Petition circulates to stop quarry to be built in the RM of Rosser

By Sydney Lockhart

The Lilyfield Quarry Inc. hearing with the Provincial Municipal Board is scheduled to take place on July 27 and 28 despite a petition circulating in the RM of Rosser attempting to stop large operation rock quarries from being able to run off of the property on municipal Road 68 N.

Owner of Six Pines Farm Judy Thevenot says she is concerned for her family's future should the quarry get passed on the land they live half a mile away from.

"This is my livelihood. I can't pick up my petting farm and move it somewhere else. We've been doing the educational petting zoo for 33 years," said Thevenot. "Our son wants to take over our property one day."

The property on which the quarry is being proposed has had multiple quarry companies apply to operate there for about 11 years, each application being voted down by the RM of Rosser's council, which is comprised of elected officials.

After applying and being denied, Lilyfield Quarry Inc. reapplied in November 2019 and were once again voted against 3-1 by the RM of Rosser council.

RM of Rosser Reeve Frances Smee had to recuse herself from that vote

due to a conflict of interest.

"The engagement of the community is a good thing in any issue. We have informed and passionate members of the community who want to be heard," said Smee. "We do have a council in Rosser that takes all of these things very seriously and realizing that we have a responsibility to all of our community members no matter what side they land on this decision."

Lilyfield Quarry Inc. has now brought their proposal to the Provincial Municipal Board, whose members are appointed and have no affiliation with the individual communities in which changes would be implemented.

The provincial board has the power to override all elected rural municipality council decisions in aggregate and intensive livestock operations appeals and hearings.

If they vote to allow the quarry to proceed the RM of Rosser cannot appeal the decision.

Thevenot says years ago when Lilyfield Quarry Inc./Hugh Munroe Construction was purchasing the land, owner Colleen Munroe went around to the surrounding properties to introduce herself to them.

"She approached us to tell us how many jobs she was going to create. I told her 'You can buy my business out and then we can talk because

TRIBUNE PHOTO SUBMITTED

Owner of Six Pines Farm Judy Thevenot feeds her petting zoo animals less than half a mile away from the proposed quarry wearing her Stop the Quarry shirt to advocate for her petition.

we don't want you here. You'll ruin my life," she said.

During the last RM hearing alone, Stop the Quarry, a group of community members, fundraised and spent over \$14,000 on legal fees trying to stop Lilyfield Quarry Inc.'s plans from being passed.

Thevenot says she is against the quarry because it will ruin the property values in the area, the drinking water quality, the air quality and will increase noise pollution, effectively putting her out of business.

"It will be like a bad cancer. It will

decimate the area," said Thevenot, "I've already called my lawyer to figure out who we're suing if this gets put through."

Colleen Munroe, owner of Lilyfield Quarry Inc. and Hugh Munroe Construction, refused comment when contacted.

Thevenot says she encourages anyone in their community as well as anyone who comes to Six Pines Farm for their petting zoo or haunted attractions to sign Stop the Quarry's petition at <http://chn.g.it/NRV6N8695L>.

Stonewall council discusses beach volleyball facility

By Jennifer McFee

At the July 8 meeting, Andrew Martin spoke to council about his interest in establishing beach volleyball facilities in the community. The discussion focused on options and potential investment levels that would be needed.

Scatliff+Miller+Murray representatives provided council with a report about the work they've been doing to survey community members on town priorities. Council will use

the information to help develop the town's next strategic plan. Looking ahead, council will take the information and form a plan during a series of upcoming working meetings.

At a special meeting on July 15, council approved the draft audited financial statements for the Town of Stonewall.

In addition, council agreed that the town would provide administrative support for the STAR program.

Heavy police presence in Stonewall with fugitives on the run

TRIBUNE PHOTOS BY JO-ANNE PROCTER

Shortly after noon on July 20, Stonewall RCMP requested residents stay indoors and lock their homes and vehicles while they searched the town for two fugitives.

The request was made out of an abundance of caution after officers followed a stolen vehicle into Stonewall and saw people flee the vehicle. The public was told there was no threat to public safety, and at 2 p.m. RCMP notified residents that the suspects had left the area.

The community was alerted through social media along with the Town of Stonewall's CodeRED emergency notification system.

CodeRED is a high-speed mass notification system to keep you safe in the event of an emergency. The system allows the Stonewall Rockwood Emergency Management Board to deliver emergency messages and general messages via phone calls to your landline or mobile device and through text and email. It is free to sign up for CodeRED, and you can do so through the Town of Stonewall website at www.stonewall.ca.

Patients are talking about their teeth

By Elisha Vador

On Friday afternoon a phone call came in and the lady on the other end explained that she lost her partial denture. To say she was 'in a pickle' is an understatement because she had a family function happening only 2 days later, and needed her teeth back! It's never an ideal time to have something like this happen, but we're prepared to help in any way. Having an on-site laboratory really gives us the upper hand because we are able to do repairs, relines, and even make a new denture within a day or two. So, we were able to have a new partial denture (for a panicked patient) made in time for her Sunday afternoon festivities. She said, "I lost my partial plate Friday morning in a panic, I called Vador. Well I not only got it replaced, it was ready before the weekend was over!! It fit better than my old one and looked 10x!! Brock is truly amaz-

ing. From how comforting he is to how talented he is to recreate my smile. I truly cannot thank them all at Vador Denture Centre enough!!" - June 9, 2020

While we're on the topic of getting new dentures, a patient came to see us because she had her partial upper denture for quite some time. Due to the uncertainty regarding the strength of the partial from natural wear and tear over the years, she decided it was time for a new one. Since she's had the denture, she stated, "A great experience. I love my new teeth. My friends and family just love them as well, lots of compliments! They love the natural colour I chose. Matthew and Brock treated me so good. The impressions and fittings were very comfortable with how they did them. I highly recommend you to come to Vador Denture Centre!" - June 2, 2020

It's always nice getting a new smile that looks natural and

functions properly! What about someone who's had their teeth for a while? Do we ever hear back from former patients in regards to how they're doing? The answer is yes! Catrina comes in every year to have her permanent denture taken out and professionally cleaned and polished. She came in a few weeks ago to update us in regards to how she's doing with her denture that's fixed permanently to implants. She said, "Oh, it's really nice to have. I am really pleased with it. I've had no problems since I got the teeth done years ago. I can eat anything, whatever I like and have no problems. There's no doubt I would recommend getting dental implants." - May 21, 2020.

To read what people have been saying, just Google Vador Denture Centre and read our reviews. If you any have questions, we are on call 24/7 and happy to help with your denture and dental implant needs.

get back to nature with amazing loan rates at sunova

Learn all about getting a loan for your summer toys with Melaine Glass, Sunova lending associate extraordinaire.

Summer is here and we know you want to get out and enjoy it while it lasts. If you're looking to purchase a new or used vehicle to help make the most of this summer, whether an RV for camping or a boat for cruising at the lake, you're in luck because Sunova has some great vehicle rates available for you (as low as 3.69%* for new purchases.)

There can be a lot that goes into getting a loan, so we asked Melaine to answer a few questions about how you can get financing for your new summer toy.

WHY SHOULD I COME TO SUNOVA INSTEAD OF A DEALERSHIP FOR MY LOAN?

When you come to Sunova, you can get so much more than just a loan for your vehicle. We offer personalized service based on your future financial goals. We get to know you personally and help figure out what's going to be best for you now, and in the future. For example, if you want to buy a vehicle, but you are also saving for your first home, we can ensure that the vehicle loan payments won't get in the way of making that dream a reality. You would also have easier access to your balance owing and ability to make extra payments whenever you choose. Did I mention there's no need to call a centralized 1-800 number at Sunova? You can call your lender, like me, at any time!

WHAT KINDS OF VEHICLES CAN I GET A LOAN FROM SUNOVA FOR?

The sky's the limit. Car, boat, ATV — if you can drive it, we can finance it.

HOW IS MY INTEREST RATE DETERMINED FOR A VEHICLE PURCHASE?

Your interest rate is determined by the year and type of vehicle you're buying, as well as your strength as a borrower (your credit history). That's why when you see a rate advertised, 'as low as' or 'starting at' are often included. The rate displayed is the best rate anyone getting a loan could get,

but, depending on the factors above, you might be offered a different rate.

ARE THERE ANY FEES I HAVE TO WORRY ABOUT?

In addition to your loan payments, we'll add a small processing fee to each payment, as well as a one-time registration fee so Sunova can use the vehicle as collateral. That's it. There are no application fees or hidden fees with Sunova loans.

CAN I CONSOLIDATE MY OTHER LOANS WHEN I FINANCE MY NEW PURCHASE?

Yes, you can. At Sunova, we're always looking at the whole picture. If you have other debt outstanding, we are open to consolidating it into one loan with one manageable payment.

WHAT'S THE PROCESS FOR GETTING A LOAN AND HOW LONG DOES IT TAKE TO GET AN APPROVAL?

To start, you can call or visit one of our branches, or apply online through our website. We would need to collect (or, if you're a member already, update) your personal information, employment information, assets and liabilities, and see a piece of ID. We strive to approve loans within 24 hours, as long as all of the relevant information is received, so you can start enjoying your new purchase as soon as possible.

If you're not a member at Sunova yet, you will need to purchase a \$5 share to become one.

CAN I GET A LOAN IF I AM PURCHASING SOMETHING USED FROM AN INDIVIDUAL, RATHER THAN A DEALERSHIP?

Yes, of course! It's the same process as above, plus we will ensure that the serial number on the item you are purchasing is free of liens (like another loan on it), as well as do a black book search to confirm the value (so you're not overpaying).

DO I NEED TO HAVE A DOWN PAYMENT FOR A VEHICLE PURCHASE?

Down payments are not required for a vehicle purchase.

CAN I PAY OFF THE LOAN EARLY OR MAKE A LARGE PAYMENT DURING MY TERM?

You certainly can. All personal loans at Sunova are open for repayment at any time without penalty. You also have the ability to adjust your payment to match your budget as long as the minimum contracted payment is met.

* O.A.C., rates subject to change.

MEET THE SUNOVA STONEWALL LENDING TEAM

Melaine Glass, Kyle Holod, Meghan Osbak, Kate Kowalchuk, and Tianna Jones are your lending experts in Stonewall. With over 45 years of combined expertise, they are here to help you along your financial journey. From getting a loan to creating savings goals for the future, this team is here to help.

Stonewall graduation is the focus of an independent documentary

By Sydney Lockhart

Stonewall Collegiate Institute grads and the Stonewall community are the focus of a documentary after graduation plans changed due to the COVID-19 pandemic.

Randy Frykas, the creator of the film, is originally from Stonewall and graduated from SCI in 1998.

Frykas is creating this project as something special for the town to remember this year as they pulled together to celebrate the Stonewall Collegiate Institute's graduates of 2020.

There is no funding for the documentary as it is an independent project. It is being made mainly for current and past residents of Stonewall to enjoy.

"This is a pretty unique situation. Not a lot of schools around Manitoba or even North America are doing stuff for grads," said Frykas.

Over a few weeks, Frykas and his 12-year-old nephew Ashley Conrad will be filming around town.

