Children were hard at play during the annual Sunova Summer Funtastics day camp at Teulon's Green Acres Art Centre last week.  
The camps provide supervised fun and activities for kids and teenagers ages five to 17.  
The camp's theme changes weekly and has already featured sewing, dancing, sports, readers theatre, and flights and fossils.  
Last week was Games Camp for kids aged five to 11. Campers competed in games like Bingo, Jeopardy, Guess Who and played outdoor sports like soccer, kick ball and bocce ball.  
"With COVID, everyone has been kind of

stuck at home over the last two years and the kids love getting out. They love meeting new friends and seeing old friends. We have tons of activities, and we are super lucky to offer so many different sports," said camp co-ordinator Keri Everitt.  
Twenty-two children attended last week's Games Camp, and this summer the GAAC has averaged 14 kid campers and 10 teens per week, said camp co-ordinator Samantha Morin.  
Between Aug. 9 to 13 the GAAC hosted Woodworking Camp for kids.  
Friday will be the final day of camp this summer.

# Town of Stonewall cuts ribbon at splash pad grand opening

By Tyler Searle

The Kinsmen Splash Pad is officially open after town officials and the Stonewall Kinsmen Club hosted an inaugural grand opening and ribbon-cutting ceremony on Aug. 10.

Kinsmen Club member and Rockwood CAO Chris Luellman directed the ceremony alongside Stonewall Mayor Clive Hinds. Behind the men stood a dozen Kin members (Kinsmen and Kinettes) and Town of Stonewall councillors Jackie Luellman and Kimberly Newman.

A crowd of roughly 50 people gathered to watch the proceedings. Among them were sponsors, patrons and friends of the splash pad project.

"This project couldn't have happened without the support of our entire community and especially our sponsors," began Chris Luellman in his opening address.

He acknowledged significant sponsorships that made the \$300,000 project possible, including a \$75,000 grant from the provincial government, which he credited to local MLA Ralph Eichler.

Eichler was not present, but his assistant Sandra Smith accepted the acknowledgment in his stead.

Although the splash pad opened to the public in mid-July, its committee decided to hold off on the grand opening until Aug. 10. The date is significant because it coincides with Kinsmen Lake's 65th anniversary, Chris Luellman said.

He took a moment to recognize the

history of the lake and account for the prosperity it has brought the community over the years.

In 1956, with an estimated budget of \$2,000, the Kinsmen Club converted an abandoned slough (quarry) into Kinsmen Lake. On opening day in 1957, admission cost 25 cents for families with children, and a season pass was \$1.

Over time, the Kinsmen property grew to encompass the adjacent park and campground — now known as Quarry Park.

Today, the area is a shining gem of the community and a symbol of quarry rehabilitation, he said.

Kinsmen Club president Martin Mailman conceived the splash pad after nearly a year of deliberating various projects. The pad represents the legacy and impact of the Kinsmen Club on the community, Chris Luellman added.

"So, let's cut a ribbon," he finished.

The underground pump, which powers the splash pad, can move up 34,000 gallons each day, and the system uses an environmentally friendly circulation tank.

A Kinsmen Club member pushed the button to charge the water lines while Hinds and Mailman positioned side-by-side before the ribbon.

A minute of bated anticipated passed before water came cascading down from the fountains and spurted up from inground geysers.

A wave of laughter rolled through the crowd, and applause soon fol-

TRIBUNE PHOTOS BY TYLER SEARLE

Darian and Macy L. play in the water following the splash pad's grand opening.

lowed as Hinds cut the ribbon.

The Kinsmen Splash Pad was officially deemed open.

The project is functionally complete, but the club plans to finish the surrounding plot by laying a brick walkway and erecting a picnic shelter in the fall.

The pad is open daily from 10 a.m. until 7 p.m. in the summer.

Admission is free, but there are no

washroom facilities on site. The nearest public washrooms are available at the ball diamonds to the north.

The Kinsmen Club is still accepting donations. Donors can support the project by buying an engraved brick for the upcoming pathway.

More information is available online at <http://www.stonewallkin.com> under the "Buy a Brick Campaign" tab.

## Musical fundraiser for Amaya

Staff

An upcoming musical event will hit a high note with good times for a good cause.

On Aug. 20 from 6 to 10 p.m., McLeod House Tearoom and Restaurant is hosting a live music charity event with proceeds going to Magic for Amaya. At 7 p.m., blues rock band DB + The Dead Beats will take the stage.

Amaya Dawson was in a car accident that left her paralyzed. Her fam-

ily is raising money for her to travel to Thailand for a stem cell transplant in the hopes of restoring her mobility.

McLeod House Tearoom and Restaurant will be taking donations at the event, and they'll also be donating 40 per cent of all sales from the boutique and restaurant to the cause.

To reserve a table, call McLeod House Tearoom at 204-467-2303 or make a reservation online at [www.mcleodhousetearoom.com](http://www.mcleodhousetearoom.com).

# RM of Woodlands takes home the gold for Good Roads

By Nicole Brownlee

On Aug. 11, four RM of Woodlands residents were awarded Manitoba Good Road awards for both district and provincial titles.

Henry and Claudia Hueging won the Lewis Instruments Ltd. Shield for Best Farm Home Grounds in District 1 and The Antonation Trophy for Best Farm Home Grounds Provincial Winner.

Lori-Ann and Garth Buors won The Brian & Janet Nedohin Shield for Best Country Resident Non-Farm Home Grounds in District 1 and The Manitoba Hydro Shield for Best Country Resident Non-Farm Home Grounds Provincial Winner.

This is the first year the RM of Woodlands has been awarded by the district and the province for their residents' exemplary properties, said Lori Schellekens, reeve of the RM of Woodlands.

The Huegings and the Buors were nominated by the RM of Woodlands for the award and were judged by Good Roads Manitoba board members in July.

Both couples said they were sur-

prised they were chosen for the awards but said it was nice to be recognized.

"We were just glad to be nominated," said Claudia Hueging.

Claudia Hueging added that the judges had good timing. The family had celebrated two weddings for the Huegings' sons last fall two weeks apart on their property, which motivated them to take extra care of their grounds. By the time the judges came to their home, the Huegings had gotten into a routine of maintaining their hard work.

Lori-Ann and Garth Buors agreed that COVID-19 restrictions had encouraged them to stay home and improve their property. When they first purchased the five acres of property in 1985, it was all bush, said Garth Buors, but they enjoy putting in the time to improve their home.

"The work never stops," said Buors.

The council said it was hard to pick which properties to nominate for the Manitoba Good Road awards because there are a lot of great options to choose from, but the Huegings and the Buors are well-deserving.

TRIBUNE PHOTO BY NICOLE BROWNLEE

dent has won the Manitoba Hydro Shield for Best Country Resident Non-Farm Home Grounds since 2002.

## Rockwood council defeats request to voice opposition to Bill 64

By Jennifer McFee

Creative solutions are providing a little relief for cattle farmers who have been stricken by drought.

At the Aug. 11 council meeting, Rockwood council granted permission for a resident to pasture his cattle on a piece of municipal property.

Due to the dry conditions, the resident has been having an issue with pasturing his cattle and asked to use an adjacent piece of property owned by the municipality. The RM doesn't have a policy for leasing.

The fence will be removed at the request of the public works department, and the municipality won't be liable for any damages to the fence or animals.

In addition, council approved a request from another resident asking

to install an electric fence along roads 83N and 1E so his cattle can graze in the ditch since his pasture is running low on grass. He will need to ensure the fence is removed by the end of September.

In other council news:

- Council approved a 75-25 per cent cost-sharing agreement in response to a request for an extension of a water line. The resident currently has one home on a property on Road 11E that is hooked up to the municipal water supply, and she would like to have a water source for a secondary dwelling.

The water line currently runs along Road 74N, and it would need to be extended 100 metres down Road 11E for the connection.

The resident has also looked into the

possibility for drilling a well, but the RM recommends against it since she's located in the Rockwood sensitive area. She also considered a cistern, which the RM also does not recommend.

In the end, the municipality agreed to enter in a cost-sharing agreement for installing a two-inch water line to the second dwelling on the property. The RM will be responsible for 75 per cent of the costs plus all the GST, and the homeowner will be responsible for the remaining 25 per cent. The resident will be charged the current Stony Mountain water rates.

- The Town of Teulon agrees with the RM of Rockwood that the Teulon-Rockwood Recreation Commission will be dissolved. In a July 27 letter from Teulon Mayor Anna Paz-

dzierski to Rockwood's mayor and council, she wrote that "all management responsibilities should be immediately transferred to the council of the Town of Teulon." She added that the Town of Teulon and the RM of Rockwood should immediately enter into discussions to determine an equitable funding model to effectively meet the needs of the residents of both communities.

- Council approved a request to remove the commercial portion of curbside waste collection from Argyle General Store since the store hasn't been open since 2018. The owners will continue to pay for a residential portion of curbside waste collection.

- Council approved a couple requests to vary proposed farmstead subdivisions.

- They also approved a request

# Woodlands reconsiders biosolids route

By Jennifer McFee

The RM of Woodlands is reconsidering a proposed route for the City of Winnipeg to haul biosolids through the municipality, with highway safety as a top-of-mind concern.

The city's biosolids land application program involves spreading biosolids, a byproduct of wastewater treatment, on farmland with approval from landowners and the provincial government. These biosolids bring nutrients to the soil while also providing an opportunity to reuse wastewater byproducts.

The City of Winnipeg's 2021 land application program involves applying up to 20,000 wet tonnes of biosolids based on crop nutrient uptake and removal of nitrogen and phosphorus over multiple years.

