

## 5 REASONS TO BUY A HOUSE RIGHT NOW!

1

### INTEREST RATES ARE LOW

Many economists forecast a 2.87 - 3.25% Rates in 2020

**INTEREST RATE**  
A \$400,000 house with 10% down = \$360,000 mortgage  
\$360,000 @ 2.87% = \$1,680 per month  
\$360,000 @ 3.25% = \$1,750 per month  
Increase of \$80

2

### HOME PRICES INCREASING

The median value in Stonewall is \$359,000. Stonewall home values have gone down over the past year and it is expected to rise by 2% for 2020. Making a jump of \$7,180.00.

# Teulon comes together to support women with breast cancer

By Patricia Barrett

Approximately 70 people turned out for the 18th Annual Liliane Baron South Interlake Breast Cancer Support Group's fundraiser last Sunday in Teulon.

The fundraiser, which includes a five-kilometre walk, is named after Liliane Baron, who died of breast cancer in 2001. Her daughter Claudette, who also fought breast cancer, formed the support group to help women from various towns across the south Interlake, including Teulon, Gunton, Stonewall, Argyle, Stony Mountain, Warren, Woodlands, Balmoral, Komarno and Inwood.

"Over the years we've helped more than 50 women and their families with not only the emotional impacts of the disease, but with financial help," said Baron. "The money we raise goes directly to the people in the area that are needing help."

Among the participants were the Slater Family, who help raise mon-

ey for the support group every year. Their father always donates an item to the silent auction. This year he made a wooden bench.

Selkirk-Interlake-Eastman MP James Bezan took part in the walk around town and also served as a judge for the costume competition alongside Teulon Mayor Debbie Kozyra and Lakeside MLA candidate Ralph Eichler.

"This is a community event that's put on by volunteers and it makes me quite proud to be part of it," said Eichler. "I've been part of it from the beginning, and I can you it does a lot of good for our community, seeing people fight together for a common goal."

The event included a barbecue and entertainment by the 2 Man Band.

Baron said over the course of 18 years, they've always had a sunny day for the event.

"We say it's mom shining down on us and making it all happen," she said.

Volunteer chefs, from left, Mike Simcoe, Jim Oke, Kathy Simcoe and Karen Oke.

Britanny was all decked out in pink.

TRIBUNE PHOTOS BY PATRICIA BARRETT

Ella and her dog took part in the costume parade.

Chris from Integrity Auto was the only man competing in the costume parade.

The Slater family in front of a bench their dad made and donated to help raise money.

## Local musicians make the mark with MCMA nominations

By Jennifer McFee

The spotlight is on Interlake musicians, who are earning recognition for their noteworthy talents.

Multiple local musicians have received nominations for the 2019 Country Music Awards, which will be held on Nov. 10 at the Metropolitan Entertainment Centre by Canad Inns in Winnipeg.

Past the Perimeter has been nominated nine times, including for the Fans' Choice Award, which is open for online voting until Sept. 28 at [www.manitobacma.com](http://www.manitobacma.com).

The Stonewall hometown group is also nominated for Single of the Year for "Easy"; Song of the Year (Songwriters) for "Easy" written by Derek Peters; Group or Duo of the Year; Music Video of the Year for "Easy"; All Star Band of the Year Bass for Evan Taplin; All Star Band of the Year Drums for Devin Biy; All Star Band of the Year Guitar for Lachlan McLean and Derek Peters.

Past the Perimeter is made up of Evan Taplin on bass guitar and vocals, Derek Peters on guitar and vocals, Devin Biy on drums and Lachlan McLean on guitar and vocals.

"As the nominations kept rolling in, we were reminded of how fortunate and grateful we are to be doing this," Peters said.

"We have such a respect for the other nominees in our category, and we're just happy to see live music in Manitoba take the spotlight."

Band manager Bambi Rutherford expresses pride in Past the Perimeter's nominations.

"It's an honour to be counted among the best in country music in Manitoba," she said. "We are truly grateful to MCMA board of directors, all the radio stations across Canada who have supported us and played our music, our fans and, of course, our families for making these nominations possible. I am so proud of these boys."

# Canola protein technology successfully licensed to Manitoba company

M. & C. Commodities Inc. signs agreement to license canola protein extraction technology

## Submitted

The Manitoba Canola Growers Association (MCGA) is proud to share the canola protein extraction technology has successfully been licensed to Manitoba company M. & C. Commodities Inc. (M&C Commodities). Moving forward, M&C Commodities will license the canola protein extraction technology and take it to commercial production.

"We're proud to offer farmers another stream for canola in the market place," says Carlos Melo, president and CEO of M&C Commodities. "This technology has the ability to craft a wide range of formats (from soluble to powder) and can be used as an ingredient in a variety of foods to promote healthier cooking options. Once branded as plant-based protein using canola, it becomes another channel

for farmers to move their crop."

Delaney Ross Burtnack, executive director of MCGA, says, "We've been excited to support the canola protein extraction technology and the research that's gotten it to this point because it opens up an entirely new market for canola growers. This is an opportunity to expand the value of canola meal as it gives farmers an option beyond livestock feed to market their meal for human protein consumption."

Melo adds, "We're very thankful for the hard work the province, canola growers and all those involved have done in bringing this technology to market."

This initiative was supported by grower research dollars and brings forward new opportunities for canola growers.

## Brant-Argyle celebrates second annual 'Rainbow Day'

TRIBUNE PHOTOS BY JO-ANNE PROCTER

It was all sunshine and rainbows in Argyle last Friday as students and staff of Brant-Argyle school celebrated their second annual Rainbow Day in honour of former student Danica deLaroque's birthday. Everyone wore Danica's Village T-shirts, enjoyed cupcakes and did some rock painting while many got washable rainbow tattoos. Danica made many friends at the school where her fun-loving, kind-hearted spirit lives on through the staff and students. Danica's Village, now Danica and Abby's Village, raises funds to purchase rainbow benches for schools in the Interlake School Division and parks within our communities. To make a donation to the worthy cause, one can do so by contacting Danica's mother Toni at danicasvillage@gmail.com or 204-513-1551. Left photo, left to right: Danica's first classmates Katrina K., Mykayla M., Annalicia H. and Karmen D. Middle photo: Addie painted a rainbow on her rock in honour of Danica. Right photo: the entire Brant-Argyle school cheers for Danica.

# Business and community members need help getting rescued

## Submitted

Seven Manitoba business and community leaders will put their survival and fundraising skills to the test Sept. 12 at the sixth annual STARS Rescue on the Island.

With over \$1.4 million raised since the event began in 2013, Rescue on the Island is STARS largest one-day fundraiser. The participants will be stranded on an island in the Whiteshell area of the province and throughout the day they'll work to earn their "rescue" and return to civilization by using their mobile phones and corporate networks. They will also take part in a number of challenges to earn additional money towards their fundraising totals.

This year's participants are:

- Alan Butler, President - Snoman (Snowmobilers of Manitoba)
- Mark Dufresne, CEO - The Dufresne Group
- Emeric (Rick) J. Duha, Managing Director & Owner - The Duha Group
- Curwin Friesen, CEO - Greenvalley Equipment Inc.
- Brent Manning, CEO - Parallel Ag Group
- Dr. R. Bruce McFarlane, Orthodontist, Village Orthodontics, Diplomate - American Board of Orthodontics

John Kelleher, General Manager - Kelleher Ford Sales

"I have come to really appreciate the importance of a Plan B. When I learned of the great work STARS was doing in our province, I also learned they are a big part of most of Manitoba's Plan B, and we don't even know it," said Duha. "We, or our loved ones, often venture outside the city for a host of reasons (to live, work, for adventure, for recreation) and we simply assume that we are safe. Without STARS and other related services, the truth is we don't have a Plan B!"

STARS development officer, events, Lori Derksen said all funds raised during Rescue on the Island will help to ensure the next time a Manitoban needs world-class critical care and rapid transport, STARS will be there.