"It's fun to put them together and get creative with how you're going to work with it," said Conrad.

Conrad had learned about documentaries in his Grade 6 English class and enjoyed it. Frykas said he thought

it would be a good learning experience for him to help out.

The documentary will include the graduation ceremony as well as town history and how Stonewall pulls together for the graduates each year.

Frykas says he wants people to be able to look back at the documentary and remember what graduation was like in 2020.

"There's always been an idea in the back of my mind to do something about Stonewall," said Frykas. "This one came up and it felt like the right thing to start with."

Frykas has been talking to people around the community such as the mayor to get new perspectives and stories in town.

"Someone from the other side of the world could watch and get an understanding of Stonewall. I want to try to cover as much of Stonewall as I can."

He said he thinks that the preparation and

thought put into the Stonewall Collegiate Institute graduation was something very unique and something that should be remembered.

"We're in a period of time that everyone's going to remember. It's important to document these times, for memory and also for the future," he

said.

Depending on social gathering guidelines the documentary is aiming to be released and screened in Stonewall for the town to enjoy in early fall of this year.

Frykas asks that anyone who has something they would like to contribute, a story to tell or even old photographs email him at randy@46fps.com.

"WE'RE IN A PERIOD OF TIME THAT EVERYONE'S GOING TO REMEMBER."

New COVID cases shouldn't cause concern

By Evan Matthews

After 13 consecutive days with no new COVID-19 cases, Manitoba was hit with five more on July 14. One of those cases was identified in the Interlake region.

This came on the same day that the Province of Manitoba extended the state of emergency, as it relates to COVID-19 and the public health orders, for another 30 days.

The state of emergency due to the coronavirus dates back to March 20, and under the Emergency Measures Act, provides the province more power to put public health orders and/or measures in place as deemed necessary by provincial public health officers.

So it would seem, just as Manitobans began to see the proverbial "light at the end of the tunnel," we are reminded that this pandemic is not over.

The total number of cases in this

province remains low: 330 total cases with only five active cases, only seven deaths and, thankfully, 318 fully recovered individuals.

Yet, our Interlake communities are not immune to this ongoing invisible threat. It is still in our midst.

Our society has come to realize, however, the novel coronavirus is not as lethal as originally thought.

Perhaps we don't need to live in such fear the way we originally thought, either?

This is not to disrespect those who have been drastically affected by the virus or those who have lost their lives.

But how are we to move forward?

Some people have arrived at the point where they just don't care anymore. Others still seem to be living in constant fear and paranoia.

What is the right approach?

The answer is not a conclusive one.

But it seems, at least for the foreseeable future, we will have to continue maintaining social distancing measures, (for those who are worried) continue to wear masks, consistently be over-washing our hands and, most importantly: stay home if you feel sick.

We don't know what the future holds in regard to a vaccine, when or if one will ever come. We don't know when or if that second wave will ever come.

All to say, there are other things you can do to proactively prevent the worst-case scenario, too: get outside in the sun, take your vitamins (specifically B12 and Vitamin D), exercise and try to enjoy your life.

The proper path forward, collectively, lies somewhere in the middle of ignorance and paranoia; take care of yourself and your loved ones, but do not live in fear. We're almost assuredly going to get through this.

CERB is the not reason thousands can't go back to work: Pallister is

By Richard Davies, Manitoba Liberal Caucus

Manitoba Liberals say that if Brian Pallister is looking for a reason why Manitobans are having difficulties going back to work, he should look in the mirror.

In April and May, Pallister demanded thousands of layoffs across Manitoba, ordering organizations and employees to apply for CERB instead. The latest round of job numbers from Statistics Canada showed that while some private businesses are rehiring, unemployment is sharply up in Winnipeg and public sector jobs have reduced by more than 3,000.

Among the programs that ended up on the PCs' chopping block was

Manitoba Hydro's Summer Jobs program, which provides job opportunities for students. That's on top of multiple rounds of cuts and freezes across government — with the notable exception of the premier's own staff. Even before the crisis, Pallister was boasting about the number of public sector jobs he had eliminated, saying he had reduced total payroll by eight per cent.

"Pallister went out of his way to destroy thousands of jobs and drive up unemployment, then complains when people can't work," said Dougald Lamont, MLA for St. Boniface. "In April, the PCs set out to eliminate more than \$800-million worth of public and private sector jobs. CERB is

not the reason people can't go back to work. It's because Brian Pallister eliminated thousands of jobs."

Lamont says the Pallister PCs' latest "wage subsidy" program announced today once again misses the mark because it ignores the problems that businesses and workers have been asking for help with for months.

"Manitoba Liberals have been telling the PCs that businesses need help with debt, overhead and PPE costs and that employees need affordable child care. For four months, Manitobans have been begging for a life preserver, but the PCs keep handing out anchors."

COVID-19 cases climb with outbreak on several Hutterite colonies

By Lorne Stelmach

A spike in COVID-19 cases over the weekend did not come as a surprise to public health officials, but it did serve to reiterate their continued message to Manitobans to remain vigilant in controlling the spread of the coronavirus.

The Monday update highlighted 18 new cases over the weekend including a cluster of 10 cases so far that are linked to Hutterite colonies.

"We need to realize that this virus is not done with us yet," said Dr. Brent Roussin, chief provincial public health officer for Manitoba. "It's not unexpected to see more cases as we reopen."

"A number of these new cases are linked to clusters, which we can also expect over time, but it's a reminder that we can't let our guards down. We have to continue to find ways to live with this virus, to fall back on the fundamentals that got Manitobans here," said Roussin.

"The virus is still here in our prov-

ince. We need to continue to adhere to these strategies that have got us so much success to this date."

The new cases over the weekend included 11 cases in the Interlake-Eastern health region, three cases in the Winnipeg health region, three cases in the Prairie Mountain Health region and one case in Southern Health-Santé Sud health region. The latter case involves a male in his 40s.

The investigations are ongoing but the new cases, aside from those connected to the Hutterite colonies, include two related to international travel and one transport driver as well as three close contacts to another positive case.

One of the individuals announced as a positive COVID-19 case was a passenger on Asiana flight OZ 0704 from Manila, Philippines, to Seoul, South Korea, on July 7 then Air Canada AC 0064 from Seoul to Vancouver on July 8 (rows 26 to 32) and Air Canada AC 0296 from Vancouver to Winnipeg on July 8 (rows 21 to 27). Individuals on

these flights are advised to self-isolate for 14 days following the flight and monitor for symptoms.

The total number of lab-confirmed positive and probable positive cases in Manitoba is now 354. One person is in intensive care with 29 active cases while 318 individuals have recovered from COVID-19, and the number of deaths due to COVID-19 remains at seven.

An additional 384 laboratory tests were performed Friday, 1,390 on Saturday and 695 on Sunday, bringing the total number of tests performed since early February to 76,354.

You can visit www.manitoba.ca/covid19 to use an online screening tool or call Health Links-Info Santé at 204-788-8200 or 1-888-315-9257 toll-free for health guidance. For up-to-date information on COVID-19 in Manitoba, visit www.gov.mb.ca/covid19, and a comprehensive list of Manitoba government COVID-19 measures can be found at manitoba.ca/bg/2020/04/covid19.html.

My first column in the Stonewall Teulon Tribune

Dr. Henry A. Ozirney

As I begin, I want to say thanks to Lana Meier and her staff at the *Stonewall Teulon Tribune* for the opportunity to contribute this column. I sincerely do appreciate it.

For those of you who may not know me, my wife and I have been residents of Stonewall for 50 years (this is somewhat of a mathematical problem, as she is only 29...). For the first 45 years of that time, I was the pastor at New Life Church, here in Stonewall, until my retirement in 2014. I am currently an interim pastor at New Life Church, Teulon and have been since Jan. 1, 2019.

It was back in 1973, when as a young pastor (25) of a new church that had just begun in town that I approached Lana's father, Merv Farmer, who at the time was the owner and editor of the *Stonewall Argus*, and offered to write a column on matters of faith. Merv graciously granted my request, which I then did until May of this year when the *Argus* ceased to exist.

I remember my first column was in the spring of 1973 just as the NHL playoffs were happening and I shared the faith story of Christian hockey player, Chicago Blackhawk's winger Keith Magnuson. In the years following, I went on to write on many different topics that were faith related, many of which were well received by the people reading them (and some not...). Over all those years, I think I missed my deadline only two or three times.

My one goal in writing has been to glorify the God who created me and planned for me to be. I have never wanted attention drawn to myself, only to Him. He alone is worthy.

So now it is my hope that each time my turn comes up, I will be able to continue to provide spiritual guidance to the wonderful people of Stonewall and area, whom I love so dearly.

"To the only wise God be glory forever through Jesus Christ! Amen." Romans 16:27

Driver fatigue leads to crashes: Manitoba Public Insurance

Submitted by MPI

With summer holiday road trips now in full swing, Manitoba Public Insurance is raising awareness about the dangers of driver fatigue. On average, 75 crashes each year in the province are tied to some form of driver fatigue. Some of these crashes are fatal.

In a recent poll conducted by Manitoba Public Insurance, almost half of 800 respondents reported driving while drowsy/sleepy.

"Survey data confirms people are pushing themselves when fatigued. Raising awareness about this issue is important as we enter into summer where traffic volumes on our highways typically increase as people travel to holiday destinations," said

Satvir Jatana, vice-president of employee and community engagement for Manitoba Public Insurance. "Some drivers may be tempted to push themselves to drive for longer periods of time to get to their holiday destinations more quickly, but doing so could lead to unnecessary collisions. Driver fatigue is a concern to everyone on our roadways."

When travelling on summer road trips alone or with family, it's important that drivers remember to build in time for frequent breaks to ensure a safe arrival. Drivers should also build in time for potential travel delays due to severe weather, traffic congestion or road construction.

"We encourage all drivers to self-

monitor and be aware of the symptoms of fatigue," said Jatana. "This means recognizing when you are too tired to be behind the wheel. Pull over, rest and continue on when you're alert and completely awake. It's better to arrive late than not at all."

Fatigue warning symptoms to watch for while driving:

- Can't stop yawning
- Trouble keeping your eyes open
- Can't remember the last few kilometres you've driven
- Car starts drifting within your lane
- Unable to concentrate and find that your thoughts wander

If you have one of these symptoms, it's best to get off the road and to find a safe rest area to take a nap.

Teulon Rockwood Fire Fighters Ball Cancelled

Due to Covid-19 we regretfully must inform you that the 2020 Fireman's Ball will be cancelled. A refund for tickets purchased can be done with the Fire Fighter whom you purchased the ticket from.

Province expands 'back to work' wage subsidy program

By Manitoba government

As part of #RestartMB, Manitoba's roadmap to recovery, the Manitoba government is expanding its 'Back to Work' wage subsidy program and providing additional financial support for businesses to bring more Manitobans back, Premier Brian Pallister announced last week.

"Since the beginning of this pandemic, we knew we had to create opportunities for young Manitobans and we've created them," said Pallister.

"We have supported the creation of 8,200 additional positions for young people and now we lead the country, but there is still work to do. Today, I am proud to announce the expansion of our Back to Work wage subsidy program to provide more opportunities for businesses to offer the services Manitobans depend and rely on."