The city's water and waste department has scheduled land applications for 2021 in the RM of Macdonald. Due to unforeseen circumstances, this land application is at risk of losing one section of land from its current established location in the RM of Macdonald. The city approached the RM of Rosser asking to operate a biosolids field storage and land application program in the RM of Rosser starting in the fall on land owned by Tomatin Farms, if the RM of Macdonald option doesn't work out.

The city would be responsible for all costs related to road, ditch and drainage upgrades, maintenance, dust

control and restoration of municipal property used to access the property.

The proposed haul route is Highway 6 to Road 75N, east for 3.5 miles to Mile 6W, south for three miles, and then east for a half-mile on 72N. The city must inform all residents within a kilometre radius of the site of the program.

At an RM of Rosser council meeting on July 13, Rosser council approved a resolution with these conditions. The RM of Rosser also instructed the City of Winnipeg to seek approval for the haul route from the RM of Woodlands, since the proposed haul route is not solely in the RM of Rosser.

At a recent RM of Woodlands council meeting, Woodlands council also granted approval for the proposal.

However, at the Aug. 10 council meeting, Woodlands Reeve Lori Schellekens presented a notice of motion to rescind the resolution for the city of Winnipeg biosolids land application program. The topic will return to Woodlands council at the Aug. 24 meeting.

"When we looked at the route, we started feeling concerned," she said. "We thought that it might damage the bridges for the farmers."

In addition, several residents brought forward concerns about the safety of the route, which involves a left turn off of Highway 6 onto Road 75N, where there is no turning lane.

Initially, Woodlands council thought

it could benefit the municipality's budget to have the gravel and dust control covered through the project.

"We thought we were doing something good for our citizens," Schellekens said. "We weren't thinking about the turning traffic at first."

Elaine Lally and her husband Eric, along with about a dozen other resident, spoke to Woodlands council as a delegation at the Aug. 10 meeting. In addition, 42 people signed a petition to voice concern about the proposed route.

"These trucks are going to be turning off of Highway 6 in a passing lane, which makes no sense," Lally said.

"They're turning off at a dangerous point and then they're going down a road that was not designed to have these trucks on them and that has a

lot of uncontrolled intersections."

The Lallys, who live on Road 75N, plan to be at the next Woodlands council meeting to see if council will rescind the previous resolution.

"The safety of the residents and the people on Highway 6 should have been paramount. When we're turning off Highway 6 onto Road 75, we've always got one eye on the rearview mirror because we're scared of that corner. It's dangerous, plain and simple. That's our concern," Lally said.

"Having those trucks turn in the passing lane is bad planning when they could go a little farther where there is actually a turning lane."

Schellekens said the RM will also reach out to Manitoba Infrastructure to discuss highway safety issues related to that intersection.

## Funding for patio project

TRIBUNE PHOTO BY TYLER SEARLE

Community Futures East Interlake (CFEL) presented Something Beautiful with a \$5,000 cheque last week. The grant is the largest available under the Build Interlake Growth Program and comes in support of the patio and pergola project, said Eugene Zalevich, CFEL business analyst.

Zalevich delivered the cheque to Something Beautiful staff Mike Maartense, Darrell Dempster and Community Living Interlake executive director Jimm Simon on Aug. 10.

## > ROCKWOOD, FROM PG. 4

to vary the minimum distance required between an accessory building and principal building to authorize an existing fabric shelter on a Stony Mountain property.

- Council approved a request to reduce the minimum site area for a non-commercial farm on Road 84N and increase the maximum number of animal units permitted for a non-commercial farm to allow two horses to be kept on site. The applicant currently owns two horses and would like to stable and pasture them on the

3.2-acre site. They intend to fence the property.

- In addition, council conditionally approved a request for a 1,760-square-foot temporary mobile home at a property on Road 87N. The property now belongs to the applicants' son, and they would like to live on the property to help him with farming about 70 acres of hay land and other acreage.

- Council defeated a request from the Interlake School Division to voice opposition to Bill 64.

## Class will be back in session

### Safe return to school plan lifts restrictions

By Lorne Stelmach

The province is largely lifting restrictions to allow students to return to in-class learning this fall.

The Manitoba government last week released its safe return plan for Kindergarten to Grade 12 students to classrooms Sept. 7.

While easing a majority of the restrictions, especially mask use, earned some criticism, provincial officials stressed students and staff will be expected to continue to follow the 'COVID-safe' basics and that masks will continue to be recommended.

It was also stressed public health officials will continue to closely monitor conditions on an ongoing basis, and individual divisions will have the choice to maintain stricter measures if they so wish.

"We do want to ensure that a safe and healthy environment is in place for all students and staff this fall," said education minister Cliff Cullen.

"After 18 months of facing the global impacts of the COVID-19 pandemic together, Manitoba is on the road to reopening, including schools with near normal operations," said Cullen. "Children returning to full-time in-person learning is another example of a transition to a post-pandemic Manitoba and a closer return to normal life.

"Our government believes that students learn best in the classroom, and we know how eager students are to return," he continued. "Public health officials will continue to monitor key data and local conditions and schools will be prepared to implement possible additional public health measures."

Manitoba's chief provincial public health officer Dr. Brent Roussin also stressed there will be contingency plans in place.

"We are going to continue to see COVID-19 infections in the community; we're going to see them in the schools; we're going to see a return of other respiratory illnesses," Roussin

acknowledged. "The strong determination of Manitobans has helped limit the spread of the virus. This has resulted in a reduction in overall case numbers, community transmission and test positivity rates. The strain on our health-care system continues to decline as vaccination rates continue to increase.

"Exposures in schools are less likely to occur when community transmission is lower ... so, as a result, schools will be able to return to close to normal activities in September with some health and safety measures in place," he said. "These public health orders may change over time again depend-

ing on what we see with transmission and risk of severe outcomes. ... We can always revisit these restrictions. ... Nothing is off the table."

Cullen also noted that the 2021-22 school year will focus on addressing the mental health and well-being of students and the education workforce, ensuring supports for students with special needs as well as addressing the learning impacts from the pandemic.

As part of the province's plan to ensure the health and wellness of students, a renewed focus on immunizations for school-aged youth will also launch this fall.

Currently, about two-thirds of those aged 12 to 17 have received at least one dose of the COVID-19 vaccine and about 52 per cent have received both doses. Immunization teams will attend all schools with students aged 12 to 17 to provide first and second doses beginning in areas with lower vaccine uptake to help reduce barriers to immunization.

Planning is also underway for a school-based campaign for children aged five to 11 once the COVID-19 vaccines are approved for use. School-based clinics will be one of many options available to students and their parents to get a COVID-19 vaccination. Vaccine appointments, community-based pop-ups, medical clinics and pharmacies will continue to be options into the school year.

Public health and education officials are also putting plans in place to ensure young people can catch up on important immunizations that

TRIBUNE PHOTOS BY JO-ANNE PROCTER

The Ruby-throated hummingbird weighs 2.5 to 3.5 grams (a little more than a dime) and is the most common hummingbird species in North America and the only one known to nest in Manitoba. Hummingbirds must consume about half their weight in pure sugar and two to three times their weight in total food each day due to their extremely high metabolism. They drink nectar for energy but obtain nutrition by eating a wide variety of small bugs including spiders, mosquitoes, gnats, fruit flies and small bees. Help the *Tribune* record the weather of the week and send in your photos of friends or families enjoying the outdoors. Email: [weather@expressweeklynews.ca](mailto:weather@expressweeklynews.ca).

## > BACK IN SESSION, FROM PG. 6

may have been delayed due to the pandemic such as HPV, hepatitis B, meningococcal disease and tetanus, diphtheria and pertussis.

Public health officials are also recommending changes to cohort sizes for child care facilities. Cohort sizes will increase from 30 to 48 children plus staff.

In addition, physical distancing within a cohort is no longer required, however it is strongly recommended the same staff work exclusively with the same cohort. Sharing staff across cohorts should be avoided to the greatest extent possible.

Schools will use student assessments to further understand and address the impacts of COVID-19 on learning and plans to hold stakeholder engagements to develop supports to improve the mental health and well-being of

students and staff.

This will build on \$2.5 million in student mental health investments made last year over and above the allocations to school divisions. Another \$58 million is dedicated to supporting safe schools including a \$5 million fund provided to school divisions over the summer and at the start of the year to assess and address learning impacts because of the pandemic.

Funds dedicated to helping and protecting students include:

- \$40 million for additional staffing, learning and technology, and health and safety;
- \$6 million for masks and personal protective equipment;
- \$5 million for the kindergarten to Grade 8 remote learning support centre for students who are immunocompromised.

- \$2 million in contingency funding.

There were questions and concerns raised about the government plan including the Opposition NDP Leader Wab Kinew, who suggested removing the mask mandate was incomprehensible with a possible fourth wave of the virus to come.

"Even while they admit that a fourth wave is inevitable, the PCs are sending 200,000 children back to school without basic safety measures like mandatory masks. We didn't expect much, but this is worse than we could have imagined," said Manitoba Liberal Party leader Dougald Lamont.

"There is no plan for immunocompromised or disabled children who cannot attend school and whose parents have to work. There should be mandatory masks, frequent testing, and the government still needs to upgrade HVAC systems, many of which been obsolete for 30 years."

### What Are You Wearing Today?

I want you to imagine you're in your car speeding. And I know — you don't speed. You haven't done it since yesterday. But suppose you're speeding.

Suddenly you notice red lights flashing in your rearview mirror. And, yeah, you know the drill. You pull over, roll down your window, and suddenly ...

A guy in his pajamas walks up to your window and says, "You're licence and registration, please."

