesday morning. "He was awarded the Kip Kelly Award for the hardest-working player in the league twice.

"Brock's now at an age where he gains respect from the players."

Those moves mean there is an opening, or possibly two, behind the Jets' bench this season.

"Right now, we're trying to locate a couple of assistant (coaches) for Brock," said Figur, noting the club will also have new jerseys this season. "Brock's in meetings with us for the selection process."

The Jets lost quite a few talented players due to graduation from last year's team but Figur said they are currently trying to recruit "higher-calibre" junior hockey players that are from the area.

"We're also going to have some guys coming out the (Midget) 'AAA'

program and one or two out of high school," Figur said.

Stonewall's training camp will begin Sept. 4.

The Jets are looking forward to battling in the always-competitive Manitoba Major Junior Hockey League.

"It's going to be a tough season," Figur admitted. "The Raiders are going to be strong. Transcona is going to be strong as well as the Hawks. We're looking to continue our winning ways in Stonewall and keep our organization to where kids keep on wanting to play for us."

The Manitoba Junior Hockey League, meanwhile, announced earlier this summer that they will limit the number of 20 year olds a team can

register to eight players, effective this upcoming season.

Moving forward, teams will be limited to seven and six 20 year olds for 2019-20 and 2020-21, respectively.

That decision by the MJHL will help MMJHL teams, which allows 21 year olds, to better recruit local players during their junior years.

"I think it's going to help our league as a whole," Figur predicted. "It's also going to help us, too. One of the factors when we talk to the young guys is that we say 'When you come play for us, you get an extra year of eligibility playing' and in your hometown. "It's going to help us huge."

## Blue Jays chirp loudly at 13U AA baseball provincials

By Brian Bowman

The Stonewall Blue Jays reached the semifinals of the 13U AA baseball provincials at St. James Optimist Park in Winnipeg on Sunday.

Stonewall's great run was ruined with a tough 9-6 loss to Brandon. The Blue Jays surrendered five runs in the first inning and then had to battle back the rest of the game.

Brandon then lost 21-11 to Portage in the championship game.

"Our boys did a real great job, except for a few miscues, we could have been in the final," said Stonewall head coach Gord Leduchowski. "But that's the way it goes."

Leduchowski was very proud with how far Stonewall advanced at provincials.

"With the pitch count, you kind of have to manage yourself and play a strategy session," he explained.

Stonewall started its playoffs with an exciting 12-10 victory over Elkhorn.

"It was going back and forth throughout most of the game and we had a good start from Hayden Faragher," Leduchowski said. "After he used his pitch count up we then got relief from Evan Grandmont and Brody Kopynski finished off the game."

In pool play, the Blue Jays posted a solid 3-1 record.

Stonewall opened action with a convincing 11-1 win over Glenboro and then beat the Bonivital Red Sox 12-3 to finish Friday with a 2-0 record.

"(The start) was very good and the boys were playing well," Leduchowski recalled. "We had some real clutch hitting from some of the players."

On Saturday, the Blue Jays lost 9-7 to Brandon before knocking off North Winnipeg 16-4.

Leduchowski wanted to mention some of the Stonewall players that hit well throughout the provincials.

Kopynski led the Blue Jays with a home run, two triples and two doubles, he said, while Grandmont added three triples.

Tyler Persoage (one triple), Hayden Faragher (two doubles and a "few singles", according to Leduchowski), Spencer Schaeffer (double and "number of singles"), and Rylan Slatcher (double and "about three singles").

### 11U AA provincials

In 11U AA provincial play in Morden, meanwhile, Stonewall finished with an 0-4 record, losing to Holland (3-2), Macdonald (7-3), Morden (10-0) and Brandon (16-4).

TRIBUNE PHOTO BY LANA MEIER  
Stonewall's Brody Kopynski led the Blue Jays with a home run, two triples and two doubles at the 13U AA baseball provincials this past weekend.

## Stonewall United plays to a 2-2 draw

Staff

The Stonewall United had not played a league game for a couple of weeks.

But they showed little rust in playing to a 2-2 draw against first-place Jedinstvo FC in a Manitoba Major Soccer League Division 5 game last Friday evening in Winnipeg.

Braeden Kaminsky and Freddy Attiglah scored for Stonewall. Zlat-

ko Omerzo and Haris Saran replied for Jedinstvo.

Stonewall will have another tough test Thursday when they host the second-place Interlake Impact. Game time is 7:30 p.m.

Stonewall will close out play this month with a game against North Winnipeg United on July 28 (noon) at Buhler Recreation Park.

TRIBUNE PHOTO BY ASHLEIGH VIVEIROS

## True Power

According to Wikipedia, the term gospel is the Old English translation of the Greek term evangelion, meaning "good news". In the New Testament the four gospels are Matthew, Mark, Luke and John which set out the Christian message.