The enhanced Back to Work program will reimburse up to \$5,000 for up to 10 new workers to a maximum

of \$50,000 per business, not-for-profit or charity. Businesses that have already benefited from provincial summer wage subsidies are eligible for this new wage subsidy benefit to hire or bring back an additional 10 employees. The program will now reimburse half of all wages for those newly hired to Oct. 31. Employers that have received financial support from other various provincial and federal programs are all eligible, the premier noted.

Over the past month, more than 300 Manitoba businesses have applied for approximately \$5 million to support 1,000 positions.

"Many retailers are only now beginning to slowly rebuild their staffing to their levels prior to the onset of COVID-19," said John Graham of the Retail Council of Canada. "The extension of this job creation incentive will play a critical role in helping many business owners lessen the risk of expand-

ing their workforce in anticipation of business growth."

The application deadline is Oct. 1, with a deadline to submit proof of wages of Jan. 4, 2021. Businesses can apply for the wage subsidy starting July 16 at noon at <https://manitoba.ca/covid19/business/btwmp.html>.

Although Manitoba posted the second-best job recovery statistics in the country last month, Pallister noted there are still more than 69,000 Manitobans looking for work.

"Getting people back to work safely is job number one for our government," said Pallister. "We are leading the country in putting in place the most generous and most comprehensive job creation programs our province has ever seen and any province has put in place."

As an additional support for Manitoba businesses, the government also announced today that it will be extending the Manitoba Gap Protection

Program deadline for applications to Aug. 31 from July 31. Businesses that are ineligible for federal support can also apply for an immediate \$6,000 under this program, which has already provided more than \$45 million in COVID business relief to over 7,600 employers who otherwise had no government support.

"Our suite of job creation programs is designed to give Manitoba workers and employers the right support at the right time for the right job opportunity," said Pallister. "We are looking ahead to build our economy back even stronger." More than 2,500 Manitobans have already applied for the Manitoba Job Restart Program, which provides up to \$2,000 to those who safely return to work and voluntarily stop collecting the federal Canada Emergency Response Benefit (CERB) or Canada Emergency Student Benefit (CESB). The program application deadline is July 31.

Rockwood council notes in brief

By Jennifer McFee

- At the July 8 meeting, Rockwood council authorized the removal of a median in the parking lot at 37 Main St. in Stony Mountain. The RM is entering into an easement agreement with Manitoba Housing for off-street parking.
- Council conditionally approved a request to vary the maximum accessory building area to 1,500 square feet from 800 square feet as well as the maximum garage door height to 12 feet from 10 feet for a proposed garage and workshop on an eight-acre property on Old School Road in Gunton.
- Council conditionally approved a request to vary the

minimum rear yard requirement to 16 feet from 25 feet for the placement of a mobile home on a property on Donald Avenue.

- Council approved a conditional use request to authorize the operation of a contracting business called Caren Clearing and Spraying Inc. on a 5.4-acre property on Road 8E. Established in Ontario in 1999, the business offers services that include right-of-way and roadside cleaning.

- Council approved a conditional use request to authorize an existing mobile home to remain on a property on Road 2E. The applicants, who are planning to buy the property, will use the mobile home as a temporary secondary residence while they renovate the principal farmstead, which contains mould and asbestos. After the home is ready to live in, the applicants would like to have a family member live in the mobile home to help out with the property and with childcare.

- Council approved a request to vary the minimum front yard setback to 55 feet from the required 125 feet and the minimum side yard setback to four feet from the required 50 feet for the placement of an above-ground pool and deck on a property on PTH 7.

- The South Interlake Planning District expressed support for a proposed subdivision about four miles east of Argyle in the RM of Rockwood. The intent is to subdivide a 10-acre farmstead from an 80-acre holding. The residual 70 acres would be consolidated with a neighbouring property to

the north to create a 150-acre holding. No additional titles would be created from the proposed subdivision and consolidation.

- Council discussed several subdivision applications from Charisons' Breeder Farms. The applicants proposed to subdivide a 13.67-acre parcel from a 160-acre holding located about two miles southwest of Teulon. The proposed lot contains a livestock operation of 124 animal units (12,400 broiler turkeys) with a driveway onto Road 91N. Another proposal is to subdivide a 15.63-acre parcel from a 152.7-acre holding on a property located about six miles southeast of Teulon. The proposed lot contains a livestock operation of 103 animal units (9,200 heavy hens and 550 heavy toms). The applicants also requested a subdivision of a 37.78-acre parcel from a 159.77-acre holding on a property about five miles southeast of Teulon. The proposed lot also contains a livestock operation of 103 animal units (9,200 heavy hens and 550 heavy toms). As well, the applicant requested permission to subdivide a 43.31-acre parcel from a 230.53-acre holding for a property about three miles west of Teulon. This proposed lot contains a livestock operation of 124 animal units (12,400 broiler turkeys).

- Council approved second and third readings for the Grosse Isle utility rates.

- Council approved second and third readings authorizing a loan to John Q Public Inc. for the installation of a fibre optic network.

- Council approved second and third readings of a bylaw for council indemnities.

Coffeehouse to End Cancer moves outdoors

By Jennifer McFee

The much-anticipated Coffeehouse to End Cancer event is forging forward next month for its 10th anniversary, with some modifications this year due to the pandemic.

The fundraiser has raised more than \$130,000 for CancerCare Manitoba over the past nine years, and event founder Paige Procter hopes to raise another \$20,000 this summer.

To make it easier to maintain a safe social distance, this year's coffeehouse will be held outdoors at the Veterans Memorial Sports Complex in Stonewall on Friday, Aug. 14 from 7 to 10 p.m.

"It will be a huge change from previous years, mainly because it's outside. If we were having it indoors, there would definitely be a lot more restrictions," said Procter, a nurse who is originally from Grosse Isle.

"The plan will be based on what numbers the province allows at the time of the show. We'll be sectioning off parts of the field to comply with those numbers. Within those sections, we will have people separated six feet apart. If you bring your family with you, you can sit together in an area but you'd have to be six feet apart from the next person."

Instead of paying admission, attendees are asked to make a cash donation at the show, which will provide entertainment from local talent. For those who prefer to not bring cash, they are welcome to bring a cheque to be collected at the event.

In addition, online donations can be made through CancerCare Manitoba Foundation's website under the Coffeehouse to End Cancer community event page. This page is already active and donations are beginning to trickle in.

"The biggest change that we're do-

TRIBUNE FILE PHOTO BY JO-ANNE PROCTER
Coffeehouse to End Cancer founder Paige Procter, left, and her co-hosts from left, Toni deLaroque, Brett Lawrence and Liz Codville.

ing this year is our opportunity for people to give a larger donation and have somebody recognized on the day of the show," Procter said.

"It could be a community member who is currently battling cancer, has passed away from cancer, is a significant number of years cancer-free. Given that there are a lot of people we couldn't have funerals for and couldn't have celebrations of milestones this year, we think it's a really nice way to celebrate those people in the community. At the same time, it's also a way for us to make money because this is a fundraising concert, after all."

This year, supporters have the chance to purchase a "MemoryGram" before the event. For a \$100 donation, they will receive a tax receipt, and the name of their loved one will be read

out loud on stage. For any businesses that donate \$100 or more, they will be recognized on a local business donation board at the show.

For donations of \$200 or more, donors will receive a tax receipt, and a two- to three-sentence message about their loved one will be read out loud on stage. The contribution can be made by an individual or by a group, with one person donating \$200 or more on behalf of everyone.

For donations of \$300 or more, businesses can recognize an individual. The names of the business and the individual will both be read on stage.

In addition, any donation greater than \$15 will be eligible for a tax receipt.

Even in the midst of the COVID-19 pandemic, Procter stresses that there is still a great need for cancer care and

research.

"In Manitoba alone, 19 people get diagnosed with cancer each day," she said.

"We felt it was important for us to host this coffeehouse because cancer didn't stop happening during the pandemic."

On behalf of the Town of Stonewall, CAO Wally Melnyk said they are happy to help out.

"The event has become a much-anticipated occurrence each year and has raised well over \$100,000 since it started," he said.

"COVID-19 has made everything more difficult to the point where many events have been cancelled for 2020. For community events that are able to find a way to continue through the pandemic, we are glad to support them."

As for Procter, she is grateful for the opportunity to mark the event's 10-year milestone with the many people who continue to show their support.

"It's nice that we're actually able to celebrate our 10th anniversary with everybody in the community," she said.

"It truly is a community event — and it wouldn't have been possible without their support for the last 10 years."

For more information, or to find out about opportunities for performers or volunteers, call or text Procter at 204-461-4504 or email her at p.p.procter@gmail.com.

Additional information, including a link to the online CancerCare fundraising page, is posted on the Facebook and Instagram pages for Coffeehouse to End Cancer.

For those who are unable to attend, the show will be live-streamed via Facebook and recorded for viewing at a later date.

Woodlands Branch 248 makes donation to veterans in need

By Sydney Lockhart

The Royal Canadian Legion Woodlands Branch 248 raised \$2,500 and donated it to Veterans Transition Network.

Each year Royal Canadian Legion branches take part in the Poppy Campaign, which sells poppies and raises money that is earmarked to go directly toward a veterans' organization.

Over the last two years, the Woodlands branch decided to pool the majority of the donations together from the campaign so they could make a

sizable donation.

"Our members wanted to make sure the money went towards veterans and benefitted them directly," said Woodlands branch president Joel McDonald.

McDonald said that they chose Veterans Transition Network (VTN) because they wanted to make sure the money went to Manitobans and was staying in the province.

VTN is a non-profit that helps Canadian Forces and RCMP veterans transition to civilian life successfully

through a 10-day process that takes place over the course of a couple weeks.

"It's a group-based counselling program for military veterans. They get to be in a group where veterans can help veterans work through challenges," said Veterans Transition Network operations manager Liam Peel. "The people closest to them might not fully understand the challenges that they've faced."

Over 1,000 veterans have gone through the program and all money

that is donated in Manitoba stays here. Over 4,200 hours of counselling have been delivered in Manitoba alone.

"We bring the program to the veterans so they aren't having to go far to get it. It [the donation] allows us to bring it locally and then have access to the care that they need," said Peel. "We're doing everything we can to make it accessible."

For more information on the Veterans Transition Network, go to <https://vtncanada.org>.

Teulon residents encouraged to recycle everywhere

By Evan Matthews

With new bins arriving at residents' homes, the Town of Teulon administration is taking the time to explain the do's and don'ts of its recycling program.

Nothing has changed in regards to the town's recycling program, according to CAO Andrew Glassco, who said residents place their bagged recycling at the curb on Fridays.

The recycling is then picked up by Garry Olson, the town's garbage contractor, and taken to Winnipeg. There is no limit on the number of bags per household.

Aside from curbside recycling, Glassco said there are 12 circular recycling bins, typically next to garbage cans, located around the community: on both sides of Main Street, at the arena, on the corner of 1st Street S.E. and 5th Avenue, on Beach Road, and the walkway to the school.

The town's biggest challenge with the blue containers located around the community, according to Glassco, is that people tend to place garbage in them.