"The past few months have been among the busiest for STARS since

John Kelleher

Dr. R. Bruce McFarlane  
Village Orthodontics

full-time operations began in Manitoba," Derksen said. "While the money raised during this important event will help fund the response to those calls, it also provides our organization with the flexibility to ensure when our crews are called out they have the best equipment available to them and the training to use it."

To support any of the seven Rescue participants, go to [www.rescueontheisland.ca](http://www.rescueontheisland.ca) and click on the individual

pages to select the participant you would like to contribute to.

Rescue on the Island is the third of three "rescue" fundraisers for STARS this year with Alberta's CEO Rescue in the Rockies held in June and Rescue on the Prairies in Saskatchewan on Sept. 6.

STARS will bring in a backup helicopter for this event, leaving the active on-duty aircraft mission ready at the Winnipeg base.

## > MCMA, FROM PG. 2

Two Crows for Comfort — made up of Erin Corbin of Stonewall and Cory Sulyma of Stony Mountain — has been nominated in the category of Roots Artist, Duo or Group of the Year.

"We're really excited to be nominated again this year," said Sulyma.

"We've got some stiff competition, but just being named alongside some of the biggest artists in Manitoba is a huge honour."

The local duo is wrapping up a Western Canada tour with a home-

town show at Something Beautiful on Saturday, Sept. 14.

Ben Mak of Stony Mountain has been nominated in the category of All Star Band of the Year for bass.

"With so many amazing musicians in Manitoba, I'm surprised to be included on the list," he said. "I am very grateful to be considered a nominee."

In addition, Rhianna Rae Saj of Stonewall has been nominated in three categories: Album of the Year for Begin Again, Female Artist of the Year and Emerging Artist of the Year.

## Reminder Notice of Public Hearing

### You're Invited

to share your views about the proposed  
rate increases from Manitoba Public Insurance

The Manitoba Public Insurance Corporation (MPI) has applied to the Public Utilities Board (Board) for a 0.1 per cent increase to Basic Autopac vehicle insurance rates and premiums, effective on March 1, 2020 through March 31, 2021. This 13-month rating period is required to align with a revised fiscal year-end.

For further details, please contact MPI at [inquiries@mpi.mb.ca](mailto:inquiries@mpi.mb.ca) or visit the Board's website at [www.pubmanitoba.ca](http://www.pubmanitoba.ca).

A public hearing on the proposed increases will be held on:

**Monday, October 7, 2019** at 9:00 a.m.  
Public Utilities Board Hearing Room  
4th Floor, 330 Portage Avenue,  
Winnipeg, MB R3C 0C4

If you are interested in learning about these rate increases, you are encouraged to attend the hearing, observe the hearing via live streaming, or provide your perspectives through the Board's on-line comment tool.

If you wish to speak at the hearing or make a written submission, please contact the Board secretary at 204-945-2638 or toll free 1-866-854-3698, no later than **September 10, 2019.**

For more information, visit [www.pubmanitoba.ca](http://www.pubmanitoba.ca).

# Register a team for Relay for Life

By Jennifer McFee

It seems that cancer impacts everyone in one way or another.

The Relay for Life is a way to show solidarity and support while also raising funds to fight the disease.

In Stonewall, the event will be held on Friday, Sept. 20 at the Stonewall Collegiate track from 6 to 11 p.m. Teams are welcome to sign up to participate, and they can set up their camp sites after 4 p.m. on the event day.

Led by bagpipers, cancer survivors will kick off the relay with the Survivors' Victory Lap. After that, one member of each team must be on the track at all times in an effort to honour those who are currently living with cancer.

The luminary ceremony will be held at 8 p.m., when the track will be lined with small candles placed in special bags to remember loved ones and honour those living with cancer in the community.

The event will feature a chili cook-off contest, so each team is encouraged to bring a crockpot full of their mouth-watering chili to vie for the first-place prize. Chili will be available for \$5/cup.

Judges will also choose the best costumes and award free pizza to the winning team.

As another option, Me and My Dogs will be sell-

TRIBUNE FILE PHOTO BY JO-ANNE PROCTER

Cancer survivors will kick-off the walk with the Victory Lap led by pipers at 6 p.m. on Sept. 20.

ing hot dogs and hamburgers with 25 per cent of the proceeds being donated to the Canadian Cancer Society.

Broke "N" Busted will provide musical entertainment throughout the night, and Jenna Hopkins will be the guest speaker.

Every dollar raised through the Relay for Life goes towards research and support programs through the Canadian Cancer Society. Royal Bank representatives will be on site to handle donations.

The overall event goal is to raise \$25,000 for the cause. As of press time, local teams had already raised more than \$3,800.

For more information about the event, including how to register a team or to make a donation, view the Facebook page entitled "Relay for Life Stonewall" or visit the Relay for Life Canada website at [http://convio.cancer.ca/site/TR/RelayForLife/RFL\\_MB\\_even?fr\\_id=24854&pg=entry](http://convio.cancer.ca/site/TR/RelayForLife/RFL_MB_even?fr_id=24854&pg=entry).

# Rosser council approves recreation and cultural grants

By Jennifer McFee

- At the Aug. 13 meeting, Rosser council approved recreation and cultural grants to several facilities and churches for the payment of their 2019 property taxes. Council awarded the grants to The Vintage Locomotive Society (\$2,138), St. Michael's Church (\$50), Rosser United Church (\$63), Lilyfield Church (\$43), Grosse Isle Recreation Club (\$1,753), Marquette Curling Club (\$69), Meadows Community Club (\$652) and Rosser Central Community Club (\$2,190).

- In 2014, the RM of Rosser entered into an infrastructure funding agreement with the City of Winnipeg for wastewater treatment services. The RM received an invoice for \$783,682.25 for cost overruns to date. This invoice will be paid using funds from the capital levy reserve.

- The RM's servicing permit for

lot grade, sewer and water is being changed to \$250 from \$100.

- Council passed second and third readings of a bylaw to establish maximum speed limits in the municipality.

- Council passed second reading of a bylaw to establish water and sewer rates within the Rosser Centre-Port Utility.

- Council passed first reading of a bylaw to regulate the water system in Rosser. Coun. Lee Garfinkel didn't vote on the resolution.

- Manitoba Infrastructure had previously requested that the RM permanently close or replace the bridge located at Road 66 North and Road 1 West on Sturgeon Creek Drain. Council agreed to replace the closed bridge with a new bridge-crossing site. Coun. Ken Mulligan withdrew from the discussion and vote due to a perceived

interest since his transportation route is affected by this closure.

- Council approved Manitoba Hydro's second phase of gas service to complete the water crossing under Omands Creek.

- Council approved applications for culvert crossings on Goldenrod Drive, Eagle Drive and Harvest Drive. The applicants will cover the cost of supplies and installation.

## The importance of farming on our economy

By Evan Matthews

Society has become disconnected from the traditional family farm.

Whereas it used to be so many folk in Canada grew up on the family farm, now, in many cases, large corporate farms have ousted family farms, changing the landscape of rural living.

But it's not to say the family farm no longer exists.

No region represents the notion better than Manitoba's Interlake. Across the map, highways 6, 7 and 8 have farms prevalent throughout their respective communities.

As Manitobans, our ties to agriculture and to farming, begins in our rural communities. In many ways, farming has been the backbone of Manitoba's rural economy and culture; its history.

But so often as time passes, and many times in the city, we forget.

We go to the store to buy our ground beef and we go home to make dinner.

From the very same store, we run to buy milk and pour it into our coffee or cereal without giving it much thought.

Yet, those products were cultivated right here in Manitoba and they're a big part of local industry and econo-

my. It's also likely, if the product came from a family farm, the same family has been operating the farm for generations.

Farming starts with the cultivating of the land and the planting of a seed, or the birthing of a calf. It's rising with the sun and the birds, putting in a day's work and repeating the very same process the next day.