If you have a read through these four gospels there no doubt will be stories that leave you wondering whether the news is "good". Consider the stories concerning Herod, massacring infants in Egypt in an attempt to kill the child who would be born a king, or beheading John the Baptist after throwing him in jail for daring to tell him that it was unlawful for him to marry Heriodias, his brothers' wife. Consider the story of Jesus, being crucified on a cross on trumped up charges by those in fear of losing their religious power over the people. Where is the good news in stories such as these found in the gospels?

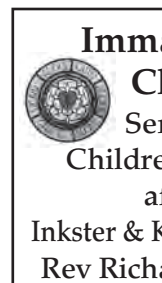

Where is the good news for us today who see the more powerful, whether individuals, groups, or nations, exhibit bullying and predatory behaviour against others who appear in a weaker position? We see time and again in the news, whether in paper or the electronic media, where such actions occur. So this is news, but is it "good news"?

The good news presented in the bible and through history is that real power is not help by those who abuse others, but by God. Those that appear to lose temporarily in history are often those who are remembered by history. What happens to the people and nations that abuse power, the Herods and the Romes? Unless you are a first century historian or reading through the gospels, you are unlikely to hear much about Herod. He has disappeared into the distant shadow of history. Herod is not one of the most influential people remembered by history or worshipped by over two million people today, schools nor hospitals nor our children are named after him.

God's power continues to be drawn on by those who follow Jesus the Christ and continue to relay in word and action the message of God's love, grace and mercy.

Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

#### Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

## ANNOUNCEMENT

### CARDS OF THANKS

#### GRANDMONT, Ryan

Our hearts are full of gratitude when we say many thanks to family, friends, neighbours, and staff at Leo's Sales & Service for the acts of kindness and sympathy, food, flowers, donations, cards, visits and kind words during this difficult time, following the recent passing of our dear son, brother, and uncle Ryan Grandmont. Thank you to all who attended the memorial to show support. We want to express special appreciation to Pastor Rusty Hildebrand for his many words of comfort, to Jena for her assistance and hard work, and to all who spoke at the service, Philip, Orest, Chris, Ryan, Nathan, and Gerald. Our gratitude is extended to Mackenzie Funeral Home for an amazing job.

-Sincerely,  
George, Gayle, Patrick, Angela and family

## ANNOUNCEMENT

### CARDS OF THANKS

Getting sick is expensive and hard work. Ryan and I found the strength to endure this past year because of the enormous support we received from family, Ryan's customers, neighbours, and so many friends. Special thanks to my family, the Grandmonts, the Nordiques, Scott and Michelle Meyers, Stephan Pfunt, Kristofor Holmstrom, Ryan Mclvor, Lynn Thompson, Newhaven, Rocklake and Greenwald Colonies, the Lioness Club, the Anglican Church, the New Life Church, Dr. Dave Kinsley and staff, and Tara, Kim, and Diana our fabulous Homecare nurses who went above and beyond.

Thank you to Mackenzie Funeral Home, Jena Grandmont, Brett Chatfield and the Town of Stonewall for a beautiful memorial. I was overwhelmed with the turnout but was not surprised. Ryan touched so many lives from Stonewall to Beausejour. Orest Kaminski, thank you for showing the kind of relationship Ryan shared with his customers. Philip, Gerald, Nathan, Ryan, and Chris, thank you for sharing your fondest memories. Thank you Pastor Rusty Hildebrand for a memorable service and for your additional support over the past 10 months.

Since Ryan's passing I have seen so many acts of kindness. I would like to express my deep gratitude to the many people who sent food, flowers, cards, letters, donations, shared stories, and so many hugs. Ryan will be missed forever, but I am comforted knowing that Ryan will live in the hearts of all who stood when Pastor Rusty said... "If you considered Ryan one of your good friends, please stand up." Thank you.

Bonsai Danielson! We will miss you to the Heavens and back.

-Love,  
Christine Mclvor and Trigger

**OBITUARY**

**Benjamin Thomas Sveinson (Sven)**

It is with heart-filled sadness that we announce the passing of Benjamin Thomas Sveinson on Thursday, July 5, 2018 at the age of 25 years.

Ben will be forever remembered as a kind, tender-hearted guy with a witty sense of humour, always able to make those around him smile. Ben was a graduate of Miles Mac Collegiate and a member of the high school hockey team. He later went on to play with the Winnipeg Blues Hockey Club and assisted his team in winning the Manitoba Junior Hockey Championship in 2014. From here Ben would go on to continue his love for hockey by playing for Lindenwoods University in Illinois and for Portage College in Lac La Biche, Alberta. Ben loved fishing and spent weekends out in the Whiteshell with his bestfriend Kam Nault and the Nault family. He was always in search of that one "big jack"! Ben also loved a good funny movie, music and was learning how to play guitar. At the time of his passing Ben was a student at Red River College and was working for Mountain Construction Inc.