From a recycling standpoint, the containers are then considered contaminated and are then considered "co-mingled" or "mixed" with garbage and taken to the waste disposal site in Winnipeg.

While the town does receive some financial remuneration for recycling, Glassco said the primary benefit to the town is reducing pressure on its own waste disposal grounds.

Do's

The town encouraged residents to recycle plastic

TRIBUNE PHOTO SUBMITTED

Twelve recycling bins are placed throughout the Teulon community to encourage residents to recycle everywhere.

bottles, beverage cartons, juice boxes, aluminum cans, glass bottles and paper products.

Residents are also encouraged to clean and flatten boxes, Glassco said.

A more comprehensive list and explanation can

be found at recycleeverywhere.ca or by searching Multi Material Stewardship Manitoba.

Don'ts

Common errors, according to the town, included attempting to recycle coffee cups, leftover liquids, food waste, Styrofoam No. 6 plastic (generally used for takeout food containers), soiled food containers and fountain drink cups.

These items cannot be recycled, according to Glassco.

Background

Last week, CAO Glassco explained the intent of the bins is for each household in Teulon to have a blue bin in their home, using under their sink or at their backdoor as examples. He noted recycling should be bagged and placed at the curb, as opposed to placing the bin.

The recent delivery of bins is intended to enhance the existing program and provide value to citizens, according to Glassco.

The compact bin fits anywhere in your home and is designed to make it easy for residents to dispose of beverage containers in a smart, tidy and simple way, ultimately bagging the recycling.

The town acquired 1,000 small blue recycling bins via private donation in the fall of 2019, meaning there was no cost to the town to receive the bins.

The bins had been stored in the arena over the winter and will now be distributed to each household as a residential initiative courtesy of the Town of Teulon.

Interpretive signage in Armstrong

By Evan Matthews

The RM of Armstrong has some new interpretive signage, adding some new flare to its attractions.

Reeve Susan Smerchanski said tourism is a huge and growing industry and has a tremendous impact on communities and businesses, as well as recreation and economic growth, so adding to the region's existing attractions was a no-brainer.

"We have gorgeous statues, as many communities do across the Interlake," said Smerchanski, speaking about Inwood's "S-S-Sam" and "S-S-Sara" snake statues and Meleb's mushroom statue.

"But, to date, there has been no information about the symbolism or significance. We felt interpretive signage was a perfect way of showcasing our statues and preserving the RM of Armstrong's history and culture."

The June 27 and 28 installation came just in time for Canada Day in congruence with Manitoba's 150th birthday.

Aiming for fall 2020, Smerchanski said Armstrong has a similar plan to install signage in the Fraserwood community.

The Fraserwood project will likely

be located at the former Canadian Pacific Railway Station, according to Smerchanski, as the railway that went through the community provided so much culture and history.

"It was the main mode of transportation, and it brought so many immigrant settlers to our community to start a life," said Smerchanski.

"We had a creamery here at one point, and there is a lot of history and culture in this region we want to continue to showcase."

The Inwood and Meleb interpretive signage was a \$18,255 project, according to Smerchanski, made possible through the Community Futures East Interlake Grant (\$5,000), the Provincial Heritage Grants Program (\$2,500), and the RM of Armstrong (\$10,755).

The RM contracted Heather Hinam to research and create the interpretive signage.

The former Interlake Tourism Association president, now-owner of Second Nature Interpretive Design, Hinam said she has a PhD in biology but decided she didn't want to be an academic. She started her business in

TRIBUNE PHOTO BY SUSAN SMERCHANSKI

Meleb's mushroom statue is now home to three interpretive signs designed by Second Nature Interpretive Design.

Dig into MANITOBA'S PAST

The Canadian Fossil Discovery Centre in Morden, Manitoba is your chance to glimpse into an ancient North American seascape!

The museum's many paleontology displays lay out a fascinating, ancient and dangerous world, now hidden by today's serene prairie. Located less than 90 minutes south of Winnipeg, the Canadian Fossil Discovery Centre houses the largest collection of marine reptile fossils in Canada.

The star of the collection is Bruce the mosasaur, who – at 13m long with teeth to match – would have dominated the water during his lifetime, 80 million years ago.

The museum is open seven days a week! Check out the Aquasaur Theatre and the Agassiz Activity Room, where kids and adults alike will leave amazed by fossilized discoveries. Even better, book a VIP tour with a knowledgeable tour guide for a behind the scenes look!

After enjoying the museum, discover the fantastic shops, restaurants and parks of Morden, as well as a great campsite and beach at Lake Minnewasta. Even gorgeous hiking trails are just a short drive away at the Pembina Valley Provincial Park, known for its red tail hawks and bald eagles.

Movie-goers enjoy a night at local drive-in

By Evan Matthews

With COVID-19 changing the way in which people have fun, a Teulon-based organization is driving good times in the region.

Lana Knor, president of Green Acres Art Centre, said the organization hosted a drive-in movie on July 17, which was made possible through the RBC Future Launch Community Challenge grant and the Interlake Community Foundation.

"It had been pouring rain with thunder all day, but by 6 p.m. the (storm) started moving in the direction of Steinbach and we made the call to go ahead, as it was moving away from us," said Knor, adding a private donation was also contributed in memory of the late Jim Robertson, who passed away in December.

"It turned out to be an absolutely beautiful evening, and it turned out to be so great."

Mark Brandt, owner of the Arborg-based Mark Brandt Trucking, donated the semi-truck and drove it down to Teulon, so Bulldog Outdoor Movies staff could assemble the screen.

GAAC hosted the event inside the Teulon Rodeo Grounds, as roughly 35 vehicles attended the event.

Those in attendance were able to purchase popcorn and drinks, as they took in the 2019 movie *Shazam*. Knor said the goal was to select a movie appropriate, yet entertaining, for all ages.

"We were presented with lots of different options, but ultimately we let one of our junior board members make the final selection," said Knor.

"We wanted to accommodate everyone, but it was more about the fun and uniqueness of the event."

Knor said GAAC decided a drive-in movie would be a fun and safe event option, as a way of getting

TRIBUNE PHOTO BY LANA KNOR

Bulldog Outdoor Movies assembled the screen on Mark Brandt's flatbed truck, as roughly 35 vehicles attended GAAC's drive-in movie on July 17 in Teulon.

people out in a social environment, while also adhering to and respecting social distancing due to COVID-19.

"When COVID hit, and as things have progressed, we just knew people are starting to get antsy and wanting to get out," said Knor.

"We got permission from the health inspector, who was happy with our plan, and it was a matter of trying to co-ordinate and getting everything together."

GAAC is planning to put on another drive-in movie event sometime in August, with details to be

released later.

Knor encouraged Interlake residents to follow the GAAC Facebook or Instagram page, as the organization will soon release events details online via social media.

However, GAAC has also created an event email list for those who are not on social media. To join the event email list, send an email to gaac@mymts.net and ask to receive notifications of upcoming events.

Stonewall/Headingley RCMP investigate possession of stolen property

By RCMP Paul Human

On Monday, July 13 at about 11 a.m., police officers from Stonewall/Headingley RCMP attended to a residence on Road 11E in the RM of Rockwood regarding an investigation into possible stolen property.

Information received from the Winnipeg Police Service indicated that there was two stolen CASE tractors and one utility trailer at this site. Police officers received permission to search the property by the owners and recovered both tractors and trailer belonging to a business on Aimes Road in the City of Winnipeg. Estimated value

of the stolen items was \$156,000.

A 69-year-old male from the RM of Rockwood was arrested for possession of stolen property over \$5,000. The male was released on a appearance notice to appear in Stonewall Provincial Court in September 2020.

Police continue to investigate.

If you have information related to this incident or other criminal events, you can report them to Stonewall RCMP at 204-467-5015 or Headingley RCMP at 204-831-5951. If you wish to remain anonymous, you can call Manitoba Crime Stoppers at 1-800-222-8477.

Does your canola need protection from sclerotinia stem rot?

Submitted by Clint Jurke

Should I spray for sclerotinia stem rot? Canola growers in Western Canada are often challenged to find a satisfactory answer to this annual question. In reality, we don't need very much infection to justify a fungicide application.

When considering the total cost, a fungicide would only have to preserve around three bu./ac. of yield to break even. This economic threshold should be easily achieved in a high-yield canola crop growing in an area with a history of sclerotinia stem rot.

The general rule is that yield loss is roughly half of the "incidence rate," which is the percentage of plants infected in a field.

If 10 per cent of plants are infected, yield loss will be five per cent. For a 50

bu./ac. canola crop, the three bu./ac. threshold would be a six per cent loss — so that means around 12 per cent of plants would have to be infected. With moderate amounts of moisture before, during and after flowering, this 12 per cent incidence rate could be fairly common in any canola growing area of Western Canada.

What is a moderate amount of moisture? Kelly Turkington, plant pathologist with Agriculture and Agri-Food Canada, provides this rough guide: Rainfall amounts of least five to 10mm more than two days a week and daily minimum relative humidity (RH) over 80 per cent is enough for the sclerotinia stem rot infection cycle.

Continued on page 14

SUPPLIED PHOTO

Spore-infested petals landing on leaves and stems provide the entry point for sclerotinia stem rot. Fungicides on petals and leaves prevent this infection.

PURSuing PERFECTION

Your FARM

> DOES YOUR CANOLA NEED PROTECTION, FROM PG. 13

Basically, if topsoil underneath the canola canopy has moisture for most or all of the day, this promotes germination of sclerotia and production of apothecia, the tiny mushrooms that release sclerotinia spores. Continued humid conditions in the canopy will provide the moisture needed for infection.

The decision to apply a fungicide to prevent sclerotinia stem rot may be generalized by answering these four questions:

- Have environmental conditions prior to flowering been moist enough for apothecia development and survival? (A few rains and humidity commonly above 80 per cent in June is usually enough.)
- Is the canola crop canopy dense and yield potential high? (If your pants get wet when scouting canola mid-day, the canopy is probably suffi-

ciently dense and humid for disease.)

- Does the weather forecast predict precipitation and/or humidity during the flowering period?
- Is the pathogen present in sufficient quantities? (With moisture and a history of sclerotinia stem rot in the area, you can assume the answer is yes. To find out for sure, Spornado from 20/20 Seed Labs or DNA-based petal testing kits from Quantum Genetix and Discovery Seed Labs can identify the presence of spores.)

If the answer is "yes" to all four questions above, then spraying is generally recommended. If the answer to some of the questions is "no" or uncertain, then the decision is more difficult. Perhaps an easier approach is to identify the situations where risk is limited.

Factors that decrease risk:

- Dry conditions through the flow-

ering period will decrease the risk of economic yield loss from sclerotinia stem rot.

- A poor canola canopy that allows for a lot of air flow will reduce canopy humidity, and it also signals lower yield potential.
- Below or well-above average temperatures (less than 10°C or greater than 25-30°C) and limited rainfall. Risk is limited when current conditions are dry, max daily temps are 30°C or more and forecast to continue for seven to 14 days.

Farmers and agronomists often ask whether heavy rains or continuous rains will reduce the risk. Continuous rain events can wash off of petals from plants, remove spores from the air and trap spores in water droplets that form on the tops of the apothecia. But rain events that actually reduce sclerotinia stem rot risk would be un-

usual.