And here's my question. Would you give this person your ID? Heck no. A guy in his pajamas? We all know that real police officers wear uniforms. It sets them apart from regular people — it gives them a level of authority. This guy is either an imposter or needs better training.

And more importantly, did YOU know Christians have a uniform. And, no, it's not a sweater vest. Faithful Jesus followers have a uniform. It's true. Wanna know what it looks like? Check this out — it's in the Bible ...

Since God chose YOU to be the holy people He loves, you MUST clothe yourselves with tender-hearted mercy, KINDNESS, humility, gentleness and patience. — Colossians 3:12

So let me ask. Is that your experience with Christians? Mercy, kindness, humility, gentleness and patience? It should be — these things aren't optional. In fact, later it says: "Above all, clothe yourselves with love."

If you've been hurt by a Christian, you may have just met police in their pajamas. Either they're an imposter or they need more training.

Right now, the world needs more people dressed in loving kindness. If it isn't coming to you naturally, put your faith in Jesus. He can change your "style" from the inside out.

If you need training, email [call-paul@gmail.com](mailto:call-paul@gmail.com). We have a new course on cultivating kindness.

Either way, clothe yourself in loving-kindness every morning. You'll look and feel like a million bucks — and so will our world.

Paul Emmer  
YFC Stonewall

# Provincial help for producers is too late: Steppler

By Becca Myskiw

The provincial government recently announced \$62 million in funding for AgriRecovery, but a local producer says it's too late.

On Aug. 10, the Government of Manitoba said they're investing \$62 million in programs under AgriRecovery that are "designed to support livestock producers affected by this year's drought conditions to ensure producers have options to retain and care for their animals while also supporting the longer-term sustainability of the livestock sector."

"This extremely dry weather has affected producers' ability to find suitable pastures and feed for their animals which means that, without additional investment, producers are in the very difficult position of having to consider reducing their herds or leaving the industry altogether," said Minister of Agriculture and Resource Development Ralph Eichler. "There is no harder decision for a livestock producer. Our government is making this significant investment to ensure there are other options available when they're needed most."

Producer Andre Steppler from Mi-

ami said though it's a significant number of funds, it's too late for farmers to use them properly.

"We needed the funding months ago," he said. "The government really missed the ball on that."

Steppler said this drought was not a wild card situation — there should have been all sorts of programs in place for it and benchmarks hit earlier to initiate these programs. With the funding being announced just now, most producers have already made decisions and sold their cows.

He said if this funding had come sooner, producers could have got the feed they needed and brought it to their cows or transported their cows to the feed. Now, most of the feed has been harvested or won't be good when it is.

Steppler said he'll likely use the money he gets to fence off an area for fall grazing to extend the grazing period for his cattle. He said other producers will have to educate themselves on what they can do and whether they'll use the funds for transport, fencing, feed or something else.

He worries, though, that some producers won't try to get money from

TRIBUNE PHOTO SUBMITTED

The government's \$62 million in funds for producers came too late, according to Andre Steppler.

the programs as some are still waiting for payouts from up to two years ago. He said that gives many of them a hesitancy they don't need.

"Every day counts for being able to keep a cow herd in Manitoba and western Canada," he said.

## Health officials keeping an eye on impending fourth wave

By Ashleigh Viveiros

Manitoba's number of daily new COVID-19 cases remained in the double digits at the start of the week.

In the Monday bulletin, public health officials announced 102 new cases of the virus: 25 cases from last Friday, 24 on Saturday, 20 on Sunday, and 33 on Monday.

Manitoba started the work week with 591 active cases and 56,271 total recoveries. The number of COVID-19 patients who have died in Manitoba has reached 1,187, including three from the Prairie Mountain, Winnipeg and Interlake-Eastern health regions who succumbed to the virus over the weekend.

There were 69 people in hospital with the illness on Monday, including 12 in intensive care.

The current five-day COVID-19 test positivity rate was 1.8 per cent provincially and 1.4 per cent in Winnipeg.

Interlake-Eastern Regional Health was reporting 280 active cases of the virus at press time. In the Interlake-Eastern region, four new cases announced on Monday. A number of communities were recording active cases: Beausejour, 11; Eriksdale/Ash-

ern, 10; Fisher/Peguis, 134; Northern Remote, 27; Powerview/Pine Falls, 74; Springfield, six; Stonewall/Teulon, seven; and the unknown district, seven.

While case counts remain low in Manitoba right now, deputy chief provincial public health officer Dr. Jazz Atwal noted health officials are keeping a close eye on how the fourth wave is beginning to play out in other jurisdictions.

"We're taking a look at what's happening in other provinces," he said, noting case counts and hospitalizations are increasing in other parts of Canada.

"Some have said this is a pandemic of the unvaccinated right now," Atwal continued, "and I think there's a lot of evidence supporting the impacts on unvaccinated individuals and severe outcomes because of COVID, and what we're seeing across many jurisdictions and in our own experience is just that."

Over 80 per cent of eligible Manitobans have gotten the COVID-19 vaccine so far, but there are thousands of younger children for whom no vaccine has yet been approved.

"The best way to protect our children is for everyone who's eligible to get a vaccine to get that vaccine," Atwal stressed.

### Vaccine eligibility widens

The province has announced that children who are turning 12 years old in 2021 are now eligible for the vaccine, even if their birthday is still to come between now and Dec. 31.

While Health Canada has not yet approved a COVID-19 vaccine for children under the age of 12, Dr. Joss Reimer, co-lead of the vaccination task force, noted this widening of eligibility is in line with the existing vaccination program in schools, which gives vaccines to children based on birth year not exact age.

"When we do school-based vaccinations we do it on a cohort basis," she explained. "So we go in and we provide vaccinations for a variety of things based on what grade students are in and offer it to the whole class, the whole cohort at one time."

"As we move into the school year, we need to have a similar process for COVID," Reimer said, noting they plan to offer the COVID-19 vaccine approved

for youth at all Manitoba schools this fall.

Discussions with schools and public health nurses have made it clear "logistically it was a much better approach to include the entire cohort instead of breaking it up and having some of the children in a grade getting the vaccine and others not," Reimer said, noting there is little physiological difference between a child who is 11 years, 10 months old and one who is fully 12 years old.

Opening eligibility up to 11-year-olds a few months shy of their 12th birthday is expected to allow between 4,000 and 5,000 kids to get vaccinated against COVID-19.

Reimer reminds parents they don't need to wait to have their child vaccinated at school — eligible youth can get their shots at any immunization clinic in advance of classes beginning.

Those clinics are also now also offering the other school-based vaccines (HPV, hepatitis B, tetanus, etc.) that students may have missed over the past couple of years of remote learning. Details are available by calling 1-844-626-8222 or going to [protectmb.ca/school-immunizations](https://protectmb.ca/school-immunizations).

# Meleb landfill garbage accumulating on ratepayers' property in RM of Armstrong

By Patricia Barrett

Farmers in the Municipality of Armstrong have been trying to get council to clean up garbage that is being strewn around the Meleb waste disposal site and is also accumulating on their property.

Kathee Aitken and her husband have a cattle operation near the landfill and their animals are being exposed to all sorts of waste polluting their grazing land.

"The garbage gets blown into the pasture with our animals," said Aitken during a lunch break at council's Aug. 10 regular meeting. "We've got muffin containers, cans, meat packaging, Styrofoam, plastic. We're trying to contain it so our animals don't get hurt. The babies [cattle] will chomp on garbage because they don't know what it is and they're curious."

The Aitkens have asked council a number of times since spring to clean up the garbage on their property, she said. The landfill is not completely fenced, allowing garbage to escape with the wind. It has been happening for years.

"At the May budget meeting, my husband and I went and asked council to clean the garbage off our property," said Aitken. "We asked again at [subsequent] council meetings. The old cell should have been capped many years ago because of the wind, but council didn't do it. Every year we've been cleaning the garbage up ourselves but we thought it's their turn to clean it up. This is the RM's mess and responsibility."

In 2016 the provincial department of Sustainable Development (renamed Conservation and Climate) set out the minimum requirements for waste disposal grounds in a document titled Standards for Landfills in Manitoba. The document states that it's the landfill operator who's ultimately responsible for litter.

"The operator is responsible for collecting litter on adjacent properties outside the landfill property boundary and litter accumulated at the facility," states Section 5.5.3 on Litter Management.

To reduce the escape of waste, landfill operators can use natural (berms) or artificial (fences) barriers, make use of a small working area, increase the frequency of cover over the active area and conduct regular litter clean-ups, states the document. Operators are also required to manage wildlife and insects at the facility through means such as "minimizing the food supply" through compaction or cover, providing drainage to discourage rodents and implementing baiting programs.

Aitken said a mother bear and two cubs have been hanging around the area, attracted by the garbage. The family phoned the province and staff came out with a trap. But only one young bear was caught.

"When you're at the garbage dump depositing your refuse, the bears walk by four feet away. With the bears there, council said it's too dangerous to clean up the garbage," said Aitken. "So we phoned the province's bear line."

The Aitkens said they've been sending emails to council about the garbage, quoting policies on landfills and regularly attending council meetings, but the RM keeps coming up with reasons as to why it can't clean up the garbage, said Aitken. In addition to the presence of bears, the RM said it needs to "look at the garbage first" and that it can't find anyone to clean it up. When the Aitkens took it upon themselves to round up a few people to clean it up for a fee, the RM rejected the proposal, saying to be fair it'd have to put an ad in the paper, which "they didn't do."

The Aitkens contacted Conservation and Climate to ask for help in getting the RM to take responsibility for the garbage, said Aitken.