Farming is the variables of an extremely dry season, an extremely wet season, a bad virus and loss of livestock, or any other number of things one just cannot account for.

Farming isn't a guarantee.

But farming is more than all of that because, really, it's the people who do the job every day and who make up our communities.

Open Farm Day offers other people in our province — people who don't understand what goes into such a gruelling industry — a chance to get out and experience what life on the farm is like firsthand and hear stories from people who live it every day.

One farmer shared a story with me, saying his mother would tell stories of the Indigenous women from Fisher River coming down with handmade

goods and getting together with the women of the community.

They would trade for food, much of which had been cultivated on the farm. They would also share culture and build relationships.

It's just one example and one story, but so often people hear these stories and can hardly contextualize the history. Yet, we aren't so far removed.

Farming has played, and still does play, a huge role in our province's social relationships, along with its economic and trading practices, right from inception.

Farming is part of our identity, our makeup.

And it's worth noting that due to current environmental and resulting economic conditions, the region's farmers are struggling — agricultural farmers, livestock farmers, really, all farmers.

Open Farm Day, takes place on Sept. 15 and offers us a chance to visit, to think critically, to ask questions and to listen.

Something that makes up so much of who we are as a provincial community deserves at least that much.

## Letters to the Editor: [letters@stonewallteulontribune.ca](mailto:letters@stonewallteulontribune.ca)

### Comment to the "Right to Refuse Campaign"

In response to the "Right to Refuse Campaign now underway" article printed in the Aug. 29 edition of *The Stonewall Teulon Tribune*, Brownlee says, "most of their responses have been positive" of the public who have become aware of his campaign. Yikes! My response is angry/nega-

tive/mystified/annoyed/questioning. Here is my best try at a positive reaction that might be printed in reply:

I would have liked to have thanked Trent Brownlee for bringing attention to the important and serious condition of Fetal Alcohol Spectrum Disorder (FASD). He could

have referenced research and data on how best to support pregnant women who are drinking excessive alcohol and the children and adults living with FASD. Imagine if MLAs were encouraged to 1) support rural health care access to prenatal care and abortion; 2) research evidence based policies; 3) use critical think-

Gardeners have been reaping the benefits of the harvest of their vegetables for the past few weeks and cleaning out their gardens. Companion planting corn and sunflowers is recommended by many gardeners and gardening websites and clearly prolongs the beauty of our short lived gardening season.

## > LETTERS TO THE EDITOR, FROM PG. 6

ing skills; and 4) work alongside FASD experts and survivors to improve supports? You could actually make a measurable difference. Otherwise, from my point of view, the "Right to Refuse Campaign" is just stigmatizing women and setting servers up for discriminating their clientele (like how exactly are they going to determine who is pregnant?).

Protecting servers from the "moral crisis" to refuse alcohol to a pregnant woman does not need to be legislated within in the Manitoba Human Rights Code. Please do not begin a "mission" without first considering the actual root causes of the complex issues you are trying to "protect" people from.

Sincerely, Jennifer Beirnes  
RM of Rockwood

## Honouring our Second World War and Korean Vets

Dear Sir or Madame,

I would like to inform your readers about two very special medals that are available for our veterans. These are the National Order of the Legion of Honour from France and the Ambassador for Peace Medal from the Republic of Korea.

Our veterans of the Second World War and the Korean War have both fought hard and made tremendous sacrifices, and they have both won the greatest level of respect and thanks we can give them. The Government of France is awarding their highest

National Order of the Legion of Honour - France

medal to all living Canadian veterans who directly helped to liberate their country between June 6 and Aug. 30, 1944.

The Republic of Korea is presenting its Ambassador for Peace Medal to all Canadian Veterans who participated in the Korean War and its peace keeping operations between 1950 and 1955. Living veterans or the families of veterans who have passed away may be eligible to receive this special medal from Korea.

If you are a veteran or know someone that is, and who might be eligible for one of these important medals,

Ambassador for Peace Medal - Republic of Korea

please contact me. I am an unofficial volunteer who is willing to help you with your application. There is no fee involved.

For more information please contact Mr. Guy Black C/O 515 - 95 Moody Street, Port Moody, BC V3H 0H2 or email Korea19501953@yahoo.com and include the subject "Veterans Medals."

Guy Black  
Recipient, Minister of Veterans Affairs Commendation and the Sovereign's Medal for Volunteers

## From the desk of the Interlake School Division Superintendent

By Jennifer McFee

The new school year is off to a running start in the Interlake School Division.

Supt. Margaret Ward said that the school division is entering Year 2 of its Continuous Improvement plan. The main areas of focus for the 2019-20 school year will continue to be on numeracy throughout kindergarten to Grade 8 and well-being in Grade 9 to 12.

"Our professional learning for staff will be focused on strategies to use in their classrooms to improve teaching and learning," Ward said.

"Community members can look forward to opportunities for their own learning throughout the year."

Students and families also have much to look forward in the school year ahead.

"The year is starting off with good news for families — the Board of Trustees approved funds in the 2019-2020 budget that sees course fees eliminated in high school courses and in middle years elective courses," Ward said.

"These dedicated funds will allow access to all courses for all students without the burden of additional costs to families."

To start off the school year on the right track, Ward adds that it's all about making sure the experience is positive.

"We all have a role to play — parents in helping with back-to-school routines, teachers in establishing a positive learning environment, school administrators in ensuring that schools are safe and welcoming spaces," she said.

"Parents/guardians are encouraged to stay in close contact with teachers as the school year progresses in order to work together for student success."

Over the past two years, the Interlake School Division website and individual school websites have been updated. To keep informed throughout the school year, visit [www.interlakesd.ca](http://www.interlakesd.ca).

# getfishing

RED RIVER > CHALET BEACH > LAKE WINNIPEG > NORRIS LAKE

## Just let the bear have the fish

Hi gang.

The other day I was talking to a chap whose tall, athletic size seemed irrelevant in the presence of a young black bear. Our new friend, Daniel John, whom I met on the north beach of the Winnipeg Beach marina, told of a time when he was kayak fishing in Nutimik and got a strike. He and the fish, locked in battle, were close to the shallow shore waters. The sun was bright in Dan's eyes, but he could see he had a sturgeon about as long as his arm as it flipped out of the water, showing its grey, spiny back.

Both the fish, and Dan in his kayak, were hitting the rocky lake bottom. Rather than capsizing in the choppy waves, Dan pulled himself free of his slender craft. With his feet splashing through the water, he picked his way to shore, still reeling in his fish. The gusting wind whistled around him, whipping the trees behind him, but his ears became alert as he heard a branch break. He turned and there stood a small black bear eyeing him and his struggle with the fish. Dan froze. He watched the young creature cock its head sideways, seeming to look around Dan to see the fish, which was now beached.

Dan slowly walked backward, giving the bear a full view of the fish. It moved, waddling down to the shore, stood over the fish and smelled it while giving it a cuff with its paw. Then, inexplicably, it turned, seemingly disinterested, and wandered aimlessly back into the bush. Dan remained motionless until he was sure the bear was gone. Then, walking over to the sturgeon, he bent down, took his hook out of its mouth and released it, saying, "Fish, this is your lucky day!"

Last weekend I met Jody Saniuk, another well-conditioned chap. Jody, with a touch of grey in his short hair, was full of energy; a man dedicated to fishing and scuba diving. He spoke kindly of his father, George, who years ago took him fishing with a gang of friends, young and old, to Fairford by the bridge. Jody and his young buddies were made to fish off the shore while his dad and his friend used George's boat to fish maybe a dozen boat

lengths out.

"There's nothing like fishing in a boat," his dad used to say. Then the boys started catching fish. They shrieked with joy each time they landed one, holding it up to tease the men in the boat who hadn't gotten so much as a bite.

As the lads were fast approaching their catch limit, the men swallowed their pride and beached the boat to join them. No sooner did they cast their baited hooks into the water, then the fish quit biting. Silence overcame the group. Then everyone broke out in laughter as Jody's young voice pierced the quiet, again ribbing his father, exclaiming, "See, Dad, you don't need a boat all the time. Sometimes all you need is a rod to cast a hook out to where there's a bunch of fish!"