If conditions are right for disease and farmers decide to spray, the spray window for most fungicides is 20 to 50 per cent flower. Many products also allow for two applications, which can provide a return on investment in high-risk situations with good moisture, high yield potential and an extended flowering period.

For lots more on this topic, including videos and helpful links, please read "Factors in the sclerotinia spray decision" at canolawatch.org.

—Clint Jurke is agronomy director for the Canola Council of Canada. Reach him at jurkec@canolacouncil.org.

Our 33 annual consignment auction - Winkler Morden Jct 3 & 14 hwy 3/4 mile S. Manitoba's Largest Auction

Yard opens for receiving Thursday July 23, 24, 25th till noon. We close Monday July 27-28.

Tractors, combines, farm equipment, trucks, cars, RVs, ETC. WE HAVE IT ALL! AS ITEMS COME IN YOU MAY BEGIN BIDDING NOW! Selling online timed auction takes place Saturday, August 1, 9 am. Payment and pickup is Monday, Aug 3, 9 am to 7pm. Unreserved auction all items sell to the highest bidder. Payments include: cash, good cheque, E Transfer or Credit card w/4 % fee. All items should be paid for by Monday, August 3. We load out Monday and Tuesday. After that charges may apply. See our website for details and listing www.billklassen.com. Please register early and bid on something low priced to become familiar with the system. **Bill Klassen Auctioneers 204-325-6230, 4433 Vic Wolfe 204-325-2328, Morris Olfason 204-325-2141. Interlake crops thrive with good weather despite dry conditions

By Sydney Lockhart

Interlake crops are thriving as weather conditions remain next to perfect for farmers.

"Most are about a month away from harvest. Lots of the crops look extremely good," said Terraco agronomist Ryley Holod.

This year farmers are expecting to produce an abundant harvest with such healthy crops.

"The crops are looking pretty good better than they have in the last few years. The last few years have been dry in general," said Ryan Hueging, director of Manitoba Wheat and Barley Growers Association and a farmer in the Woodlands area.

At the beginning of the growing season, some canola farmers experienced issues with flea beetles attacking their crops, causing them to reseed parts, if not all, of their fields. However, with the good weather conditions, they have made a healthy comeback.

Grasshoppers were also an issue with some of the highest numbers seen in years. The Interlake area does not spray for them, which means it's an added cost to farmers to keep them away from their crops.

"People have had an impact of them. It's really a headache," said Hueging. "Grasshoppers eat any grain material. They eat the leaves and leave the stock and can kill the plant. It will prematurely ripen and not develop like it should."

The number of grasshoppers was expected to be high this year, but it was not anticipated just how extreme the numbers were going to be.

"Last fall we noticed the grasshopper numbers started to increase. This summer we saw the grasshoppers appear early and in large numbers," said Holod.

The warm humid weather has been

beneficial for the crops; however, if one thing could be improved, it would be the amount of rain as crops are on the dry side.

Because of the dry weather, not all cereal crops such as wheat, barley, and oats were able to reach their full potential as they dried a bit too early.

"Wheat and barley, hay for cattle — it's been a struggle. It's been dry. There was winter kill with some alfalfa," said Hueging.

Hay has had a better year than last year when it struggled but it is still below average for hay crops due to the dry weather.

"More people are going to be buying hay so the price, I would assume, will go up again this fall," said Holod.

He added that more producers are opting to grow corn for silage oppor-

Veterinary urges owners to be aware of heat stress

By Becca Myskiw

July and August are the hottest months in Manitoba with an average temperature of 26 degrees Celsius, according to current results.

With hot weather comes humidity — and the Government of Manitoba is reminding animal owners to be aware of heat stress.

Heat stress, also known as heat exhaustion, is the same in animals as it is in humans. The government of Canada says the burden of heat in the body causes a rise in core temperature.

In animals, there are various visible signs of heat stress: difficulty breathing, excessive panting, drooling, bright red gums, anxious behaviour, excessive water consumption, vomiting, diarrhea, weakness, collapse and seizure.

Dr. Luc M. Versavel at Equi-Tech Veterinary in Stonewall said heat stress can cause an animal's organs to fail and they don't always recover. The best way to combat that, he said, is by using common sense.

Versavel said the most common

cause of heat stress in animals is from being left in a car with the windows up on a hot day. He warns pet owners to never leave their pets in the vehicle under the sun.

"It's the same rule of thumb as in people," he said. "They need access to shade, drinking water, and they can't be overly active on hot and muggy days."

Versavel said he only sees one extreme case of heat stress a year, which means most pet owners in his area are cognizant of the heat.

There are ways to stop heat stress from getting to the point of a vet visit, though, as outlined by the provincial government.

If a pet owner notices less severe symptoms of heat stress, they should take them into a cool area immediately (air conditioning or near a fan). They can wrap them in a wet towel, splash cool water on them, and give them lots of water to drink if they aren't yet vomiting.

Some animals are more susceptible to heat stress than others — those with a dark and thick or long coat,

TRIBUNE PHOTO BY MJ HEAPS

Veterinarians suggest using water to keep dogs from overheating in extreme weather.

flat-faced animals such as a pug, overweight animals, very old or very young animals, naturally hyper pets, and those with underlying medical conditions like heart or lung disease.

Versavel said to treat the pet the

same as a human in this case. When it's hot outside, the owner should play with their pet inside and avoid vigorous activities. Even if the home doesn't have air conditioning, he said it's not a problem.

> CROPS, FROM PG. 15

tunity instead because of the difficulty hay has been having the past few years.

Even with the weather on the dry side, the Interlake area has been lucky with the lack of extreme weather and storms.

"We've been fortunate that we've been getting just the right amount of rain. We've had the hail and bad storms miss us," said Chris Stewart, a RM of Rosser and Stony Mountain barley, canola, sunflower and soybean producer.

Areas outside the Interlake, such as Brandon and Elie, were hit with multiple inches of rain and hail, in many

cases damaging crops this season.

Aerial spraying has not been as abundant this year, enabling producers to be able to do their own ground spraying.

GPS systems are used within aerial spraying planes to shut off at the ends of the field to prevent any drifting to neighbouring crops or ditches.

"Aerial spraying is done if the ground is too wet but that hasn't been the case," said Holod.

Sunflower and corn crops are some of the few that are still more often sprayed aerially because they are taller and tightly packed, meaning aerial spray does less damage to the crops as they aren't being trampled by ground sprayers.

New program announced to help agri-processors mitigate the spread of COVID-19

Submitted by Manitoba government

The governments of Canada and Manitoba announced a new \$3-million cost-shared Canadian Agricultural Partnership program to support projects that will help agricultural processors mitigate the spread of COVID-19, federal Agriculture and Agri-Food Minister Marie-Claude Bibeau and Manitoba Agriculture and Resource Development Minister Blaine Pedersen announced Monday.

"Food producers and processors have had to deal with so many new challenges over the past months, while continuing to supply Canadians with the high-quality food they produce. Manitoba processors have stepped up to deal with those challenges, just as Canadians have never been more appreciative of the importance of our food supply chain," said Bibeau. "The funding our two governments are delivering together today gives Manitoba processors an extra financial boost to adjust to the challenges presented by COVID-19 and help keep their workers safe."

"A COVID-19 response for the agri-food and agri-product sector is needed to ensure processors can adapt, recover and maintain competitiveness," said Pedersen. "The pandemic has required them to make changes to their operations and enhance their employee protections. Manitoba's food and

agri-product processors are significant contributors to our economy, so we are pleased to offer a program that helps respond to these challenges."

The new COVID-19 Response Initiative will provide financial assistance to agri-food and agri-product processors, food distributors and agri-food industry organizations for:

- personal protective equipment and sanitation supplies;
- business continuity practices, training and resources to support COVID-19 mitigation; and
- beginning in September, financial assistance will also be available for materials, supplies and equipment rentals needed to adapt production processes to meet social distancing and other precautions related to COVID-19.

Eligible costs must be directly related to the execution of a project and must be incurred between April 1, 2020, and Jan. 31, 2021. Projects must be completed on or before Jan. 31, 2021.

Governments will contribute a maximum of 50 per cent of eligible project costs, up to \$25,000 per applicant.

Agriculture and Agri-Food Canada's Emergency Processing Fund (EPF) is a federal investment of up to \$77.5 million to help companies implement changes to safeguard the health and safety

of workers and their families due to the impacts of the COVID-19 pandemic.

The five-year, \$3-billion Canadian Agricultural Partnership includes \$2 billion for cost-shared strategic initiatives delivered by the provinces and territories and \$1 billion for federal programs and services. For more information, visit www.canada.ca/Agri-Partnership.

Funding applications are available on the Manitoba Agriculture and Resource Development website at <https://www.gov.mb.ca/agriculture/canadian-agricultural-partnership/ag-action-manitoba-program/financial-assistance-covid-19.html>.

Four things every family must do in Winnipeg this summer

Save your summer AND win big

Taste top-notch eats. Play a little. Ponder. Add a night at a cool hotel with a waterslide and you've got the makings of one memorable family weekend. Winnipeg has heaps of neat things to do. Make this the summer to finally do some of those things. Simply add some fun to your usual shopping run and create your own staycation. You may even win something!

Eat

St. Norbert Farmers' Market has sweet homemade pies, juicy fruits, unusual vegetables—mao gua anyone?—and farm-fresh everything. Early Saturday, roam the local market for a breakfast of buns or pizza (no judging).

If you're stocking up at some of the big box stores on Kenaston—hello IKEA meatballs—nosh at Nuburger, or the newly opened Frankie's Italian Kitchen & Bar. Or at any number of restaurants along Academy and Corydon Avenues near Assiniboine Park.

BDI on Jubilee is a classic go-to for its famous 'Goog' Special, or for a healthier choice, the Cantaberry, because, duh, it's served in a cantaloupe. Dug and Betty's dreams up authentic treats like its Fog & Oats artisan cookie with London Fog ice cream and triple oatmeal cookie. Ice cream pics are the best – go snap happy on the family treats.

Play

Bring bikes along to ride the hilly—yep, hilly—bike trails at FortWhyte Alive's bison butte. Or, rent cruisers to ride the gentler trails. Take a break for some serious cloudspotting from the tree house or gambol on a baby bison walk.

Families love water. Head to a neighbourhood spray pad with younger children. Or take on the challenge of an escape room with tweens and teens. Lots of diversions exist to keep the kids cool.

Snap pics of the zoo beasts or sculpture garden in and around Assiniboine Park's really pretty, green space. Forgot your cricket bat? Toss a disc, kick a ball around or nab a snooze in the shade.

There are many scenic trails for families to explore at FortWhyte Alive. Photo courtesy of Mike Peters

Think

What was it like to live way up North long ago? Ponder that while examining the tiny and exquisite caribou and people at the Inuit miniature carvings exhibition at the Winnipeg Art Gallery. Download the booklet and delight in more than 100 carvings by Inuit artists portraying life in the North.

Partake of a provoking experience taking in Manitoba's human and natural history at the Manitoba Museum's 10 galleries, including the new Winnipeg Gallery.