"We've done our part. We tried to help with the bear problem so the RM would come and clean up the garbage on our property," she said. "We had environmental officer Michelle Ewacha out here to look at the garbage. They [the province] gave the RM two weeks to clean up the dump and our property. Two weeks later, the RM had done nothing."

The warning expired July 31, she said.

Ewacha's warning notice for litter is noted on council's Aug. 10 agenda, and council discussed the issue.

"A warning has been issued about the garbage that needs to be cleaned up at Meleb landfill and surrounding properties including the Aitkens," said Reeve Susan Smerchanski. "We have a resolution that ... authorizes us to hire a group of 10-20 people to complete a mass clean-up of windblown debris at the Meleb waste grounds and surrounding area."

Some members of council said it might not be possible to hire that many people, and that council should instead try to get a community group that needs sponsorship dollars.

"The group can be from Arborg, Teulon, anywhere. People are always fundraising. Let them go out and we'll support them. We can make it an annual thing. It's not just the Meleb Transfer Station. The Inwood landfill

Paper and plastic food packaging is among the garbage blowing onto the Aitkens' property.

has all the same problems. As school kids we used to do that in springtime. Teachers used to take us out and clean the streets. This is not a new problem," said Coun. Paul Humeny. "I don't know where we're going to hire 10-20 people. We can't hire one person to do simple maintenance. We can put an ad out and hopefully get a hockey team, a baseball team, a dance group because they're fundraising."

Smerchanski said before council adopts a resolution, it needs to determine who will clean up the garbage, how long it will take and how much it will cost.

"We need to make a better plan to address the issues and the requirements that Conservation has put on us with that warning," said Smerchanski.

She asked that CAO Corlie Larsen contact Arborg to find out how it manages garbage at its landfill and to put a notice on its website requesting assistance for garbage pick-up.

Coun. Ted Sumka asked that council also find out how much it would cost to "dig a hole and bury all that stuff and we need to get that fenced up sooner or later."

A spokesperson for the department

Styrofoam meat packaging and other garbage is accumulating on the Aitkens' cattle pasture.

of Conservation and Climate said its warning was issued on July 22 for "accumulated waste in the Meleb Disposal Ground that was being blown away onto adjacent properties. The RM is required to clean up all waste and report back to the designated environment officer when the clean up is complete."

There has been a lot of bear activity in the area, said the spokesperson, and the RM was "further instructed" to take a number of measures such as putting bear-proof covers on green household waste bins to prevent bears and other wildlife from "removing and spreading household waste around the facility."

The department also instructed the RM to cover the active cell at least once a month to minimize the presence of wildlife and install fencing around the active cell to deter wildlife and prevent windblown debris from spreading across the facility and onto adjacent properties.

"The RM has indicated that they plan to do the cleanup but are trying to ensure it is done safely given the bear activity in the area," said the spokesperson.

# Excitement builds for return of horse shows

By Jennifer McFee

The pandemic put a pause on nearly everything, and horse shows were no exception.

Riders like Brennan McCullagh are glad to be back in the saddle now that some competitions have resumed.

"So far, the biggest impact of the pandemic is a slower start to our competition season; however, everyone is very excited to be back to competing now. One of the significant impacts has been the difficulty to give young horses the experience they need at an earlier age," he said.

"Both of the horses I plan to compete with this year are still developing horses, so I have missed some time in training and the progression of their careers in showing."

Now that horse shows are nearly back to normal, McCullagh is once again competing with one of his horses.

"I still work on training both of them during the week in lessons with my coaches and then competitions would typically be on weekends. I have been very excited with my main horse be-

cause after two years without competitions, he is back to competing at the same level he was before the break and is continuing to improve," he said.

"This is mainly the result of the extra time for preparation at the start of our season, which allowed more time for lessons and work on fitness before competitions had started."

These days, McCullagh rides an eight-year-old horse named WKM Alexander as well as a four-year-old gelding named QRF The Riddler.

"The eight-year-old is currently competing at the 1.20m and 1.30m level, and I hope to have him doing small grand prix classes early next year. I have owned him since he was five and have done the majority of the training since he was started, so I know him very well and we have a very good connection," he said.

"The four-year-old is a horse my family bred and is just beginning his career in jumping. I have been riding him consistently for just over a year and he has been picking up all the concepts of jumping quite fast. He has not been to a horse show yet, but

## GOOD FOR ME

## GOOD FOR MB

Watching my community thrive demonstrates the hog sector's commitment to rural Manitoba.

Marilyn Crewe  
Economic Development Officer  
Neepawa, MB

Manitoba's hog sector contributes 14,000 jobs and \$1.7 billion annually to our local economy.

[manitobapork.com/economy](http://manitobapork.com/economy)

I hope in September he will be ready enough to bring along."

While preparing for upcoming horse shows, McCullagh continues to work at Greenhawk Equestrian Sport in Winnipeg.

"I have been working there for over two years now and it has been a great opportunity to stay involved in the equine community with the lack of competitions," he said.

"I plan to continue work there as I go back to university in the fall. In the fall, I will start my last year of electrical engineering at the University of Manitoba, so I am very excited to finish my degree."

Adding to his experience, McCullagh lives on his family's farm, Quarry Ridge Farms, where he runs the day-to-day part of the horse farm.

"I have both of my show horses here with me, as well as another mare that we are hoping to breed this year and start working towards another horse for competition," he said. "Currently, I have five horses on the farm to take care of."

For McCullagh, his love of horses runs deep in his blood.

"What I like best about riding is the feeling you get from riding a really nice horse. The warmbloods I am used to working with are well over 1,000 pounds but they remain so obedient and love to jump. Both of the horses I ride get very excited about jumping and their attitude completely changes when they see fences set up," he said.

"Additionally, getting back to jumping larger fences with my more experienced horse is an amazing feeling. When he sees a larger fence, he really locks his eyes on it and there is never any doubt that he is going to give me a really good effort to get over it."

Looking ahead, the next horse shows McCullagh plans to attend include the MHJA's Fall Harvest and Jump Into Fall at Birds Hill Park in September.

"I am taking time to continue training with my younger horse until then," he said, "and, depending on the schedule, I might bring my main horse to these events as well."

# Delta variant infections spike among vaccinated in England

By Patricia Barrett

British and Dutch researchers have released a study showing exponential increases in COVID-19 infections in England driven by the delta variant over a three-month period despite high vaccination uptake, along with "exponential growth" in hospitalizations.

The findings serve as a warning to other countries with the delta variant that they too could see similar trends.

The study titled "REACT-1 round 13 final report: exponential growth, high prevalence of SARS-CoV-2 and vaccine effectiveness associated with Delta variant in England during May to July 2021" was published online as a final preprint.

REACT (Real-time Assessment of Community Transmission) is an ongoing government-funded research program that started in the spring of 2020 to understand how COVID is progressing in England and to inform public health strategies.

The delta variant became established in England in April and May of this year. The researchers analyzed COVID tests (RT-PCR or reverse transcription polymerase chain reaction tests) submitted during different time periods they call "rounds" to determine overall patterns of infections from the end of May to the beginning

of July when there was high uptake of vaccine. Vaccine brands aren't specified in the study.

Researchers found infections rising over the course of each round, particularly among younger, unvaccinated people but also in a high percentage of those who got vaccinated.

"Prevalence [of COVID infection] among those who reported being unvaccinated was three-fold higher than those who reported being fully vaccinated," the researchers wrote. "However, in round 13, 44% of infections occurred in fully vaccinated individuals, reflecting imperfect vaccine effectiveness against infection despite high overall levels of vaccination."

Participants aged five and older were randomly selected and sent self-administered throat and nose swab tests, which were picked up by courier. From May 20 to June 7 (Round 12), researchers received 108,911 tests from participants. From June 24 to July 12 (Round 13), they received 98,233 participant tests for a total of 207,144 tests.

Between rounds 12 and 13, researchers found that the delta variant had rapidly replaced the alpha variant as the predominant COVID strain. They attributed the growing trend to people in younger age groups; those aged 5 to 24 years contributed 50 per cent of

PREPRINT DATA

Children and young adults in England account for the highest number of infections from May to July.

the infections.

More worryingly, fully vaccinated people (having received two shots of a vaccine) accounted for 29 per cent and 44 per cent of infections in their respective rounds.

"While vaccination was associated with lower prevalence of swab-positivity, there remained potential for large numbers of fully vaccinated people to become infected," the researchers wrote. "During the period of round 12, we extrapolated from our data that 29% of infections in England occurred in double-vaccinated people, rising to 44% during the period of round 13."

Without public health interventions in the face of delta's high transmissibility, children returning to school in the fall and more social interactions taking place indoors as the weather cools may result in "renewed growth" despite high levels of vaccination, said the researchers.

"This focus of infection offers considerable scope for interventions to reduce transmission among younger people, with knock-on benefits across the entire population," they wrote. "Also, given the rapid rise of the Delta variant in Europe, the USA, South Asia and elsewhere, and its estimated

## Health Canada updates Pfizer-BioNTech COVID vaccine label to include Bell's palsy

By Patricia Barrett

Health Canada has updated Pfizer-BioNTech's COVID-19 vaccine label to include reports of post-vaccination facial paralysis called Bell's palsy after an unspecified number of cases arose in Canada and other countries.

The national health agency doesn't say how many cases have been reported.

"Health Canada has updated the product information for the Pfizer-BioNTech COVID-19 vaccine to describe very rare reports of Bell's Palsy (typically temporary weakness or paralysis on one side of the face) following vaccination," states the agency in an Aug. 6 news release. "Cases have been reported in a small number of people in Canada and internationally."