It's always so nice to sit outside on a calm, sunny, early fall day; that is, until the wasps come calling looking for the sugar in your drinks. They buzz around your glass, your food, your face and occasionally get mad enough to sting you. Take heart, though. Here is a remedy you may or may not have heard of. In the middle of last week, I came upon an easy-talking guy thoroughly enjoying another retirement day, sitting and fishing on the bank of the Red River with the warm sun in his face. Alan Bartley is his name and when the subject of unwanted wasps came up, he told how to make a wasp and fly trap quite easily. He related how you cut off the dome-shaped top section of a plastic two-litre soft drink container, turn it upside down then push it back down into the open bottom section. Fasten it with tape or staples and pour some sugar water through the now upside-down funnel-shaped top. You can make a few and set them around your outdoor gatherings. The wasps fly into your "sugar hotels" but they don't leave!

As Alan was giving this helpful tip, he was interrupted as his rod started sliding toward the water after he had put it on the ground to better describe the making of the wasp

> Fish tales?

Call Arnie Weidl at 204-641-2210  
sanarn@mymts.net

TRIBUNE PHOTO BY ARNIE WEIDL

Alan Bartley with his pickerel catch from the Red River while he was telling how to make a wasp trap.

trap. He liked to emphasize what he was saying with hand flourishes. Those hands dove at his escaping rod and scooped it up. His line sung under the tightening tension as he hauled up on his rod, setting the hook. For a moment the line went slack and Alan cried out, "I think I lost it!" Then the line stiffened and tore through the water off to the side. Alan was firm, though. He reeled in and up popped a nice eating-sized pickerel, which we see in this week's feature picture.

Till next week. Bye for now.

## Ruck to Remember coming to Manitoba

By Jennifer McFee

The Ruck to Remember event aims to keep veterans off the streets, and it's coming to Manitoba for the first time next weekend.

Ruck to Remember is a not-for-profit organization dedicated to supporting veterans. For the past five years, the group has organized an annual multi-day ruck march in Ontario, covering two kilometres for every veteran, firefighter and paramedic that died in the previous year.

The event has been raising funds for the Royal Canadian Legion's "Operation: Leave the Streets Behind" initiative. So far, it's raised more than \$100,000 for the cause.

This year, the event is coming to Manitoba from Sept. 19 to 22 with a 150-kilometre ruck march. The trek begins at the Lac du Bonnet Legion Branch No. 164 to Beausejour Legion Branch No. 132 on the first day, then heading to Selkirk Legion Branch No. 42 on Day 2. On the third day, the group will march to Stonewall Legion Branch No. 52, winding up on the final day at Legion Branch No. 4 in Winnipeg.

All proceeds will go towards the Royal Canadian Legion Poppy Fund in support of veterans in Mani-

toba and Northwestern Ontario. The Poppy Fund provides financial assistance and support to veterans and their families, including Canadian Armed Forces and RCMP.

In the past two years, the Stonewall Legion Branch No. 52 has donated more than \$60,000 back to the community, with about \$24,000 coming from the Poppy Fund.

When the participants arrive in Stonewall, there will be a fundraising barbecue at the local legion starting at 5 p.m., with help from the 301 Alan McLeod Air Cadet Squadron. Advance tickets are available at the legion for \$5.

Teresa Taplin also encourages people to consider becoming legion members.

"All the Canadian legions rely on members to be able to continue to give the donations they do," she said. "Membership is down all across Canada and we encourage all those who want to be a part of a great organization to become members and give back to their community."

For more information or to make a donation, visit the GoFundMe page entitled "Ruck 2 Remember: Manitoba" or email admin@ruck2remember.com.

# Armstrong looking for volunteers for emergency planning

By Evan Matthews

A transport truck carrying 10,000 litres of propane is travelling down Provincial Road 231 in the Fraserwood community when it flips, experiences a rupture in its holding tank and begins to leak.

Who is in charge? What happens next?

That is exactly what the Armstrong RM set out to explore last weekend.

"This is something we needed to explore, practically, without being in a disaster situation. It's a practice run, a mock disaster," said Armstrong RM Reeve Susan Smerchanski.

"We need to be able to respond properly if/when the situation arises," she said.

The Armstrong council and 25 volunteers, including members of the fire department, met Shelley Napier and her team at the Fraserwood Hall for an emergency simulation last Saturday.

The province requires RMs to exercise its emergency plan once every four years, according to legislation. Shelley Napier, owner of Napier Emergency Consulting, has a team who aids in the process.

Her team is made up of experts like Paul Kentzinger. Kentzinger spent many years as a Winnipeg police officer, specifically spending time on the WPS disaster team.

Napier, Kentzinger and the rest of the emergency consulting team work to build scenarios with realism, which puts local volunteers under pressure and stress and "truly" simulates an emergency situation.

## The Fraserwood situation

In this case, the simulation involved a transport truck carrying 10,000 litres of propane from Gimli to Teulon flipped on its side within the Fraserwood community and began leaking the flammable gas.

Of course, this didn't actually happen.

"But we do have a lot of truck traffic," said Smerchanski.

"It's a good practice run because we get more confidence in this type of scenario and answering media questions."

So Napier had first responders set up "on site" at the emergency — in the Fraserwood Hall's lobby — where they would call in details, updating the emergency operations centre (EOC).

"My staff will call in to the EOC and create problems for the EOC and council to deal with ... such as the need for an evacuation," said Napier.

"Then the EOC and council will be

forced to respond and include the media."

Napier's team helped the RM set up an EOC in the main hall where RM volunteers, including some members of the fire department, congregated to receive information from the site.

As the EOC would receive information, they would liaise with council.

Council was located in a separate location from the EOC in the main hall.

Council, after receiving information from the EOC, could then make decisions and answer media questions.

Napier emphasized the need for consistency between the EOC receiving the information and those on site, and what the EOC subsequently was passing on to council.

"If council has erroneous information, they can't make good decisions. Consistency and accuracy is of the utmost importance," said Napier.

"During an emergency, the message is the hardest thing to control, especially now with social media. You want factual, actual information circulating."

During the simulation, council declared a state of emergency during the exercise based on the information received from the EOC.

Napier said by declaring a state of emergency, council is given 15 powers they would not otherwise have, such as mandatory evacuation of a community, for example. This is something new members of council might not know, Napier said, but find out through the exercise.

In the simulated exercise, the Fraserwood community was forced to evacuate roughly 100 people from the affected area.

TRIBUNE PHOTO BY EVAN MATTHEWS

Armstrong council deliberates the best evacuation strategy after receiving information from the EOC.

Once council and first responders had the area secured and the population evacuated, responders continued to allow the transport truck's ruptured tank to "leak out," no different than a propane tank on a barbecue.

Clean up and reclamation efforts would come after, Napier said, and residents could then return home.

## Proactive planning

Over the last few summers, dry conditions have presented fire hazards and severe storms, or it could be a random event a vehicle collision, but Smerchanski said being prepared is important no matter what.

St. Laurent, for example, experi-

enced a severe flood in 2011 in which residents were forced to evacuate. Both Napier and Smerchanski said residents should always be ready for a worst-case scenario.

Smerchanski said the RM has a family emergency plan document available on its website for review.

If a resident feels prepared and wants to do more, the RM is in need of extra hands, according to its reeve.

"We're always looking for more volunteers, too. We're so big geographically. ... It's a huge area," said Smerchanski. "If we have an emergency, we need people from all over who are familiar."

- ✓ For interested families, a Junior Kindergarten (JK) Program will be offered during the 2019-2020 school year to children born in 2015
- ✓ JK will be offered one half-day per week in all ISD Kindergarten communities
- ✓ Specific days for each community will be determined in September
- ✓ JK will run from October 2019 to May 2020
- ✓ JK is a free of charge, drop-off program
- ✓ The JK Program will take place in ISD schools...where possible, right in Kindergarten classrooms

To register online or obtain more information visit our website at <https://www.interlakesd.ca/junior-kindergarten/>  
Registration forms are also available at your local elementary school.