Stay

With hotels offering great deals now, it's stress-free to dazzle up your standard "grab your essentials and go" trip. Stay overnight at a suburban place convenient to where you've got to get to. Or, opt for a place with a waterslide!

Downtown accommodation is within walking or quick-cab distance of The Forks, the Canadian Museum for Human Rights, the Manitoba Museum and St. Boniface.

While many hotels near the airport in the St. James District offer suites perfect for families, as well as themed indoor waterparks.

Post about your Winnipeg hotel stay using the hashtag **#SummerSavedContest** on your Facebook, Instagram or Twitter accounts. The more posts you share about your trip, the more entries you get! Proof of hotel stay between June 1 and August 31, 2020.

Winners will receive:

 \$500 Visa giftcard and \$100 giftcard to Outlet Collection Winnipeg

 Two night's accommodation in a VIP hotel suite

Plus your choice of:

WOW hospitality dining experience for four persons

Thermea VIP package for four

Assiniboine Park Zoo VIP Kids package including entry for four kids and two adults

Go to summersavedwpg.com/contest for full details

Annual Teulon Tractor Pull cancelled due to COVID

By Jennifer McFee

For more than four decades, the Teulon Truck and Tractor Pull has been a much-anticipated event for folks in town and far beyond.

Like many other outings this year, the 2020 event has been cancelled due to COVID-19.

Bert Campbell, who co-chairs the tractor pull along with Garry Dola, takes a moment to reflect on the history of the event.

"Last year was 45 years. In the beginning, the tractor pull was just a little bit of a demonstration that went on at the fair in Teulon, and then they hooked it up with the fair and the rodeo. The tractor pull was on the Friday night and Saturday afternoon and the rodeo started after that," he said.

"Then they both decided to part ways because it was too hard to track the people and the costs. That's when the tractor pull went to the August long weekend, but a lot of people like to go to the lake or camping so we moved it to the third weekend in August."

When they first started out pulling in Teulon, they used to use what farmers called a "stone boat," which is a plate to haul stones off the field, Campbell explained.

"A small tractor would hook onto the plate and they would put a bit of weight on it. There would be guys standing on either side of the track," he said.

"As the tractor pulled the skid down the track, more guys would step onto the plate, which would make it harder to pull by adding weight. That was the original way."

In a later rendition, the event would feature a 45-foot hay trailer with a friction plate under the front by the kingpin.

"A contractor loaded a little Caterpillar tractor onto the trailer. As the tractor pulled the skid down the track, he would go forward with the Cat, which added weight to the skid plate and made it harder to pull. This was the most unsafe thing you saw in your life," Campbell said.

"When the tractors started to get the big modified engines with big power, they couldn't do this anymore."

In fact, at that time, they had close to nine locally built modified tractors within a few years, Campbell added.

"First was Alec Dawson with Ol' Blue and Jack Palen with Midnite Mistake and Victor Dola and Sons with Farmer's Dream, which was the first multi-engine tractor around here. Wakshinsky Bros came along with Sod Buster, also a multi-engine at the same time,"

TRIBUNE FILE PHOTO

The annual Teulon Tractor Pull will be cancelled this year due to the coronavirus pandemic.

he said.

"Don Dufner was one of our first Americans who came up here with The Green Goat in the mid '80s. Duf still comes here today with the Goat. Don is now 83 and still having a ball."

The Chamber of Commerce sponsored the pull at first, and they built a sled over the winter from scratch.

"They had a couple of big rails and a friction plate at the front with a big cable on it and a box off an old dump truck that they put a bunch of cement weight in it," he said.

"The cable would pull that box forward and it looked like a real sled. It was pretty crude but it did the job."

As the tractors continued to get bigger and more powerful, they started renting professional sleds, including one called the Bumblebee Sled from South Dakota.

At the time, all of the sleds needed to be pulled back up the track throughout the competition. It was a real game-changer when they started using a self-propelled sled with a motor that originated in Virden.

Over time, they connected with the Red River Valley Pullers Association, which had their own sled.

"They would come up here with a number of pullers and we would pay

them to put on a show. We would add our own antique tractors in our area and stock four-by-four pickup trucks," he said.

"Two-thirds of our pullers are up from the United States and the sled comes from the United States, hence the main reason we're not having the tractor pull this year is we can't get the Americans up here — and we're not sure if we want them here this year anyway."

The entertainment has also changed over time, with plenty of memorable events to captivate the crowds.

"The first time we stuck our necks out, we had a heavy horse pull. It was really amazing to watch how the horses would get way down and almost drag their bellies on the ground as they tried to drag that heavy weight. We've also had a slow tractor pull where they have their John Deeres to see whoever can move the weight in the slowest amount of time," Campbell said.

"Then we stuck our necks out again and tried a combine demolition derby for about four or five years. There were actual old combines that guys don't use anymore. You'd have someone riding in the grain tank spraying water at each other's motors and

trying to kill the engine. They would plow into each other."

A weekend dance in the arena used to draw crowds to see live bands perform, along with involvement from a radio station.

"There was lots of variety over the years. It was really busy, but it was a pile of work and we just couldn't get enough people who wanted to do it anymore," Campbell said.

"But we made money over the years doing and we donated tens of thousands of dollars, to put it mildly."

Recipients of donations include the Liliane Baron Breast Cancer Support Group, the Teulon and District Museum, the Children's Wish Inwood and Woodlands chapters and the Teulon centennial celebration and fireworks. For at least 25 years, the local firefighters association has also received \$1,000 donation, which is usually presented at the annual Firefighters' Ball.

"Other groups that have benefited include the Teulon and District Lions Club, which has run the barbecue and canteen for as long as I can remember. The tractor pull has never taken a cent of commission, so all the revenue they gain is totally theirs. I think it's one of their biggest fundraisers every year," Campbell said.

"Volunteers the Teulon Curling Club run our gate and we give them \$1,500 every year for that. In addition, they run the beer garden and we don't take any commission for it."

Generally, the sponsorships pay for the event advertising and the admission costs go towards the community donations.

"We donate it all. When we're done, we just have a little bit of money left over to start out the next year," Campbell said.

"There's been lots of variety over the years. We've had all the big stuff that you'll see just about anywhere. Now it's really exciting with the super stocks and the pro stocks and the smokers. It's always lots of fun and we're looking forward to another 3,000 seats in the seats for 2021."

Miami, the heart of Manitoba's harness racing for 2020

By Becca Myskiw

The Manitoba Standardbred Racing Industry Inc. isn't letting COVID-19 stop them from racing.

When most tracks across Manitoba closed their gates because of the pandemic, Miami opened theirs. Now, for ten weeks, they'll be hosting Manitoba's harness racing.

Race secretary for Miami Agricultural Society Jan Moody is also on the Manitoba Standardbred Racing Industry Inc. board. She said they didn't think they'd be able to race at all this year, so being able to is something they won't take for granted.

"This is a way the industry can progress," she said.

The races are also bringing tourism and support to the town of Miami. Moody said the racers are renting barn space and camping spots, they're giving business to the local businesses, and the races are bringing outsiders in.

Each harness race has five to eight horses. They run a mile, which is two laps of the Miami track, and the first

horse to cross the finish line wins. In total, Moody said there are 70 to 80 horses signed up to race this season.

Because of the pandemic restrictions, only 200 people are allowed to watch in person. Moody encourages people to show up early to ensure they get a seat, but if they can't make it in, each race is broadcast across Canada thanks to simulcast racing.

That means people can bet in person and online.

Mike Williams, vice-president of the Manitoba Standardbred Racing Industry Inc., said they've been racing on the Manitoba circuit for 119 years. They usually race in six or seven towns throughout the summer, but right now they're just grateful to race at all.

"It's a privilege," he said. "None of us thought we'd be able [to race] because of the COVID-19."

The first races were on July 11. Williams said the grandstands were full that day with 200 people who came out to watch.

On July 18, the rain didn't stop over

A car drives around the track then opens the gates to start the race.

TRIBUNE PHOTOS BY BECCA MYSKIW

The second race was a close finish.

Munchie Chris won the first race of the day.

60 people from coming out to place their bets.

Harness racing will be on in Miami at 1:30 p.m. every Saturday until

Sept. 12 when the finals will dig up the track. Admission at the gate is \$5 a person, and children 12 and under get in for free.

> INTERPRETIVE SIGNAGE, FROM PG. 10

2011.

"The signs in Inwood and Meleb involved so much research. Trying to find the stories, sort through them all, and verify them all, it was not an easy task," said Hinam.

She had to track down the 93-year-old author Anne Yanchyshyn who wrote *MPC Flashbacks: A Commemorative Local History Celebrating the 90th Anniversary of the Arrival of Settlers in Meleb-Park-Cumming School District Area*.

"It was really quite fascinating. Settlers from the Ukraine and Poland showed up in the late 1800s. Most of the good land was taken at that point, so they were forced to move where Meleb is now. ... Now it's mostly drained, but go back 100 years and it

was mostly swamp," she said.

"They literally had to build their lives out of a swamp. They built their houses, and one of the most interesting stories I came across was a family who kept a cow in their house with them until they had enough money to build a barn."

For more stories about the history and culture of the area, Hinam pointed to the signs. Interpretation goes beyond information, according to Hinam, meaning the signs are designed to evoke a response from people through storytelling.

Second Nature Interpretive Design has also been contracted for the Fraserwood project, according to Smerchanski.

TRIBUNE PHOTO BY SUSAN SMERCHANSKI

Inwood's snake statue—"S-S-Sam and S-S-Sara" is now home to three interpretive signs designed by Second Nature Interpretive Design.

sports & recreation

Albert finishes second at 2020 Junior Women's Championship

By Brian Bowman

Selkirk's Mikyla Albert finished second overall at the 2020 Junior Women's Championship presented by the Alex & Peggy Colonello Foundation at the Selkirk Golf & Country Club last week.

Albert carded rounds of 80, 79 and 82 for a 242 total. She admitted that she was disappointed in those scores and felt she should have scored "a lot lower."

Still, she was just two strokes back of 14-year-old Crystal Zamzow, who fired rounds of 79, 77 and 84. Those are great scores for a 14-year-old.

"That's amazing because I definitely was not there when I was 14," Albert said. (Her future) is very bright."

Albert had her sights firmly set on winning the championship in her final year of junior eligibility.

"To be honest, I'm a little upset but there's nothing I can do about it now," said Albert last Sunday. "Second place is a great finish for me."

Albert was the runner-up to Kate Gregoire of Quarry Oaks at the 2019 provincial juniors at Pine Ridge.

Zamzow held the lead all three days of the tournament. It was her first junior women's championship.

In third was Cala Korman, another 14-year-old, who shot a final round 85 for a three-day total of 243. In the age division categories, Albert was tops in the 17- and 18-year-old division.

Albert, who has been battling a recent leg injury, plans to play in a few more MJT tournaments this season.

Sarah Farmer was the other individual in that age division. She finished the 54-hole event at 290.

Jewel Lafleche won the 12-&-under division shooting 208 for 36 holes. Zamzow won the 13- and 14-age division, Aarmon Dhillon of Elmhurst Golf & Country Club won the 15- and 16-age division with a 264.

Play was delayed twice during Monday's second round as thunderstorms crackled in the area.