Bell's palsy occurs when the facial nerve becomes inflamed, but the exact cause is unknown. People will experience facial paralysis or weakness on one side of the face (in rare cases on both sides of the face) that begins suddenly and progresses over a 48- to 72-hour period, according to the U.S. National Institute of Neurological

Disorders and Stroke.

Symptoms include disordered movement of muscles controlling smiling and blinking, loss of sensation, drooling, loss of taste on the front two thirds of the tongue, intolerance to loud noise, inability to close the eye and excessive tearing of the eye. There is no cure, but it's usually temporary, with recovery beginning within a few weeks to six months. In some cases, weakness may persist or become permanent.

Health Canada said Moderna's COVID-19 vaccine label already contains "safety information" about reported cases of Bell's palsy following vaccination. It's also assessing other authorized COVID-19 vaccines.

"Health Canada reassures Canadians that COVID-19 vaccines continue to be safe and effective at protecting them against COVID-19," states the agency. "The benefits of COVID-19 vaccines continue to outweigh their potential risks, as scientific evidence shows that they reduce deaths and hospitalizations due to COVID-19."

# Businesses break ground at Warren development

By Nicole Brownlee

Every lot in the Warren Business Park has been purchased, marking the beginning of the land development.

The RM of Woodlands Community Development Corporation offered 15 lots for sale spanning residential, commercial and industrial zones. The CDC sold five lots in the past year, said Chad Green, a building inspector for the RM of Woodlands who oversaw the sale of several lots.

"I think it's nice to see [the area] growing. Hopefully, that helps grow the rest of the town," said Green.

"I would say probably within the next two years you're going to see buildings on all those lots."

Green said there are no plans to expand on the business park. As the community continues to grow, there will be a need for more residential lots, said Adam Turner, CAO of the RM of Woodlands.

Mukwa Expert Inc., a Manitoban construction and management company, purchased two lots to move their head office, construct ready-to-move homes and sell bulk lumber.

Stationing their business in Warren is convenient, said Gage Lowry, co-owner and vice-president of

Mukwa Expert Inc.

"When we've finished our built products, we ship them straight up Highway 6, but we still wanted to be close enough to the city because that's where a lot of our materials and supplies come from," said Lowry.

Currently based in Stonewall, the business plans to move into the lot by December with around 15 employees.

Heyru Canada, a freight service, and AlleArten Canada Inc., an import and export business, have purchased a lot to build a warehouse and a health food processing and packaging facility. The facility is planning to employ around a dozen staff members.

A manufacturing facility for livestock equipment like sorting, weighing, fencing and feeding tools will sit on lot six, purchased by Alireza Avarzamani.

Avarzamani plans to hire two staff to help with the production.

Another addition to the park is a retail store owned by Donggi Lee that plans to sell cannabis and liquor as an accessory to the vehicle service station and grocery store on the property.

"I THINK IT'S NICE TO SEE [THE AREA] GROWING. HOPEFULLY, THAT HELPS GROW THE REST OF THE TOWN."

## > ENGLAND, FROM PG. 11

increased transmissibility, patterns observed in England indicate what may happen elsewhere."

Globally, only 13 per cent of the population is fully vaccinated, they wrote, while only one per cent of people in low-income countries have received even one dose of a COVID vaccine.

The delta variant is currently surging in the U.S. and parts of Australia despite vaccinations. With travel and gathering restrictions having been relaxed, Canada is in its fourth wave of the pandemic. Provinces that dropped mask mandates and other safety measures are seeing increases in infections. In Alberta, variants of concern make up the majority of cases and hospitalizations are on the

upswing. Quebec will be implementing a vaccine passport in September for access to non-essential services. Ontario is considering administering a third dose of vaccine.

In Manitoba, the Interlake-Eastern health region is experiencing the highest number of active COVID cases (288) of all regions in the province, according to the provincial government's COVID dashboard (viewed Aug. 15). The government also identified 189 cases of the delta variant (B16172) in the Interlake-Eastern region.

Worldwide, over 4.3 million people have died from COVID, according to the World Health Organization.

# Dedicated worker retires after 60 years same company

By Jennifer McFee

Not many people can say they dedicated 60 years to working for the same company, but one local man has achieved that milestone.

On July 31, Ted Glucki retired after working for six decades for Rockwood Victoria Co-op Ltd., which hauls milk from the local dairy farmers to the dairies in Winnipeg.

"I started my career at the age of 17 driving for my Uncle Bill Buchkowski, hauling milk in a 1955 Ford one-ton. I couldn't drive a three-ton because you couldn't get a chauffeurs' licence until you were 18," said Glucki, who now lives at Lions Manor with his wife Shirley.

"I worked eight to nine hours a day, six days a week, for \$10 per day, and so began my career in both the trucking and dairy industry."

Back then, all the milk and cream was hauled in cans — the cream in three- and five-gallon cans and the milk in eight-gallon cans.

"I was not a big guy and lifting those 100-pound milk cans was no easy feat," he said, "but it was good for body building — and, as it turns out, hernias."

At the time, many dairies existed in Winnipeg including Safeway, Peoples' Co-op, Silverwood, City, St. Joseph's, Meadowland, Lakeside, Modern,

TRIBUNE PHOTO SUBMITTED

Ted Glucki worked for Rockwood Victoria Co-op Ltd. for 60 years.

Crescent, Lucerne, Standard and Palm. Now, there are only three — Paramalat, MDI and Agropur, which is shutting down next month.

"In 1955, two regions in our area — Rockwood and Victoria — decided to amalgamate for the purpose of hauling milk and cream. Milton Good was president and Ernie Brennan was secretary. Board members were John Heaps, Austin Peach, J.S. Molter, R. Sturtevant and Jacob Molter," Glucki

said.

"They formed a co-operative named Rockwood Victoria Co-op Ltd. that was a co-op owned by all the dairy farmers who joined."

Five years later, the Manitoba Milk Board encouraged producers and milk haulers to haul milk in bulk tankers, he explained. However, some of the milk haulers didn't want to switch to bulk because it was costly. As a result, some of the smaller dairy

farmers decided to sell out.

"The milk haulers that didn't want to change sold their franchise to Rockwood Victoria Co-op Ltd (RVC). Determined to make the change, RVC started buying up all the small dairy trucks in the area," Glucki said.

"In 1961, they bought my Uncle Bill's trucks and I went with them. When I started driving in 1961, Rockwood Victoria Co-op Ltd. had 114 milk and cream producer."

For Glucki, it was always exciting to be on the road — and he's got plenty of stories to prove it.

"One day, while driving my uncle's 1958 three-ton truck, my driver's side front wheel came off, rolled down the road ahead of me, bounced over a fence and landed up against Frank Jeremowich's garage," he recalled.

"There was no power steering, but luckily I was able to keep the truck on my side of the road until I got stopped."

Yet there are tricks to every trade, Glucki added.

"Whenever I was driving, I would keep candy and bubble gum in my truck to give to the kids after I finished pumping the milk. I would tell them that they would have to run to

## Manitoba fields - Where the sunflowers shine

TRIBUNE PHOTOS BY KEITH WALDNER

All sunflower varieties grown in Manitoba are hybrids and, based on their end use, can be classified as either oil- or confection-type sunflowers. Approximately 60 per cent of all Canadian sunflowers are confection-type, which are marketed primarily as roasted snack food in the shell or as dehulled seeds for the baking industry. Although a significant percentage of this market is domestic (North America), Canadian processors are increasingly accessing markets in Europe, the Middle East and Asia. Oilseed sunflowers are used in the birdfeed and crushing industry for sunflower oil, which is one of the highest quality vegetable oils. The birdfeed market primarily uses oilseed sunflowers; however, some of the smaller confection seeds are also used for birdseed.

## > 60 YEARS, FROM PG. 13

the house and ask their mother if they could have it," he asked.

"That way, I always knew where the kids were when I was moving the truck. The kids would say, 'Mr. Glucki, you are our best truck driver.' Well, I guess I was. I was the only one giving them candy."

In 1975, Glucki moved up to become the manager and secretary-treasurer of the company, yet he still continued to drive.

"The smaller producers old out and those that stayed to produce in bulk tanks were anywhere from 150 litres to 4,000 litres in volume," said Glucki, who continued to do the company's

books until July of this year.

"Today, we have 14 producers who produce 4,000 to 18,000 litres each. Some of our producers ship a semi-load a day. Today, RVC has two semi-trailers and each truck hauls two loads a day."

Over the years, Glucki was recognized for his role through various awards and other accolades. In 1981, he received the runner-up designation for Driver of the Year from the Manitoba Dairy Association. In 1984, the association named him as the winner for Driver of the Year.

In addition to driving, Glucki remained active in his community. From

1969 to '73, he was an Arctic Cat snowmobile dealer. He was also a councillor for the RM of Rockwood for nine years, he farmed, and he served on the board of the Balmoral United Church. As well, Glucki travelled Europe with Silver Broom World Curling, which brought him to destinations such as Switzerland, Germany and Scotland.

Now that he's retired, he plans to remain a familiar face at the Rockwood Victoria Co-op to lend a helping hand now and then. He's also looking forward to camping trips and spending time with his family, including his wife Shirley and three grown children Rick, Doug and Sheryl.

"I have enjoyed being employed by Rockwood Victoria Co-op Ltd. for the

past 60 years," he said. "They have been a great company to work for."

Since he became involved with the company, Glucki enjoyed working with all of its presidents, including Milton Good, Allan Goresky, Harry Elliott, Bill Swan, Kelly Biernes, Mark Fleury and Rob Boonstra.

"I have enjoyed all my relationships with the RVC board, all the producers and the drivers," said Glucki, who will miss the people most of all.