# RM of Woodlands planning for new cold storage

By Evan Matthews

The Woodlands RM maintenance department will see construction of a new building, hopefully before the snow flies.

With conversations spanning the last three months, Woodlands RM Reeve Lori Schellekens said council voted in favour of a resolution to construct a new “cold storage” — a seasonal maintenance storage facility — and put out a request for tender.

“We still have to formally put out a request for tender,” said Schellekens, adding construction is weeks away at a minimum.

“We’re hoping to ... have offers in the next couple of weeks,” she said.

As it stands now, the RM sought out an engineer who designed the building plan, but the RM requested a few minor alterations to the plan and it has not been finalized yet.

There is no estimated cost for the

building, as Schellekens said the estimated cost is to be set by contractors who bid on the tender.

The old facility, located on the south side of the property, has been heaving and buckling with the weather, in part because the original support poles were not placed deep enough into the ground, according to Schellekens.

“It’s not a secure or stable building, depending on the weather. It’s been sufficient for a number of years, but we’ve been putting money away for a new build,” said Schellekens.

“Originally, the plan was to move it, but we found out for (close to) the same dollar figure, we could just get a new building.”

The facility is a “seasonal building,” according to Schellekens, in which summer equipment goes in and winter equipment comes out, or the winter equipment goes in and the summer equipment comes out.

TRIBUNE PHOTO BY EVAN MATTHEWS

The RM of Woodlands will be replacing the maintenance building after the existing building has been heaving and buckling.

The new building will be on the same property but on the north side of the property line, according to Schellekens.

“With a new, secure foundation, we won’t worry about heaving anymore,” said Schellekens.

Once the new building is constructed, the demolition of the old building on the south side of the property line will be put up for tender.

Once everything is complete,

Schellekens said the RM intends to fence the property’s perimeter as a way to proactively avoid property crime.

At some point down the line, Schellekens said the construction of a new RM office on the same property is on the wish list.

“Everyone would be working in one area,” said Schellekens. “It’s years away, but it’d be perfect.”

## Rocklands Antique Club to host threshing event

By Jennifer McFee

If you’ve ever wondered how threshing was done in the good ole days, here’s your chance for a first-hand glimpse into the tried-and-true methods.

On Sept. 15 at 1 p.m., the Rocklands Antique Club will be threshing two wagons of sheaves at the Red Barn, located at the corner of Highway 236 and Road 75. All are welcome to attend.

Club member Doug Kroll explained the origins of the event.

“Last year, Rocklands Antique Club celebrated their 30th anniversary and

had plans to thresh two wagons of sheaves with an old threshing machine to celebrate the occasion. Unfortunately, the weather did not cooperate and we were unable to thresh the two wagons,” he said.

“This summer, our club purchased a 1928 John Deere threshing machine from a former member, the late Bob Appleyard. Our club has gone through the machine and have it in good working order.”

Admission is free, and the event will be held in memory of Bob Appleyard. The rain date will be Sept. 29 at 1 p.m.

TRIBUNE PHOTO BY ROBERT E. WILSON

The Rocklands Antique Club will be threshing two wagons of sheaves at the Red Barn on Sept. 15.

## Riding for cancer

TRIBUNE PHOTO SUBMITTED

A group of four young RW Ridgeway Ranch students — Grace Stewart, Jacob Stewart, Renee Bourque and Madison Gagne — and their teacher Jaime Margetts participated in a 13-mile horseback ride to The Kiln on Sept. 7 to raise funds for CancerCare with a focus on pediatric cancer. Donning shirts made and donated by Kreations by Kelsey from Teulon, courtesy of Jake’s mom, the group raised more than \$3,600 for the cause — and more donations are still coming in.

## Stonewall council news in brief

TRIBUNE PHOTO BY JENNIFER MCFEE  
Trent Brownlee

By Jennifer McFee

At the Sept. 4 meeting, Trent Brownlee provided information to Stonewall council about Community Futures East Interlake.

Brownlee serves as a citizen representative for the community-based economic renewal initiative, which is funded by the federal government and directed by local volunteer boards.

The main objectives of Community Futures East Interlake (CFEI) are to help rural Canadians start or expand a business and to help sustain and improve communities and their local economies.

From Sept. 17 to 19, the Manitoba Community Futures "Times are Changing" conference will be held at the Lakeview Resort and Conference Centre in Gimli.

In addition, the organization invites applications for the Build Interlake Growth Program, which can provide up to \$5,000 or 50 per cent of project costs for incremental capital projects or phases. The CFEI contribution will be no less than five per cent of the total project costs, with no project budgets over \$100,000. The CFEI contribution must be matched by an equal investment of actual dollars. The application deadline is Dec. 15.

In addition, the organization provides free business counselling as well as business financing opportunities.

For more information, visit <https://cfmanitoba.ca/east-interlake>, email [info@eastinterlake.com](mailto:info@eastinterlake.com) or call 204-378-5106.

In other news, council approved a subdivision application for John Howard and Caron Moore with conditions.

The Town of Stonewall is also looking to apply for a grant through the Invest in Canada infrastructure program along with the RM of Woodlands for a potential regional water treatment plant and pipeline. The topic will also be discussed at the next Woodlands council meeting.

## Your wedding

CELEBRATING YOUR UNIQUENESS

FROM THIS DAY  
*forward*

### Old, new, borrowed and blue: a fresh take on the long-held custom

You've probably heard the 19th century bridal rhyme: "something old, something new, something borrowed, something blue, and a silver sixpence in her shoe." Are you thinking about incorporating the associated traditions into your wedding but want to do so in a modern way? Here are some fresh ideas.

#### Something old

- Create a display of vintage photos of loved ones
- Incorporate your grandmother's pearl necklace into your hairdo
- Create a brooch bouquet from vintage brooches and jewelry to carry instead of flowers

#### Something new

- Find some cheeky lingerie to wear under your dress — it can be your little secret
- If you're not the type to wear jewelry, have rings tattooed on your fingers

- Have a custom perfume blended just for your special day

#### Something borrowed

- Rent a designer gown instead of buying a dress you'll only wear once
- Borrow your parents' wedding song for your first dance
- If a married friend has a similar style to you, ask to borrow her veil

#### Something blue

- Forget a French manicure and paint your nails bold blue
- Wrap your bouquet with a blue handkerchief or ribbon
- If you're wearing a ball gown, add a layer of blue tulle

Given how the rhyme ends, why not tape a quarter to the bottom of your shoe for extra luck? Be sure to choose one minted the year you're getting married. Afterwards, you can save it as a memento and someday lend it to a loved one as their

own something borrowed.

# SHARPEN YOUR PENCILS! It's back-to-school *time*

## BACK TO SCHOOL SAFETY TIPS FOR KIDS COMMUTING TO SCHOOL

Are you worried about your children commuting to school on their own? Here are some instructions you can give them to make sure they stay safe.

- If your children take the bus
- Leave early and don't run to the bus stop.
  - Stay on the sidewalk until the bus comes to a complete stop.
  - Use the ramp to climb aboard the bus if there is one and sit down quickly.
  - Keep your backpack on your knees or stow it under your seat.
  - Wait for the bus to completely stop moving before getting up.
  - Don't push when exiting the bus.

If your children walk to school

- Always use the sidewalk and make sure to

respect traffic lights, even if there aren't any cars coming.

- Only cross at intersections and look left and right before crossing.
- If there's a crossing guard, follow their directives.
- If your children bike to school
  - Always wear a helmet and make sure it's securely fastened.
  - Make certain nothing gets stuck in the bike's chain or wheel such as backpack straps or an umbrella.
  - Use bike lanes whenever possible.
  - Don't go too fast, even if you're in a hurry.