Left to cherish his memory are his father Jeff Sveinson (Kathy Grenkow); mother Melanie Caldwell (Kevin Neubauer); grandparents Ben and Millie Sveinson, Robert and Donna Fabbri, Ralph and Dorothy Caldwell. His siblings Steffan, Bret, Vincent, Taylor and Chloe along with step-sisters Sarah, Jessica and Katelyn. His cousin Austin Sveinson who was more like a brother, his best friend Kam Nault and all of the Nault family. His Aunt Bonnie Ambrose, Uncle Wayne Sveinson and numerous aunts, uncles and cousins as well as all of his friends near and far.

A memorial is being held on Thursday, July 19, 2018 at 2:00 p.m. at Bronx Park Community Centre located at 720 Henderson Hwy in Winnipeg.

In lieu of flowers, the family asks that memorial donations be made to the Sports Concussion Research Fund in his honour. [www.tgwhf.ca/](http://www.tgwhf.ca/) tribute or telephone (416) 603-5300.

Skate on "Sven", you touched everyone who knew you, you are forever loved. Rest in Peace.

**OBITUARY**

**John Alfred Peltier**  
August 4, 1928 – July 14, 2018

It is with heavy hearts we announce the sudden passing of our father, grandfather and great-grandfather, John Alfred Peltier, 89 at his home on July 14, 2018.

John was predeceased by his wife Elsie; his first wife Lois; parents Lily and Fred; brothers Eugene, Joseph, Arnold, Raymond, Basil and sister Leona Dowling.

He leaves to mourn his passing, son Gary (Silver) grandchildren Dustin (Rachel), Melissa (Erik), Brianna (Frank), daughter Benita Stafford-Smith, grandson Joey, daughter Wendy Jackson (Larry), granddaughters Toby (Jeff), Sherri (Jeff), Nita and Robin (Arlen), his sister Audrey Foster, Ruby Dauphinais, Gertrude Barron (Leo), and numerous great-grandchildren, nieces and nephews.

John was born and raised in St. Charles where he settled with his first wife Lois. After her untimely death he moved in with his sister Ruby and her family until he built a house on St. Charles Street where he lived until he married Elsie in 1970. They lived there for nine years before settling in Grosse Isle, where he lived until his passing.

He worked as a district Manager at the Winnipeg Free Press, retiring after 30 years of dedicated service.

Dad was an avid hunter, never missing a season, right up to his passing. His passion for hunting took him to many places which lead to many stories and always over a drink.

After settling in Grosse Isle, John along with his wife Elsie, joined the South Interlake Garden Club and together they created many vegetable and flower gardens, earning them numerous honours and awards.

His door was always open and there's nothing he enjoyed more than the company of family and friends and a home cooked meal.

A celebration of his life will take place at MacKenzie Funeral Chapel, Stonewall, on Monday, August 6, 2018 at 1:00 p.m.

In lieu of flowers, donations can be made to Ride For A Child's Wish (Children's Wish Foundation) Box 139, Woodlands, MB, R0C 3H0.

**OBITUARY**

**Ronald Wayne Kostiuk**

Ronald Wayne Kostiuk passed away at his residence on July 3, 2018 in the Rural Municipality of St. Andrews, Manitoba at the age of 68.

Ronald is survived by his two children, Natalie (Robban) Karlsson of Broby, Sweden and Ron (Tatum) Taylor of Calgary, Alberta and his beloved dog Jojo. He is preceded in death by his parents Walter and Jean Kostiuk and his brother Dennis.

Ronald was born on April 10, 1950 in St. Boniface, Manitoba. He worked for Extra Foods from 1975 until his retirement in 2010.

In accordance with the family's wishes, cremation has taken place and no service will be held.

Ronald had an affinity for taking care of animals and had many beloved pets over the years. If desired, donations in Ron's memory may be made to the Winnipeg Humane Society, 45 Hurst Way, Winnipeg, MB. R3T 0R3

**OBITUARY**

**Catharina dePutter**

July 8, 1926 – July 14, 2018

It is with deep sadness the family announces the passing of Catharina at Stonewall Hospital. She was predeceased by her husband Arie dePutter (1999). Catharina is survived by her children Harry (Sue) dePutter, Betsy (Gerry) Ramsden, Connie (late Greg) Ewing, Susan (Ken) Park, Cathy (Cal) Penner; 14 grandchildren and numerous great-grandchildren.

As per her request a private service will be held.

Our gratitude to Dr. K. Graham for his care. The family would also like to extend their gratitude to the nurses and health care aides for the care, kindness and compassion mom received. A special thank you to Michelle Loehmer and the home care staff at Lions Manor.