"I feel that after 60 years, it is time to retire and leave the company in the capable hands of someone else. I wish Rockwood Victoria Co-op every success in the future."

## Agricultural machinery on roads during harvesting: motorists need to be wary

On average, there are 48 collisions yearly in Manitoba involving agricultural equipment and passenger vehicles, according to Manitoba Public Insurance data.

"Observance of road safety is key to keeping our roadways safe during harvest season," said Satvir Jatana, MPI's Chief Customer Officer. "While some areas of the province are experiencing severe drought, many other producers are on the roadways moving their machinery. Crops are coming off the fields and large agriculture machinery will be travelling on roadways. It's important motorists be aware and drive responsibly."

"Everyone is expected to share the roads responsibly and safely. On average, five people are killed or injured yearly in a crash between agricultural machinery and passenger vehicles."

Farm equipment is large, may take up more than one lane, and is slow moving so motorists need to use extra caution when approaching and overtaking. Producers need to do their part

to ensure equipment is properly signed with lights and reflectors in use. Extra caution is also required when entering roadways and making turns with this equipment."

Farm equipment is required to have a slow-moving vehicle emblem clearly visible to traffic approaching from behind, with red reflectors on the back as close as possible to the left and right sides. At night, farm equipment must have headlights, red tail lamps and flashing amber warning lamps.

Farm equipment has a maximum speed of 40 km/h so it's easy for motorists to misjudge their speed of approach. Motorists can do their part by keeping a safe distance from agricultural machinery added Jatana.

"Motorists should be patient when they come upon farm equipment and only pass when safe to do so," said Jatana. "Be particularly diligent during dusk and dawn hours when it can be difficult to see."

*Just because you see the equipment does not mean the equipment operator sees you.*

INSIDE > OUTSIDE > UPSIDE DOWN

## Phillies play extremely well at U12 provincials

By Brian Bowman

After losing a pair of very close games on Saturday, the South Interlake Phillies were ousted from the U12 "AAA" softball provincials in Stonewall.

South Interlake lost 5-3 to the Westman Magic in the morning and then was defeated 15-14 in a heart-breaker to the Eastman Wildcats.

The Phillies certainly played their hearts out and a couple of bad bounces on Saturday cost the Phillies an opportunity to advance to the playoffs on Sunday.

"They just played phenomenal," said Phillies' head coach Robyn Deprez. "They played their best ball this weekend. I was really proud of them. It was very exciting and we had so much support from the surrounding communities. The amount of people that came out to cheer us on, it was huge. That momentum helped us out the entire weekend. The energy that gets generated really carries out onto the field."

The Phillies started play last Thursday with a very tough 10-9 loss to the Winnipeg Lightning.

South Interlake was then defeated 17-4 by Central Energy later in the day.

On Friday morning, the Phillies edged the Manitoba Angels 9-8. South Interlake was later awarded a default win as the Manitoba Thunder pulled out of the provincials.

The Phillies then capped off a perfect day with an impressive 17-4 win over the Smitty's Terminators.

South Interlake bounced back nicely after an 0-2 start.

"That just shows the resiliency of

Olivia Hagen delivers a pitch.

these girls," Deprez said. "I can't say more about them. They kept the energy up the whole time and that really led us to make a great comeback."

Meanwhile, age groups will be changed next season, which means that there will be a U13 bracket. This group of Phillies' players have the potential to play with each other again next season.

"The chemistry with these girls is great," Deprez said. "Their spirits were up all weekend and they battled hard."

Central Energy defeated Westman 3-1 to claim the gold medal on Sunday.

The Eastman Selects earned the bronze after a 7-1 loss to Central Energy in an earlier playoff game.

## Provincial Golden Girls

TRIBUNE PHOTO SUBMITTED

The Balmoral Orioles U10 A team won gold at the Softball Manitoba provincial championships held at the East St. Paul Sports Complex last weekend. Balmoral defeated Virden 7-2 in the gold-medal game on Sunday. The Orioles earlier defeated Brandon 15-2 in a playoff game. Interlake finished its round robin with a 4-1 record. The Orioles trounced Kirkfield-Westwood 16-4, lost 3-2 to Virden and then defeated Corydon 8-2 and West St. Paul 11-0.

Pictured back row, left to right: coaches Karli Reimer, Jon Reimer and Marnie Van Hussen; middle row: Hailey Powroznik, Emily Spruyt, Brynn Williams, Hunter Dwyer, Kardyn Reimer, Ava Dodd, Devynn Van Hussen; front row, Eden Baker, Kahlie Minnie, Tamsen Killbery and Piper Tataryn.

# Bisons bounce Blue Jays from MJBL playoffs

By Brian Bowman

The Altona Bisons were the Interlake Blue Jays' nemesis during last weekend's Manitoba Junior Baseball League playoffs.

Altona defeated Interlake twice, including a wild and wacky 19-18 decision on Sunday afternoon in Stonewall.

Interlake started its playoffs with a tough 10-6 road loss to the Bisons on Friday.

But the Blue jays were far from done after that loss.

Interlake roared back to defeat the St. James A's 9-7 on Saturday afternoon and then edged Winnipeg South

7-6 that evening.

The Blue Jays wrapped up their regular season with a 6-4 loss to the Carillon Sultans last Wednesday in Stonewall.

Interlake finished the regular season in last place in the seven-team league with a 5-13 record.

Meanwhile, the Elmwood Giants and Pembina Valley Orioles advanced to the league final this past Monday but no score was available at press time.

The Orioles had to beat the Giants twice to claim the championship in the double-knockout format.

# Interlake Thunder football now taking registrations

By Brian Bowman

The Interlake Thunder has announced the dates and times for the 2021 Manitoba Minor Football League and Rural Manitoba Football League registration.

For in-person registration, masks are required and the Thunder expects only one person per household to attend.

Online registration is available by email to [finance@interlakethunder.org](mailto:finance@interlakethunder.org).

The Thunder are extremely excited about getting back on the football field.

"Some of those guys have been waiting a long time so we're going to do everything that we can to make it

work for them and make it as normal of a football season that we can," said Thunder president Mitch Obach last week.

The Thunder expect to start practicing either late this month or early September with the seasons to begin in mid-September.

"It's later than usual but not considerably late," Obach insisted. "Hopefully, they can play a decent football season."

Minor football registration is for the Manitoba Minor Football League. The Thunder participate in the MMFA at the Cruncher, Atom and PeeWee levels.

These age groups are open to all athletes born between 2008-2013.

The Thunder are asking individuals to complete their online Football Manitoba registration first for MMFA.

The senior football registration, meanwhile, is for the Rural Manitoba Football League (RMFL). The Thunder participate at the high school age level and this age group is open to all athletes born between 2004-2007.

RMFL athletes must currently be enrolled in a high school to participate.

In-person registration dates for MMFA and RMFL were this past Tuesday and this Thursday at the Stonewall Ice Palace Arena from 6:30-8:30 p.m.

People are asked to email [finance@interlakethunder.org](mailto:finance@interlakethunder.org) for registration details or to register online.

Arraignments can be made through email for registration forms. Payment can be made by cheque, cash or by e-Transfer.

Fees currently remain at the previous levels as found on the Thunder website.

The Thunder expect a full season of RMFL football and will adjust as needed depending on the MMFA schedule.

"The plan with the rural league is that they plan to play a six-game schedule with two rounds of playoffs," Obach explained. "Normally with our eight-team league, it's a seven-game schedule plus playoffs. It's one game shorter than a normal season would be."

# Stonewall Blue Jays on three-game winning streak

Staff

The Stonewall Blue Jays are currently on a three-game winning streak.

Last Thursday, the Blue Jays bounced the Bonivital Brewers 8-2 at Fines Field.

Zak Johnson had a huge game for Stonewall going 3-for-3 with two triples, three runs scored, and three RBI.

Derrick Funk had three hits and two runs scored while Chris Norquay had a pair of hits and two runs scored.

Jarrett Hogue scored the Blue Jays' other run. Nick Drews had three RBI as Stonewall outthit Bonivital 12-5.

Scott Harris pitched five innings for the win while Norquay came in to throw the final two innings.

On Aug. 9, the Blue Jays blanked

the North Winnipeg Pirates 7-0 at the Vince Leah Community Club.

Norquay and Drews each went 2-for-4, with two runs scored and an RBI. Norquay homered as Stonewall outthit North Winnipeg 11-1.

Also scoring runs for the Blue Jays were Johnson, Adam Kirk and Funk.

Stonewall scored four runs in the top of the third inning, added two more in the fifth, and another in the sixth.

Zach Campbell pitched four innings for the win while Chad Leskiw threw two innings.

Stonewall visited the Carillon Sultans this past Monday but no score was available at press time.

The Blue Jays will play at the Elmwood Giants on Thursday (7:30 p.m.)

and then will travel to Braves Field to battle the Springfield Sr. Braves on

Sunday (5 p.m.).

# MJHL announces playoff format

From the MJHL

The Manitoba Junior Hockey league has announced the playoff format to be implemented for the 2021-22 season.

The 2022 MJHL playoffs are scheduled to begin March 18. The top four teams from each division will advance to a divisional round 1 (quarter-finals) best-of-seven series based on regular-season points. Winners from the first round from each division will

advance to a non-divisional second round (semi-finals) best-of-seven series based on regular-season points.

The two winners will then advance to league championship in a best-of-seven series for the opportunity to raise the Turnbull Trophy and represent the MJHL in the ANAVET Cup versus the Saskatchewan Junior Hockey League Champion for a spot in the 2022 Centennial Cup.

# U14 Phillies preparing for softball provincials

By Brian Bowman

The U14 South Interlake Phillies have been preparing all season for the provincials.