In the men's championship, round two had to be completed early Tuesday morning due to play being called to darkness the night before.

St. Charles' Neel Soni shot an even par round of 70 during Tuesday's final round to hang on for a one-stroke victory over Breezy Bend's Braxton Kuntz.

Soni finished the 54-hole event with a 208. Finishing alone in third was Carter Johnson of the Ross-

PHOTO BY GOLF MANITOBA

Mikyla Albert, far right, finished second at the 2020 Junior Women's Championship last week at the Selkirk Golf & Country Club. Albert had a three-round total of 242, which was just two strokes back of Crystal Zamzow.

mere Country Club who shot 70 during the final round for a three-day total of 212.

Wyatt Brooks, who golfs out of the Selkirk Golf & Country Club, finished 18th overall with a 24-over par 234. He carded rounds of 81, 74 and 79.

In the age group divisions, Brayden Boge of Pine Ridge won the 12-&-under division, Grady Chuback of St. Charles Country Club won the 13 and 14 division, Kuntz was tops in the 15- and 16-year-old

division and Soni captured the 17- and 18-year-old division.

In the Junior Men's Interclub championship, it was team Rossmere No. 1 of Lachlan Allerton, Trey Ross and Carter Johnson shooting a best two of three 36-hole total of 9-over par 289. Just one back was the team of Jacob Armstrong, Payne Wood and Scott Miner of St. Boniface.

Interlake Blue Jays' Sunday doubleheader postponed

Staff

The Interlake Blue Jays' Manitoba Junior Baseball League road doubleheader against the Pembina Valley Orioles was postponed on Sunday.

No, it wasn't poor weather. It was a lack of players by the Blue Jays.

The two games will be rescheduled

at a later date.

Last Wednesday, the Blue Jays lost 6-5 in an extra inning to the St. James A's in Winnipeg.

Ben Anderson led the Interlake with three hits while teammates Devon Cassan and Liam Allen each had two hits. The Blue Jays' runs were

scored by Cole Olfert, Anderson, Jeremy Wasilewski, Kaden Stewart and Thomas Waldner.

Interlake RBI's came off the bats of Anderson (two), Allen (two) and Cassan.

Noah Cnockaert-Ducharme pitched five innings for the Blue Jays. He was

relieved by Brittney Langlais and Allen.

Interlake, now 6-4, will visit the Carillon Sultans (4-8) on Wednesday at 7 p.m. before hosting the Pembina Valley Orioles (6-3) Friday (7:30 p.m.) and the St. Boniface Legionaires (2-8) Sunday (7 p.m.).

United begins MMSL season with tough home loss

By Brian Bowman

In most years, the Stonewall United would be in the middle of their Manitoba Major Soccer League schedule in late July.

But this, obviously, isn't most years. The United played their first game of the season last Thursday, losing a tough 1-0 decision to Crescent Saturday in Stonewall.

"We ran the other team into the ground (but) we were unlucky not to get the result," said the United's Amar Manning. "In the second half, their goalie made a few great saves and we had a good effort come off the cross-bar."

Jude Dimond-Bauer scored the game's lone goal late in the first half.

Stonewall had plenty of substitutes which allowed them to really grind out and pressure their opponent.

Manning admitted it was strange to play the first game of the season so late into summer.

"It's different but lots of the guys have been keeping up their fitness and everything," he said. "The season

was delayed so most of us were in decent shape. It's a change because you're starting in hot weather."

Manning is confident that the United will be very competitive this season.

"I have a feeling that we will cause a lot of teams issues this year and they will be wary of playing Stonewall United as we have some really talented players with a great work ethic," he said. "Compared to previous years, we have a better balance of youth and more experienced players."

Manning feels many of the United's second-year players will be even better this year as they get accustomed to the pace and physicality of the MMSL.

"It's good to get the young guys out again," Manning said. "Playing men's for the first time in a first year can be a little intimidating. But now that they have had a season under their belt, they'll be more comfortable in that environment against bigger and faster people."

Stonewall is back in action this Thursday when it hosts Sinjar FC.

TRIBUNE PHOTO BY JO-ANNE PROCTER

Stonewall United's Jason Poot moves the ball during Manitoba Major Soccer League 5th Division action last Thursday against Crescentwood Saturday. Stonewall lost a hard-fought game 1-0.

Game time is 7:30 p.m.

on July 30 at 7:30 p.m.

The United will then host Les Bleus

U16 Phillies split double-header with Westman

Staff

The South Interlake Phillies split a doubleheader with Westman in Manitoba Ladies Super Softball League U16 action last Saturday at Quarry Park.

South Interlake lost 9-1 but then won the second game 9-6.

South Interlake, now 3-7 in league play, battled the Lightning in a doubleheader on Monday but no scores were available at press time.

The Phillies will play the Thunder in a doubleheader this Thursday (games start at 6:30 p.m. and 8:15 p.m.) at the John Blumberg Complex.

South Interlake will continue its extremely busy schedule with road doubleheaders this Saturday and Sunday. The Phillies will begin the weekend against Eastman and then will battle Westman the following day. Games start at noon and 2 p.m.

In U14 action, the Phillies swept a doubleheader from Central — winning 6-3 and 14-13 — last Sunday at

Quarry Park.

On Saturday, South Interlake was defeated 7-0 and 24-5 by Westman.

On July 15, the Phillies dropped a 9-2 decision to Smitty's.

South Interlake, now 6-10 in league play, will host the Lightning for two games this Thursday (6 p.m. and 7:30 p.m.).

On Sunday, the Phillies will hit the road for a pair of games against Eastman. First pitch is noon and 2 p.m.

Meanwhile, the U12 Phillies swept a doubleheader from the Thunder on Sunday in Stonewall, winning games by scores of 17-7 and 10-7.

Last Saturday, South Interlake was defeated 11-4 and 7-1 by the Lightning.

The Phillies played the Angels in a doubleheader on Monday but no scores were available at press time.

South Interlake will then take on the Lightning Wednesday (7 p.m.) at John Blumberg.

TRIBUNE PHOTO BY LANA MEIER

Phillies' pitcher Maya Olson pitched the last five innings against the Westman to win Game 2 by a score of 9-6.

Stonewall splits Saturday doubleheader

By Brian Bowman

The Stonewall Blue Jays were a busy bunch on Saturday.

Stonewall hosted a pair of Winnipeg Senior Baseball League games against two different teams at Fines Field.

The Blue Jays first battled the St. Boniface Legionnaires and then took on the Boni-Vital Brewers in the rare doubleheader.

Against St. Boniface, the Legionnaires scored all of their runs in the first three innings en route to a 12-1 victory. After Stonewall scored in the top of the first inning, St. Boniface replied with four in the first, seven in the sec-

ond, and added another in the third.

Stonewall rebounded nicely to hammer Boni-Vital 8-2 in Game 2. The Blue Jays scored single runs in the first, five, sixth and seventh innings. Stonewall also added a four spot in the second.

The Blue Jays outhit the Brewers 13-6.

Last Thursday, the Blue Jays lost 6-5 to the St. James A's in Stonewall.

Stonewall (3-3) will wrap up a four-game homestand at Fines Field with a game this Wednesday against St. James. First pitch is 7:30 p.m.

The Blue Jays will then hit the road

TRIBUNE PHOTO BY JO-ANNE PROCTER

Stonewall Blue Jays' first baseman Derrick Funk makes an out against the St. James A's in Winnipeg Senior Baseball League action last Thursday at Fines Field. St. James won the game 6-5.

to play St. Boniface on Thursday and the Springfield Braves next Monday. Both games will start at 7 p.m.

Trstenjak wins 2020 Nott Autocorp Men's Amateur Championship

Staff

Marco Trstenjak of the Elmhurst Golf & Country Club won the 2020 Nott Autocorp Men's Amateur Championship on Sunday with a three-stroke victory over St. Charles' Neel Soni at the Glendale Golf & Country Club.

Trstenjak started the final round in a tie for the lead at 2-under par with 2020 Manitoba Junior Men's runner-up, Braxton Kuntz of the Breezy Bend Country Club.

He wrapped up his final round even par. Trstenjak, the only player to break par for the 72-hole event, played a steady final round that included three bogeys and three birdies.

He earlier carded rounds of 73, 68, and 73 to finish with a 286 total. It is the first men's amateur title for Trstenjak.

Defending-champion Colwyn Abgrall of the Southwood Golf & Coun-

try Club posted a 1-over par round of 73 on Sunday, moving him into the medals with a third-place finish.

Selkirk Golf & Country Club's Wesley Hoydalo was very good, finishing in a four-way tie for 10th overall. He fired rounds of 75, 71, 75 and 77 for a 10-over 298.

Pine Ridge's Noel Ngo wrapped up his play in a three-way tie for 29th after rounds of 76, 79, 73 and 85 for a 25-over 313.

Just a stroke back was Elmhurst's Ben Bandura (76, 77, 76 and 85) while his son, Brady, placed 54th after rounds of 80, 79, 79 and 92.

Elmhurst's Adam Ingram was 55th with scores of 74, 85, 84 and 89.

Next up is the Manitoba Senior Championship, which will be hosted by the Carman Golf and Curling Club, from July 27 to 29.

18U Orioles pound the Giants

By Brian Bowman

The Interlake Orioles pounded the Elmwood Giants 9-2 in 18U "AAA" baseball action Sunday at Koskie Field.

On July 14, Interlake was defeated 6-2 by the Bonivital Black Sox at Whit-tier Park.

The Orioles, now 3-5, played Elmwood on Tuesday and then will host the Bonivital Black Sox on Thursday (7 p.m.) and the Carillon Sultans in a doubleheader Saturday (3 p.m. and 6 p.m.).

Meanwhile, the 15U Orioles' game against the St. James A's last Friday was postponed.

On July 15, Interlake (1-3) was doubled 10-5 by the Bonivital Black Sox.

Interlake played Red River on Tuesday and then will host Winnipeg South on Wednesday (6:45 p.m.).

On Friday, the Orioles will battle the North Winnipeg Pirates at the Sunova Centre. Game time is 6:30 p.m.

In 13U "AAA" action, Interlake lost 30-4 to Winnipeg South last Thursday in Balmoral.

On July 14, the Orioles were defeated 14-4 at home by the Bonivital Black Sox.

Interlake (0-6) visited Red River on Tuesday and then will play at the St. James A's on Thursday at 6:30 p.m.

Royals start WWSL season with a win

Staff

The Stonewall Royals started their Winnipeg Women's Soccer League season with a victory.

Stonewall edged Greendell FC 2-1 in Division 3 action at Shaughnessy Park on July 15.

The Royals played Maroon Mayhem on Monday but no score was available at press time.

Stonewall will then battle SWAT at Shaughnessy Park on July 30 at 8 p.m.

Warren throws a no-hitter

TRIBUNE PHOTO SUBMITTED

Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

> MEAL IDEAS

Burger with Grilled Pineapple and Honey Garlic Barbecue Sauce

Total time: 30 minutes
 Servings: 2
 2 rings freshly cored pineapple
 2 Lightlife Plant-Based Burger patties, thawed
 salt, to taste
 freshly ground black pepper, to taste
 1 cup baby arugula
 2 sesame seed burger buns, lightly toasted
 1/4 cup crispy fried onions
 2 tablespoons honey garlic barbecue sauce
 Heat grill to medium heat. Grill pineapple slices 4-5 minutes per side until grill-marked and slightly car-

melized. Cut slices in half and set aside. Wipe down grill to cook burger patties.