In addition to providing your kids with these safety tips, it's a good idea to accompany them to school a few times before they make the trip on their own.

## Stonewall RCMP emphasizes safety for school year

With the new school year upon us Stonewall RCMP would like to emphasize that safety is everyone's responsibility. From wearing your helmet if you're riding your bike to school or just checking both ways

before crossing the street at a crosswalk. Students and parents taking students to school should be cautious approaching school zones and be looking for vehicles. Motorists must be aware of school zones

as well ,especially if there is a speed change. Know your school zone times and the maximum speed allowed. Police will be out looking for violators when schools are in operation. Education should never

cease,when it comes to learning about safety.  
**Be aware. Be knowledgeable. Be safe.**

## What you should know about helicopter parenting

Do you oversee every aspect of your children's lives? Do you tend to hover around them managing every challenge that arises? While it's a good thing to be involved in your children's lives, smothering them — a.k.a. helicopter parenting — can have serious consequences.

The risks  
In order to develop autonomy, confidence and self-esteem, children need to learn to navigate trials and tribulations on their own. As kids grow, it's best to allow them to manage their problems, make

mistakes and learn from their successes and failures.

Studies indicate that children of helicopter parents tend to have difficulty developing their independence and regulating their behaviour. A young person whose early childhood spats with playmates were managed by well-meaning parents may come to have little tolerance for disagreements and act out in ways that isolate them from their peers.

Children who were raised by parents who continuously spoke on

their behalf may also have trouble expressing themselves. In some cases, they may even believe they aren't capable of being responsible for themselves.

What you can do  
Parents can and should be involved in their children's lives. However, it's best to offer love and support while encouraging autonomy and self-sufficiency.

If you think you're a helicopter parent, take stock. Determine what things you're doing for your children that they can and should do

on their own (it may be helpful to write out a list). Gradually, back off from performing these tasks.

Remember, it's okay for children to make mistakes, take wrong turns and sometimes fail. Undoubtedly, these are the moments that will provide the most meaningful lessons.

# Young cattle producers participate in Round-Up event

TRIBUNE PHOTO SUBMITTED

Young cattle farmers showcased their skills and knowledge at the Manitoba Youth Beef Round-up earlier this month.

By Jennifer McFee

Young cattle producers showcased their skills and knowledge at the Manitoba Youth Beef Round-Up last month.

From Aug. 2 to 4, 48 junior cattle producers from Manitoba and Saskatchewan participated in the event, which took place in Neepawa. A total of 22 new members attended the event for the first time.

As one of the judges, Kolton McIntosh grew up on a cattle farm near Eriksdale.

"I'm only 24 years old but I've been involved in Manitoba Youth Round-Up since I was probably 12 or 13," said McIntosh, who now lives at Oak River but returns to Eriksdale on the weekends to farm.

"I've been involved with it for a long time. This year, they asked me to come and judge. It's a great weekend for young beef producers to get together and mingle."

The participants compete in teams and as individuals with a focus on the skills needed to succeed in the livestock industry.

The Round-Up included portions on public speaking, interviews, individual judging, team judging, team fitting and a knowledge competition. Other highlights included a cook-off competition and a slip 'n' slide to cool off on the hot day.

On show day, the junior producers participated in showmanship class and confirmation class, wrapping up the event with a parade of champions and awards.

Kaitlyn Davey was the grand aggregate winner in the senior division, with Sadie Anwender receiving an honourable mention.

Levi Best won the Intermediate division, with Cody Carson earning an honourable mention.

Madisyn Robertson won the Junior division, with Fischer Cavers receiving an honourable mention.

Declynn Allum won the PeeWee division, with Aklen Abey earning an honourable mention.

For McIntosh, it's clear to see the benefits of participating in the Manitoba Youth Beef Round-Up.

"In my eyes, kids can go to this and take away as much as they can. It's jam-packed with learning. It's a very good weekend, actually," said McIntosh, who was also involved in 4-H.

"I would recommend all young kids to go and learn stuff about the beef industry, it's definitely a weekend to go to."

There's more to the event than you might expect, he added.

"I find that at the youth shows, it's 100 per cent about the kids. The kids do everything from the barn chores to all the projects. It isn't just the animals. There's scrapbooking and there's art and there's marketing," he said.

"There's a whole bunch of things other than just showing cattle at Youth Beef Round-Up that a kid can take part in. You actually don't even have to go to the event with cattle. As long as you have an interest in cattle, you can go — and if you want to compete in the showmanship class, they'll find you a calf to show."

The Manitoba Youth Beef Round-Up is organized by representatives from various breeds who have previously been involved in provincial and national shows. The goal is to promote and educate youth to continue to be involved in the livestock industry.

"IT'S 100 PER CENT ABOUT THE KIDS."

# Age no obstacle for sisters to stay connected

By Jennifer McFee

Time, distance and age are no match for two sisters who are determined to maintain their close connection.

Leaving her home base just south of Vancouver, 92-year-old Adele Kuhn recently travelled on her own by plane to Manitoba to visit her little sister Rose Kiel in time for her 83rd birthday on Aug. 30.

Prior to that, Rose had travelled from her home in the Teulon area all the way to B.C. to celebrate her nonagenarian sister's birthday in February.

"We've always been very close. She has three children and we have three children, so the kids would always like to get together. In the wintertime, there would be Ski-Doo-ing and always some sort of activity," Kiel said.

"She used to live in Brandon before, so it wasn't that far for us to go there for the weekend."

Their husbands have both passed away, and so has another sister who lived in Calgary. Kiel continues to keep in touch with her nieces in Alberta.

"There's just the two of us left, but

we've had many great years together," said Kiel, who lives on a grain farm.

"She is quite a bit older than I am, so I was always the little sister. Of the family, there's just my sister and myself that are left, but we are having a very nice time together."

Although Kiel is a seasoned traveller, she travelled alone for the first time in February when she went to visit her sister out west.

"My husband and I did a lot of travelling in our younger years. We went to Germany twice and we went to New Zealand for one month for a wedding. We did our share of travelling years ago, but when he had the cancer, everything stopped. We all miss him terribly because he was always the cheerful one in the family but life has to go on. There are some good days and bad days," she said.

"Last year was the first time I'd gone by myself on the plane. Some people I knew were very surprised that I was going myself. My sister came herself the year before, so I said, 'If she can do it, I think I can do it.' So I went myself and then she came back here by herself."

Looking ahead, Kiel hopes to visit her sister in B.C. again, but she's not making plans too far in advance.

"THERE'S JUST THE TWO OF US LEFT, BUT WE'VE HAD MANY GREAT YEARS TOGETHER."

TRIBUNE PHOTO SUBMITTED

Distance can't keep these two sisters apart.

"I won't decide today or tomorrow if I will go next year. Sometimes on the farm, you can't plan too far ahead," she said.

"But I would like to go out there for a couple weeks. As long as I stay healthy, I can still do those things."

## Thunder Atom football team winning games

By Brian Bowman

The Interlake Thunder Atom football team is having a great time on the field this season.

There are also winning some games.

Interlake improved its record to 2-2 this season after a hard-fought 14-12 win over the Sunrise Coyotes last Saturday in Stonewall.

"It was a bit of a defensive battle," said Thunder head coach Michael Stroppa. "The guys held on at the end. They had to get a big stop to kill the last minute-and-a-half. Sunrise was trying to put it into the end zone but the (defence) stopped them."

The Thunder's defence is quick to the ball and they have players that can really pressure the quarterback.

Playing .500 ball after four weeks of the season is a great accomplishment for this group of players

"There's a bunch of players on the team, both the 2008-born players and the 2009-born players, that over the past two seasons before this season have never won a game," Stroppa noted. "I know as long as my son (Mark) has been in football, he did two years of Cruncher, and we got our butts handed to us every game."

"We got our first win over the (North

Winnipeg) Nomads a couple of weeks ago. Everyone is super pumped - it's been a great year."