And they will soon get that opportunity as the "AAA" provincials are slated for Sept. 9-12 in Friedensfeld.

"We're looking forward to provincials because all of the girls will be back from holidays and we can maybe surprise a few teams there," said Phillies' head coach Jamie Dowsett last week. "There are no league standings so it's all about development until you get to provincials. We have six games left so we're going to tune up and get ready to go at provincials."

The Phillies were 1-11 heading into last week's doubleheader with the Smitty's Terminators. South Interlake has had trouble having all of the girls show up for every game this summer. For some games, they have had to call up players from the Phillies U12 team and they all did an outstanding job, said Dowsett.

"You could call it a COVID season," Dowsett said. "We've been a little inconsistent but that was to be expected. We were ready to go in the spring time and then we got pushed off again. We kind of told the players that

Kassie Siwak is one of five strong pitchers on the Phillies this season.

it was going to be a summer season so if you're away, no worries."

Dowsett said the Phillies have been competitive in most games and have improved a lot this season.

"We haven't had the wins yet but we have a lot of talent," Dowsett said. "With COVID, we haven't had many games with a full roster."

TRIBUNE PHOTOS BY LANA MEIER

South Interlake's Alivia Drohomereski takes a nice swing at a pitch against the Manitoba Angels earlier this season.

The Phillies have five very good pitchers, Dowsett said. That pitching depth will really help South Interlake when they play a lot of games at provincials in a short period of time.

"(Our) defence is getting better and better and our hits are slowly coming along," Dowsett said.

The Phillies will be really busy this week, beginning with a doubleheader

against Central Energy in Morden this Thursday. Game 1 begins at 7 p.m.

South Interlake will then take on the Winnipeg Lightning in a twinbill on Saturday (first game starts at noon) at the John Blumberg Softball Complex.

On Sunday, the Phillies will have a doubleheader against the Manitoba Thunder at Quarry Park. First pitch is noon.

## U18 Orioles end regular season

Staff

The Interlake Orioles 18Us' regular season is now over.

Interlake finished its regular season with a 0-18 record after a hard-fought 6-5 road loss to the Winnipeg South Wolves last Sunday.

The 15U Orioles were scheduled to play the Carillon Sultans in Grosse

Isle on Aug. 8 but no score was listed on the league website. Interlake took on the Red River Valley Pioneers this past Monday but no score was available.

Interlake will host the Bonivital Black Sox on Wednesday at 6 p.m. in Grosse Isle.

The 13U Orioles, meanwhile, lost

16-5 to the North Winnipeg Pirates in Stonewall on Aug. 10.

Interlake then was defeated 11-8 by the Red River Valley Pioneers the following evening.

Interlake played the Bonivital Black Sox at Highbury Park this past Tuesday but no score was available.

## Manitoba Basketball Hall of Fame induction dinner postponed

From Basketball Manitoba

The Manitoba Basketball Hall of Fame and Museum has announced that the 2021 Manitoba Basketball Hall of Fame induction dinner, originally scheduled for Sept. 25 is being postponed.

The Hall of Fame committee voted unanimously on this matter at a recent meeting. Due to the continued uncertainty relative to the COVID-19 pandemic and the ever-evolving provincial health orders and regulations, it was felt that this difficult decision was necessary.

The Hall wants to honour its newest inductees appropriately and also wants all of those attending to feel comfortable about being in a large group gathering. A new date is being explored and it will be in the new year, perhaps September or October 2022.

The Hall thanks everyone for their patience,

understanding and support as it works through these challenging and unprecedented times.

## United wins season opener

Staff

Stonewall United's start to its season was a great one.

The United doubled the YFC Saints 4-2 in Manitoba Major Soccer League 4th Division action last Thursday at the Buhler Recreation Park.

Amar Manning led Stonewall with two goals while Gio Ciulla and Christopher Dobson also tallied.

Gode Katembo and Jonatas Montanini replied for the Saints.

Stonewall will play Crescentwood Saturday this Thursday at Buhler. Game time is 7 p.m.

### Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

## THE RURAL MUNICIPALITY OF ROCKWOOD

### PUBLIC NOTICE BOARD OF REVISION

#### GENERAL ASSESSMENT & PERSONAL PROPERTY ASSESSMENT 2022 AND 2021 SUPPLEMENTARY PROPERTY TAXES

PUBLIC NOTICE is hereby given that the 2022 General Assessment, Business Assessment and Personal Property Assessment Rolls to be revised was deposited in the Municipal Office and is open to Public Inspection, during regular business hours.

THE BOARD OF REVISION will sit to hear complaints of the various assessments on **WEDNESDAY, SEPTEMBER 29, 2021** at the hour of **3:00 p.m.** in the Council Chambers of the Rural Municipality of Rockwood at 285 Main Street, Stonewall, Manitoba.

ANY PERSON who believes that an assessment ought to be revised may make application in accordance with Sections 42 and 43 of *The Municipal Assessment Act* hereinafter referred to as "The Act" which provides as follows:

#### APPLICATION FOR REVISION:

Section 42(1) A person, including an assessor, may make application for the revision of an assessment roll with respect to:

- liability to taxation;
- amount of an assessed value;
- classification of property; or
- a refusal by an assessor to amend the assessment roll under Subsection 13(2).

Before filing an application against the amount of the assessment, liability to taxation, or classification of the property, Applicants should:

- examine municipal assessment rolls for comparable properties;
- select comparable properties from the rolls; and
- discuss the matter with the Provincial Assessment Branch, Selkirk, 204-785-5092.

#### APPLICATION REQUIREMENTS:

Section 43(1) An application for revision must:

- be made in writing;
- set out the roll number and legal description of the assessable property for which a revision is sought;
- state the grounds on which the application is based; and
- be filed by
  - delivering it or causing it to be delivered to the Municipal Office indicated in the Public Notice given under Subsection 41(2); or
  - serving it upon the secretary,

**AT LEAST FIFTEEN (15) DAYS BEFORE THE SCHEDULED SITTING DATE OF THE BOARD AS INDICATED IN THE PUBLIC NOTICE; DEADLINE FOR APPEALS IS 4:30 P.M., LOCAL STONEWALL TIME, MONDAY, SEPTEMBER 13, 2021 - NO LATE EXCEPTIONS WILL BE ALLOWED. PURSUANT TO SUBSECTION 43(2), APPLICATIONS WHICH DO NOT COMPLY WITH THE ABOVE WILL NOT BE CONSIDERED BY THE BOARD.**

Applications should be addressed to the Secretary, Board of Revision, the Rural Municipality of Rockwood, Box 902, Stonewall, Manitoba R0C 2Z0, email to [info@rockwood.ca](mailto:info@rockwood.ca), or fax to: 204-467-5329. Where an application is received in accordance with this Notice and of The Municipal Assessment Act, applicants will be notified in writing of the date, time and place of the hearing of their application.

Roberta Van Caeyzele, Secretary  
Board of Revision  
The Rural Municipality of Rockwood  
Box 902, 285 Main Street  
Stonewall, Manitoba R0C 2Z0

DATED this 13th day of August, 2021.

## Rural Municipality of Armstrong First Notice of Tax Sale Auction Rural Municipality of Armstrong

Pursuant to subsection 367(1) of The Municipal Act (MA), notice is hereby given that unless the tax arrears for the designated year and costs shown below in respect of the hereinafter described property are paid in full or an agreement under Section 369(1)(b) MA to pay the arrears and costs has been made prior to the commencement of the auction, the said property will be sold by public auction at following date, time and place:

Date and Time: **December 2, 2021 at 2:00 PM**  
Where: Rural Municipality of Armstrong  
55 - Highway #17, Inwood MB

Registered Owner: **DONALD WILLIAM MALCALM MCCARL**

Roll #	Civic Address	2019 Arrears	Costs	Total
314800	DESC SE 30-21-1 W	\$329.96	\$1,887.00	\$2,216.96
Legal Description: SE 1/4 OF SECTION 30-21-1 WPM, EXC FIRSTLY: RIGHT OF WAY OF CANADIAN NORTHERN RAILWAY, PLAN 431 WLTO (P DIV), AND SECONDLY: ALL MINES AND MINERALS AND SPECIAL RESERVATIONS AS RESERVED IN THE GRANT FROM THE CROWN				
314900	5045 ROAD 124 NW	\$3,292.22	\$2,568.00	\$5,860.22
Legal Description: SW 1/4 OF SECTION 30-21-1 WPM, EXC FIRSTLY: RIGHT OF WAY OF THE CANADIAN NORTHERN RAILWAY, PLAN 2363 WLTO, AND SECONDLY: ALL MINES AND MINERALS AS SET FORTH IN THE ORIGINAL GRANT FROM THE CROWN.				
331200	DESC NE 24-21-2 W	\$288.10	\$1,187.00	\$2,175.10
Legal Description: FIRSTLY: NE 1/4 OF SECTION 24-21-2 WPM, EXC ROAD, PLAN 524 WLTO (P DIV) SUBJECT TO THE RESERVATIONS AND PROVISIONS CONTAINED IN THE GRANT FROM THE CROWN.				
331300	NW 24-21-2 W	\$291.67	\$1,887.00	\$2,178.67
Legal Description: SECONDLY: NW 1/4 OF SECTION 24-21-2 WPM, SAID SECONDLY, BEING SUBJECT TO THE RESERVATIONS AND PROVISIONS CONTAINED IN THE GRANT FROM THE CROWN.				