Season burger patties with salt and pepper, to taste. Grill 4-5 minutes per side until burgers are evenly browned with internal temperature of 165 F.

To assemble, layer handful of baby arugula leaves on toasted bottom buns, top each with burger and two cut slices each of grilled pineapple. Sprinkle on crispy fried onions, drizzle with honey garlic barbecue sauce and place toasted sesame seed bun on top.

Easy Shrimp Skewers

2 red onions, cut into large chunks
 1 cup cherry tomatoes
 10-12 ounces cooked shrimp, peeled, deveined, tails on
 olive oil
 sea salt, to taste
 1 lemon, juice only
 In bowl, soak skewer sticks in water at least 10 minutes to prevent burning on grill). Preheat grill to medium-high heat.

Build skewers by alternating zucchini, bell peppers, onions, tomatoes and shrimp, pushing ingredients closely together on each skewer. Brush each with olive oil and sprinkle with sea salt, to taste.

Cook skewers about 9 minutes, rotating every 3 minutes until veggies and shrimp are seared but not overcooked. Remove and place on large platter.

Drizzle with lemon juice and serve.

Recipe courtesy of Annessa Chumbley, RDN, on behalf of the Seafood Nutrition Partnership
 Prep time: 5 minutes
 Cook time: 10 minutes
 Servings: 5
 10 wooden skewers
 water
 2 medium zucchinis, cut into large chunks
 2 medium bell peppers (any color), cut into large chunks

Seared Salmon with Mediterranean Salsa

1 cup diced cherry tomatoes
 1/3 cup diced red onion
 1/2 cup crumbled feta cheese
 1 handful fresh spinach, chopped
 balsamic glaze

In skillet over medium-high heat, heat olive oil. Sear salmon filets 4 minutes. Sprinkle tops of each salmon filet with sea salt, to taste. Flip and cook 4 minutes until barely done. Remove to serving platter.

In medium bowl, make salsa by gently folding together chickpeas, artichoke hearts, cucumber, tomatoes, red onion, feta and spinach. Sprinkle with sea salt, to taste. Drizzle with balsamic glaze and spoon salsa over each salmon filet.

Refrigerate leftover salsa.

Recipe courtesy of Annessa Chumbley, RDN, on behalf of the Seafood Nutrition Partnership
 Prep time: 5 minutes
 Cook time: 10 minutes
 Servings: 4-6

2 tablespoons olive oil
 4-6 salmon filets (each about 1-inch thick)
 sea salt, to taste
 1 can chickpeas, drained and rinsed
 1 can quartered or chopped artichoke hearts, drained
 1 cup diced cucumber

Pulled Pork Sliders with Tangy Red Slaw

1 pound pulled pork, heated through
 1/4 cup hickory smoked barbecue sauce, warm

12 small pull-apart dinner rolls, split crosswise and lightly toasted

To make slaw: In large bowl, combine oil, vinegar, sugar and cayenne pepper; whisk to combine. Add celery, bell pepper, onions and red cabbage; toss to coat.

To make sliders: In medium bowl, mix pork and barbecue sauce. To assemble, spoon pork evenly over bottom half of each roll. Top with slaw and top half of each roll.

Note: If desired, slaw can be served warm. In saucepan over medium-low or medium heat, cook slaw about 5 minutes, or until heated through, stirring frequently.

Prep time: 25 minutes
 Servings: 6
 Slaw:
 1 tablespoon olive oil
 2 tablespoons apple cider vinegar
 3/4 teaspoon sugar
 1/8 teaspoon cayenne pepper
 1/4 cup thinly sliced celery
 1/4 cup finely diced green bell pepper
 1 cup Aunt Nellie's Whole Holland Style Onions, drained and coarsely chopped
 1 jar (16 ounces) Aunt Nellie's Sweet & Sour Red Cabbage, drained
 Sliders:

Lemon-Butter 4 Bean Ravioli

Recipe courtesy of "Winnie's Balance" on behalf of Seneca Foods

Prep time: 15 minutes
 Cook time: 12 minutes
 Servings: 4
 1 package (10 ounces) fresh cheese ravioli
 1 teaspoon olive oil
 2 cups combination of sliced button mushrooms, chopped kale and grape tomatoes
 2 tablespoons unsalted butter, divided
 2 large cloves garlic, minced
 1 can (15 ounces) READ 4 Bean Salad
 1-2 tablespoons fresh lemon juice
 crushed red pepper flakes (optional)

Cook ravioli according to package directions. Drain and set aside.
 Heat medium skillet over medium heat. Add olive oil; swirl to coat.
 Add mushrooms, kale, tomatoes and 1 tablespoon butter. Cook 6 minutes, or

until mushrooms are soft and tomatoes burst, stirring occasionally. Remove from heat.

Return pasta to medium heat. Add remaining butter and minced garlic. Cook 2 minutes, or until garlic is fragrant, stirring frequently. Stir in bean salad; cook 1 minute, or until heated through.

Gently stir vegetables into pasta. Drizzle with lemon juice. Toss gently and top with red pepper flakes, if desired.

A special thank you to everyone who sent birthday wishes for my 90th. It meant so much to be remembered.

-Anne Brindley

CARDS OF THANKS

The family of Donna Ward would like to sincerely thank everyone for their phone calls, messages of sympathy, condolences, baking, cards and donations to the Church of the Ascension. Your kindness was greatly appreciated and will long be remembered. Special thanks to Ken Loehmer for his compassion and guidance during this difficult time.

-Greg and Rhonda, Dean and Marg, Tim, Kim and Scott, Gord and Alvina and families

IN MEMORIAM

In Loving Memory of Brian Brindley who left us July 19, 2018

We hold you tightly in our hearts, And there you will remain; You see life has gone on without you, But it will never be the same.

-Mom, Donna, Ken, Kendall and Billie

Don't forget your loved ones who have passed

OBITUARY

Isabell Rose Elizabeth Martini (nee Heaps)

On July 11, 2020 after her final battle with cancer, Isabell passed away at the age of 84 years.

She will be missed by daughter Elizabeth (Randy); two grandson's RJ (Cindy), Roy; three great-grandsons Gage, Levi and Nathan and Haley, Kiley and Alexandra. She also leaves to mourn two brothers John and Jim.

She was born on September 24, 1935 in Stonewall, Manitoba and was the fourth child of five to John and Elizabeth Heaps.

Isabell was predeceased by her husband Leonard, daughter Linda, parents Elizabeth and John and brothers Robert and William.

Isabell worked at Eaton's until she married her husband Leonard on April 25, 1959 and spent 59 years together. She also worked many years at Boeing. Isabell went regularly to church until it was closed. Isabell loved gardening and her flowers, as well as camping and travelling. She was also an avid reader until her eyesight deteriorated.

To honour her wishes, a graveside service has taken place and she was laid to rest in Victoria Cemetery by her husband and daughter.

OBITUARY

Phyllis Rossnagel

It is with heavy hearts that we announce the passing of our mom, nana and great-nana, Phyllis Rossnagel.

Born on July 14, 1935 to Harry and Hazel Maurage, Mom was a single child. She was raised, for the most part, in Stony Mountain where she met and married the love of her life, Ernie, in 1955. They raised their family on the farm. Two sons Roy (Heidi), Barry (Michelle) and daughter Linda (Wayne). Mom adored her grandchildren Crystal (Tim), Tyler, Travis (Stephanie), Michael and Hannah. Her great-grandchildren were the light in her eye and Mom enjoyed going to their birthday parties; Quinn, Emma, Owen, Caleb and Abby. Mom was predeceased by her husband as well as many sisters and brothers-in-law.

Mom was a wonderful mother and loving nana and great-grandma. Her family was everything to her and she enjoyed hosting holiday dinners until it became too much for her. She was one of those farm wives who had gainful employment off the farm and was employed at Stony Mountain Institution for many years. She made many great friends there over the years and enjoyed her job until her retirement. Because of her employment, Mom was able to provide extra things for her children, like braces and weekend beach trips, which is an example of the caring mother she was.

When Mom became ill she moved to Lake Manitoba Narrows to live with her daughter Linda and her husband Wayne. She settled in quite quickly and enjoyed being taken care of and found the family pets Isabel, Toby and Sadie very entertaining. Mom had a huge love for dogs and her friends were very aware of that by all the cards they sent wishing her well, almost all had dogs on the front which she got such a kick out of.

Thank you to everyone who phoned Mom on a regular basis to check in on her. She appreciated it more than you know. Thank you to Mona Denton for your prayers and encouraging words during Mom's illness. Thank you to staff at Selkirk Hospital, Stonewall Hospital and Ashern Hospital for the very good care provided to Mom.

Donations can be made to the Stony Mountain United Church, if so desired.

A graveside service was held on Monday, July 20th at Stony Mountain.

OBITUARY

Harold Oughton

April 19, 1946 – July 15, 2020

Summing up our Dad in such a small space is impossible, but for those of you that knew him you can fill in the blanks.

Surrounded by his four children and two grandchildren, our Dad rode off into the sunset on the evening of July 15th...met with open arms from Auntie Nellie and happy hour with Clinton (Inman) and Bill (Good). You can guarantee those birds will be flying with more than one wing.

Dad was born on April 19, 1946 and the letter attached should have read, "Fasten your seatbelts". He was a jack of all trades and master of most of them as well.

From business owner to hockey coach, school bus driver to prankster, he could walk into a room and it would light up with his sharp (sometimes inappropriate) wit and charm. God forbid you were one of the gullible ones who looked for that gold watch at the bottom of the pool... you surely ended up going for an unscheduled swim, shoes and all.

As children, we truly never "wanted" for anything and Dad was always in our corner. Whether it was baseball, 4H, Judo, volleyball, swimming or his greatest loves...hockey and horses, Dad was always there cheering us on either from the stands or as a coach. He loved to cook and entertain family and friends and the more was always merrier. Often he'd call the local butcher to open up after hours so he could buy steaks to grill for everyone after a slo-pitch tournament. We'd also be remiss if we didn't mention all of the Christmases and occasions he would get the team of horses ready - complete with a sleigh and hay bales for moonlit sleighrides with friends and family.

Dad never stopped working (and we stole his joke "I haven't sat down yet today") - there was always a project on the go and a deal to be made and you can rest assured that hasn't changed since his arrival up there.

In addition to Dad's family and long list of true friends, his loss will leave a vast void in the hearts of his children, Lana Oughton (Jerry Castellano), Darren Oughton (Tricia), Laurie Oughton (Rob Schumann) and Dale Oughton; grandchildren, Fraser McCullough (Chantel), Cara McCullough (Bryce), Thomas and Nikolai Oughton and the mother of his four kids, Lorraine Oughton.

As per Dad's wishes, cremation has taken place and a private service with his children will be held at a later date.

Dad, we miss you beyond belief already - thank you for all of the precious memories that will live on forever.