The Thunder's 16-player roster consists of players from all over the Interlake. But this group of young players has done a tremendous job gelling as a team.

"One of our kids Bernie (Garson), a couple of games ago and last game hurt himself but he wanted his dad to drive him to practice even though he wasn't going to play because he had a bad ankle," Michael Stroppa explained. "But he wanted to go (to practice) and it was a two-hour drive. He comes out two hours just to hang out with the boys and go back up two hours again."

Interlake will now have a couple of weeks between games. It will give the Thunder an opportunity to get in some practice time at their new positions

"We're going to be switching up a bunch of positions now," Michael Stroppa said, noting the Thunder is getting better and better each week. "We'll be giving people who have been playing defence a chance to play offence and others playing offence will now be on defence."

TRIBUNE PHOTO BY LANA MEIER

The Interlake Thunder's Chance Joynt (1) of Warren sacked the Sunrise Coyotes quarterback during Atom action last Saturday.

The Thunder's next game is Sept. 22 when they host the Valour Patriots at Stonewall Collegiate. Game time is noon.

## Stonewall Curling Club ready to rock another season

By Brian Bowman

The Stonewall Curling Club is very excited for another great season of curling action.

"It's kind of crept up on us," said Stonewall Curling Club president Stu Brown last week. "For the most part, we tried to take the summer off and not think too much about it. The last month or so, we've tried to do some planning and now here we are in September and it's going to be right on top of us here."

Online registration for the upcoming season at the Stonewall Curling Club is still open.

Everyone must register online at [stonewallcurlingclub.com](http://stonewallcurlingclub.com) and Sept. 22 is the final day to receive the early-bird rate.

"I don't know the exact numbers but

people have been doing it already," Brown said. "This is our third year doing online and basically we're hoping to have everyone signed up and registered by the third week of September so the leagues can plan based on numbers. There have been improvements with the online the last couple of years and we hope this year we can get it all done and everybody registered early."

After the deadline, the registration fees will increase by \$50 for ladies, men's and mixed leagues. In addition, all fees must be paid by the start of a team's first game or they will not be allowed on the ice.

If an individual does not have a Gmail account, they will be asked to enter an email address so a link can be sent so the registration process can

begin.

The team's name (the skip) must be entered for a league while other players/positions is optional.

Players will also need to accept the Curl Canada waiver to complete the registration.

The Stonewall Curling Club offers a variety of leagues for different ages and genders.

"We try to have a league or a program basically for everybody," Brown said. "We want more people in the building to enjoy the facility and everything that comes with being part of the club."

The local club won't be hosting a major bonspiel this season. In past years, the Stonewall Curling Club has done a great job hosting some major bonspiels.

"We've had a lot of major events the last couple of years and some of them tend to use up a lot of your volunteer manpower," Brown said. "This year, anyways, we're taking a break from that. But certainly in the next coming years we'll have some big events."

Curling is a great sport that allows people to get together and socialize during the long, cold winter months here in Manitoba.

"It's the social aspect that we have really tried to build on and get people out that don't necessarily think of themselves as curling," Brown said.

"We have positions and spots in leagues for any level of curler being from a beginner to more advanced."

# Thunder thump Moosomin Generals

By Brian Bowman

The Winnipeg Blue Bombers weren't the only Manitoba team to beat up on a Saskatchewan rival on Saturday.

The Interlake Thunder kicked off their Rural Manitoba Football League regular season by thumping the Moosomin Generals 77-6 in Stonewall.

Interlake dominated the game right from the start, jumping out to a 42-0 halftime lead.

"It was one of those days where everything was going right and it kind of snowballed," said Thunder head coach Mitch Obach Monday evening. "I wouldn't say that they were really bad. It was more like they were thin. They just didn't have the depth and we know that's our strength."

"I think we just kind of wore them down and when our offence is moving the ball and their defence is stuck on the field all of the time, they get more and more tired and they didn't have a very big bench."

Interlake's offence was clicking on all cylinders in both the passing and running games. There was a lot of rhythm within their offence and the offensive line did a great job all game.

Interlake Thunder quarterback Joshua Charison of Teulon was 13-for-19 for 227 yards and three touchdowns during Rural Manitoba Football League action last Saturday in Stonewall. Interlake won the game 77-6.

TRIBUNE PHOTO BY LANA MEIER

Interlake's Graeme Perrie had a fantastic game against Moosomin, rushing eight times for 172 yards and two touchdowns. The Stonewall product also caught five passes for 95 yards and a TD.

Thunder quarterback Josh Charison was very good, completing 13 of 19 passes for 227 yards and three touchdowns.

"Those are very good numbers," Obach insisted. "If you're completing 50 per cent at the high school level, you're having a good day. He had a real nice passing percentage and good yards and he spread it around pretty good, too."

On the ground, Interlake was equally good. Graeme Perrie had eight carries for 172 yards and two touchdowns. He also hauled in five catches for 95 yards and a TD.

Brady deLaroque rushed eight times for 126 yards and two majors. He also snared three catches for 91 yards and a touchdown and ran back a kickoff for a 70-yard TD.

The Thunder are going to win a lot of games with that type of production.

"That's as good as it gets in terms of yards per carry and scoring points," Obach said. "They're pure speed guys and if they make a guy miss, they are going to pick up some yards, for sure."

Other Interlake touchdowns were scored by Karsen Karish (one rushing and one receiving), Kelby Arndt (one receiving) and Carter Fuerst (one rushing). Fuerst was also 2-2 passing for 45 yards and a touchdown.

On the defensive side, Interlake had several players put up big numbers.

Benjamin Olafson had a monster game with eight tackles, two sacks, a forced fumble and a fumble recovery.

Tyson Wyrhya was credited with five tackles, one forced fumble and a fumble recovery.

Andrew Perrie had two tackles and two assisted tackles while Aden McLean chipped in with six solo tackles.

Alex Luke had four tackles and also blocked a punt.

Obach was very impressed with his club's defensive play, especially up front.

"Similar to our offence, that's an area on our team that has a different look," he said. "We lean on different guys and I think our (defensive) line set the tone more than we did last year. Last year, we had such a fantastic linebacking core that everything was built for them. We definitely like what we see up front this year and that D-line was causing a lot of grief for the Generals all day."

Interlake will hit the road for the first time this season on Saturday when they battle the Park West Outlaws in Shoal Lake. Kickoff is 2 p.m. Park West lost its season opener 22-20 to Virden last week.

Obach would love to see his team improve their record to 2-0.

"It will be a tough matchup," he predicted. "We played Park West early last year and I thought it was maybe the most physical game we had last year. During the year, I thought they were the most improved team and they ended up winning the B-side of the league. They were playing real good football at the end."

Other Week 1 scores included Swan Valley shutting out Dauphin 57-0 and South West knocking off Neepawa 42-8.

## Leading the way

TRIBUNE PHOTO BY LANA MEIER

The Interlake Thunder's Ryan Bobrovich (8) gets ready to set up a block for Malakai Bonville during Cruncher action last Saturday in Stonewall.

## Warren reaches final of varsity girls' volleyball home tournament

By Brian Bowman

The Warren Collegiate Wildcats had a very good start to their varsity girls' volleyball season.

Warren pushed the "AAAA" St. Mary's Academy Flames to a third and deciding set in the final of its home tournament last Saturday.

St. Mary's won the match by scores of 22-25, 25-21 and 15-12. The Flames had a talented left-side hitter that played very well in the second set

"They were pretty strong and that's what I was hoping for," said Wildcats' head coach Tyler Oliver. "We wanted to get some bigger schools to come (to our tournament) to show us what we need to get to and where we should be at."

Warren reached the final after defeating the Teulon Collegiate Saints 2-0 (25-18, 25-14) in a quarter-final matchup before destroying the Kelvin Clippers 2-0 (25-18, 25-2) in a semifinal game.

"We were on fire (against Kelvin) and our server was dialed in and they were struggling to bring those passes

back up," Oliver said. "There were a lot of free balls over our way and we attacked off of that."