- The tax arrears amount shown above includes penalties calculated to the day of the sale.
- Costs will continue to be incurred to the tax sale date and added to the amount required to redeem.
- The property may be sold at the auction for less than the amount of the tax arrears and if this is the case, the balance of the arrears and costs owing is deemed to be cancelled.
- Contact the number below for verification of costs. Any overpayment will be applied to payment of subsequent tax arrears. Payment must be made by cash, certified cheque, debit card (where available) or any other form of guaranteed payment.
- For any inquiries regarding the tax sale process or auction, contact TAXservice at 204-734-6381.
- IF THE PROPERTY IS SOLD, THE SALE IS FINAL AND ANY INTEREST YOU HAD IN THE PROPERTY BEFORE THE SALE WILL BE EXTINGUISHED.**
- There will not be an opportunity to redeem this property from tax sale and a property transfer application will proceed immediately after the auction.

**The Perfect Gift...  
Surprise Someone  
Celebrating a Happy Event  
with a Message in the Tribune**

#### IN MEMORIAM

**Murray McLeod**  
**August 25, 2017**

Your presence we miss,  
Your memory we treasure;  
Loving you always,  
Forgetting you never.

-Your loving wife Shirley  
and family

#### IN MEMORIAM

**John McRae**  
**August 19, 1940**

Those we love don't go away,  
They walk beside us every day;  
Unseen, unheard, but always near,  
So loved, so missed, so very dear.  
Thinking of you everyday, especially today.  
Happy birthday in heaven.  
PS. The cake we got you was eaten by your grandchildren.

-Love you forever, your family.

#### OBITUARY

**MARIA ANNA (ANNE) STUTSKY**  
**August 23, 1929 – August 13, 2021**

It is with heavy hearts that we announce the passing of our mother, grandmother, and Baba, Anne. She leaves to mourn her children Margaret, Allan (Donna), Terry (Sam), Gary, Grant, Rose (Ted), Lawrence (Leanne), Johnny (Sherri), and many grandchildren, great-grandchildren and numerous nieces and nephews. Anne was predeceased by her parents, Auntie Annie, two brothers Fred and Steve, husband Sam, infant daughter Joanne, son-in-law Cliff, and daughter-in-law Debbie.

She was born near Alvena, SK to Iwan and Maria Newediuk. She moved to Winnipeg as a young woman and then settled in Pleasant Home, MB after marrying her love, Sam. Anne enjoyed gardening, creating art, playing bingo, and lived for her family. She also enjoyed volunteering with the Women's Auxiliary of the St. Stephen's Ukrainian Orthodox Church for many years. She was well known for her hospitality and great cooking. Memories of her quiet wisdom and endless patience and love will be treasured. Anne's family would like to express their thanks to the Gateway Manor staff, Dr. Kremal, IRHA Homecare, Stonewall Hospital staff and EMTs for the special care they provided for their mom. A private family service has been held led by Father Isidore Dziadyk. In her memory light a candle, say a prayer, visit a friend, or play a game of bingo and "do the best you can".

#### OBITUARY

**Osypa Lysak (nee Ryj)**  
**March 19th, 1925 – August 11th, 2021**

In the early morning of August 11th, 2021, with her daughters by her side, Osypa Lysak passed on to be with those who await her in Heaven, including her husband Wasyl, parents, and siblings.

Known widely as Baba, Osypa will be dearly missed. Left to cherish her memory are her family: daughters Lydia (Tommy) and Anne (Clarence); grandchildren David (Sherrie), Chrissie (Chris), Michael (Heather), Daniel (Erin), and Andrew (Xiao); and great-grandchildren Nick, Julia, Ben, Sam, Lilia, Ronan, Daschel, and Rosie.

Baba was born in the Ukraine and came to Canada in 1948. She was very proud and honoured to become a Canadian citizen; she loved what her new homeland offered. From humble beginnings, Mom and Dad built a wonderful life for their family.

Baba had a strong faith in God and lived her entire life accordingly. She was a life long member of the Holy Trinity Ukrainian Church and instilled these values to her family. Family was very important to Baba, from the oldest to the youngest. Baba had a big heart, offering endless love and support to her family. She was interested in their careers, education and general well-being. She always had treats for the little ones and "hamburger money" as they became older.

A liturgy was held at Komarno Church on Monday, August 16th 2021. Baba's final resting place is at Holy Trinity Cemetery beside her beloved Wasyl.

The family wishes to thank Dr. Loudon for his care and the medical staff of Stonewall Hospital for their compassionate care. Thank You to Ken Loehmer for his professional services.

Vichnaya Pamyat

## OBITUARY

**ALWINE PAULA HUEGING**  
1927-2021

Peacefully, on August 13, 2021 and with family by her side, Alwine Paula Hueging (nee Steffens) passed away at the Stonewall Hospital.

She is survived by her 3 sons, Henry (Claudia), Hermann (Audrey), Frank; by her daughter, Margaret; and by her grandchildren, Ryan, Darcy (Christine) Karl, Darrell (Hailey), Michael (Natasha), Evan, Curtis (Kelsey), Darren (Allison), Anna (Jonah), and Angela. She is also survived by her great grandchildren Jocelyn, Myers, Madden, Teagan, Cedric, Leah, Kate and Dawson, as well as two sisters in laws in Germany, Sophie and Maria.

She was predeceased by her husband of 57 years, Franz (2011), daughter, Elizabeth (2010), and son, Paul (2013); as well as her parents and seven siblings, in Germany.

Alwine was born in Raesfeld, Germany on June 23, 1927. She grew up playing sports and passed that love of sports and athletic ability onto her children and grandchildren. She often talked of bicycling many places to meet up with friends.

In 1952 Franz had immigrated to Canada and in 1954 Alwine followed. They were married that same year. They found land in Bonnie Doone and took to work to clear bush and build up a dairy farm. They worked hard and had little, but with the help of their six children they carved a life for themselves and made friends in the community.

Alwine learned gardening in school and brought that passion to Canada. In the late summer you could always find her shelling peas, snapping beans, canning corn and freezing the fruit from her many fruit trees. She loved it when her family and friends would come for a visit and they never left hungry.

She attended the Roman Catholic Church in Woodlands for many years and her faith was very important to her.

She travelled back to Germany many times to visit family and very much enjoyed those trips. Family also came to visit here as well and she always looked forward to those times. She was a wonderful hostess. In the later years, when she could no longer travel, it was still very important to her to keep in touch with the many relatives and so many phone calls back and forth were made.

She was always interested in all her children and grandchildren lives and was a great listener and supporter for them. She will be greatly missed by all who knew her.

The family would like to thank all of the staff at Stonewall Hospital for their compassionate care in the last few days before her passing.

There will be a graveside service at 11:30 on Friday August 20th 2021 at the Catholic Church in Woodlands. Please bring lawn chairs. If so desire, donations can be made to the Woodlands Church of Annunciation or to the Woodlands Church of Annunciation cemetery fund.

## OBITUARY

**William Bryan Palmer**

September 5th, 1942 – August 9th, 2021

It is with profound sadness that we announce the unexpected passing of Bryan, our husband, Dad, and Grandpa (Pa) at the Stonewall Hospital. Bryan is survived by his loving wife of 55 years, Bernice; his children, Mike (Laura) and Lori (Kevin); his beloved grandchildren, Brittany, Alycia, Evan, Aidan, Ethan, and Owen; brother, Gerry (Dorothy) Palmer, sister-in-law, Florence Poloski (late husband Andy), many nieces and nephews; his lifelong friends, Jim Minaker (his partner in crime) and Janet, and Joan Fisher (late husband Dave). Bryan was predeceased by his grandson, Matthew.

Bryan, the youngest son, was born to William (Bill) and Winnifred (Winnie) Palmer on September 5th, 1942, in Winnipeg. He grew up on the family farm at Grosse Isle. Bryan and Bernice raised their family on the farm and Bryan was proud to have his son, Mike, and grandson, Evan, take over the family farm. His first job was at Oakland Hatchery in Winnipeg.

Bryan was always interested in machinery and took courses at Red River Community College. Bryan worked as a mechanic over the years at Agro Equipment, Argus Farm Equipment Ltd., and International Harvester. In 1979 Bryan moved to Cummins Mid Canada where he started as a mechanic, served as shop foreman, and retired as a customer relations representative. Upon retirement, Bryan began his own business venture, Palmers' Parts. He enjoyed creating connections with his customers, telling stories, and sharing his passion for anything mechanical. Bryan was one of the founding members of the Rosser Volunteer Fire Department helping his neighbours and community.

Bryan's hobbies centered around farm life and were shared and enjoyed with his friends and family. These hobbies included old-time threshing, attending the Manitoba Threshermen's Reunion in Austin, a farm tractor toy collection, and travelling to toy shows to add new pieces to his collection. Bryan was one of the creators of the Stonewall Toy Show that ran for 10 years and was enjoyed by young and old. Over the years Bryan met many people and seemed to know someone everywhere he went.

Bryan and Bernice travelled to many destinations in North America with friends and family over the years taking in the sites and scenery. Their favourite vacations were the two spent on the beach in Mazatlan, Mexico and the bus trip to the East Coast of Canada with Les and Joan. Bryan enjoyed going for drives looking at crops and he always knew a shortcut or the best way to get to your destination.

Bryan and Bernice were proud spectators at their grandchildren's many sporting events including figure skating, hockey, and fastball.

The family would like to thank Dr. Graham and the entire staff of Stonewall Hospital for the wonderful care Bryan received.

A private family interment was held at Stonewall Cemetery. A Celebration of Life will be held at a later date.

In lieu of flowers, if friends so desire, donations can be made to STARS Air Ambulance – STARS Donations (Manitoba Division), 1441 Aviation Park NE, Box 570, Calgary, Alberta, T2E 8M7. Donations can also be made by calling 1-855-516-4848.