In pool play, Warren finished first amongst four teams with a 6-2 set record. The Wildcats beat St. Mary's 2-1 (25-13, 14-25, 15-11) and Kelvin 2-1 (23-25, 25-16, 15-12).

The Wildcats swept the Gilbert Plains Trojans 2-0 by scores of 25-18 and 25-13.

Warren relished the opportunity to win some games in front of a supportive home crowd.

"It was really great," Oliver said. "It was probably one of the first varsity girls' volleyball tournaments that I can remember at WCI. We had a really big crowd on Saturday afternoon for the final ... and they got their money's worth, for sure. It was a really great match."

Teulon, meanwhile, finished its four-team pool play 0-3 after being swept by the Arborg Athletics (25-19, 25-20), Hapont Kopper Queens (25-12, 25-14) and the Boissevain Broncos (25-16, 25-12).

TRIBUNE PHOTO BY JO-ANNE PROCTER

The Wildcats' Emma Goodman hammers the ball through a St. Mary's player at the net in tournament action last weekend.

The Saints were then swept 2-0 (25-21, 25-10) in the seventh-place game by the Arborg Athletics.

Warren will resume tournament action this Friday and Saturday in Gilbert Plains.

## Ice Dawgs excited with upcoming training camp

By Brian Bowman

The Arborg Ice Dawgs will be starting training camp this weekend with a pair of tryout sessions.

Arborg will hit the ice Saturday and Sunday in Gimli. Both practices will run from 2 to 3:30 p.m.

New Ice Dawgs' general manager Corey Strachan is really looking forward to Arborg's second season in the Capital Region Junior Hockey League.

Arborg has "14 or 15" players from last year's team that are eligible to return this season.

"We have quite a few guys returning so it looks like everyone is on board and coming back," said Strachan last week. "And then we have some new recruits, a couple from Gimli, and possibly LakeMan and Fisher River.

"We're pretty excited."

Jim Werbicki will be back from another season as Arborg's head coach while Murray Monkman has been brought in as an assistant. Ryan Pochailo returns as an assistant coach.

The Ice Dawgs will be without Colton Davies and Derric Gulay, the team's top two scorers from a year

ago, as they have aged out of junior hockey. But Arborg is confident other players will pick up the offensive slack.

"That was a big of a hit," Strachan admitted. "But were getting Josh Roche back from Teulon and Blaine Wishnowski is possibly coming to skate and he is from Gimli."

On defence, Dylan Furgalo will be headed east for schooling and won't be with the team for the first half of the season. Strachan said the Ice Dawgs will be leaving a card open for him if he returns.

In goal, Arborg should be OK with Tre Strachan, Michael Merpaw and Gavin Love expected to return. Gimli's Evan Woytowich is also expected to attend training camp.

Tre Strachan is currently in the Selkirk Steelers' camp and played half the game (allowing one goal) in a 7-1 win over the Winnipeg Blues last Thursday.

Last season, Arborg finished with a 14-15-1 record and 41 points to sit tied for second place with the North Winnipeg Satellites.

The Ice Dawgs hope to improve on that record this season.

"I think with the number of guys returning, albeit the two top scorers that we lost, we should be able to build on last year and maybe finish a little

higher," Corey Strachan predicted. "It all depends on who comes to camp."

Arborg will see its first preseason action on Sept. 21 when it plays the North Winnipeg Satellites in Gimli. Game time is 4 p.m.

## Stonewall Jets begin preseason schedule Friday

Staff

The Stonewall Jets will see their first preseason action this Friday when they take on the defending Manitoba Major Junior Hockey League champion Pembina Valley Twisters.

It will be the first of three games that Stonewall will play as part of the Transcona Railer Express preseason tournament that takes place at the Ed Golding Arena.

Friday's game will start at 6 p.m.

and then the Jets will battle the St. Vital Victorias on Saturday at 5 p.m.

Stonewall will wrap up tournament play against Transcona on Sunday at 3 p.m.

The Jets will then visit the Railer Express on Sept. 20 in another preseason game. Game time is 8 p.m.

Stonewall will begin its regular season Sept. 27 when it hosts the Raiders Jr. Hockey Club. Puck drop is 7:30 p.m.

## SUDOKU

			9	2	1			
			3			2		6
	3			5		4		
	9							
8	5			2				3
		3		7	4			
2		1	6					
						6	7	
	6							9

Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

## Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

6	2	5	7	1	4	8	9	3
7	9	1	3	8	2	6	4	5
4	8	3	6	5	9	1	7	2
8	1	6	4	7	5	3	2	9
3	7	9	2	6	1	4	5	8
2	5	4	9	3	8	7	6	1
1	4	8	5	9	7	2	3	6
9	6	2	8	4	3	5	1	7
5	3	7	1	2	6	9	8	4

*Rural Municipality of Armstrong*

### REQUEST FOR TENDER

#### ROAD GRADING & SNOW PLOWING

The Council of the Rural Municipality of Armstrong is accepting proposals for road grading and snow plowing of municipal roads in the RM of Armstrong for both Area 1 (east half) and Area 2 (west half). Bids can be for one of the areas or both. Each area will require a minimum of two (2) graders to complete the area in a timely manner.

Contract will be for two (2) years to commence on November 1, 2019 and end on October 31, 2021.

Bid forms and Contract details including maps of the areas to be done may be obtained at the RM of Armstrong Office or found on our website at [www.rmofarmstrong.com](http://www.rmofarmstrong.com)

The lowest or any bid not necessarily accepted. Contractor must be in good standings with the RM of Armstrong to be considered.

Proposal Close: 4:30 PM, Monday, September 30th, 2019.

Corlie Larsen, CAO

## TOWN OF STONEWALL ANNUAL PUBLIC NOTICE

### ADDITIONS TO THE VOTERS LIST AND/OR PERSONAL SECURITY PROTECTION REQUESTS

#### Town of Stonewall

In accordance with Section 36 of *The Municipal Councils and School Board Election Act* (MCSBEA), the Town of Stonewall Voters List is open for changes or revisions.

- Any person who is eligible to vote in municipal elections in the Local Authority of the Town of Stonewall can have his or her name added to the Voters List, or have any information about the voter on the Voters List corrected.
- Any person can request to have his or her name and address obscured from the Voters List.

A person whose name has been obscured will receive a Personal Security Certificate and identification number. In a civic election, that person may only vote by Sealed Envelope Ballot and cannot vote in person at the regular or advance voting places.

To implement the above, a written request must be submitted to the Senior Election Official, in person, by e-mail, fax or mail to:

Name of Local Authority: Town of Stonewall  
Address: Box 250, 293 Main Street, Stonewall, Manitoba  
Phone: 204-467-7979  
Fax: 204-467-7999  
E-mail: [info@stonewall.ca](mailto:info@stonewall.ca)

The next General Election takes place October 26, 2022.

Wally R. Melnyk  
Senior Election Official

## TOWN OF STONEWALL NOTICE OF BOARD OF REVISION

### GENERAL ASSESSMENT & PERSONAL PROPERTY ASSESSMENT 2020 AND 2019 SUPPLEMENTAL PROPERTY TAXES

Public Notice is hereby given that the 2019 General Assessment and Personal Property Assessment Rolls for the Town of Stonewall have been delivered to the Town Office at 293 Main Street, Stonewall, Manitoba and are open for public inspection during the regular business hours.

The Board of Revision shall sit to hear applications respecting assessment on **Thursday, October 17th, 2019 at the hour of 6:30 P.M.** in the Council Chambers of the Town Hall, 293 Main Street, Stonewall, Manitoba.

Applications for revision of assessment shall be made in accordance with Sections 42 and 43 of the Assessment Act:

#### APPLICATION FOR REVISION

42(1) A person in whose name property has been assessed, a mortgagee in possession of property under section 114(1) of The Real Property Act, an occupier of premises who is required under the terms of a lease to pay the taxes on the property, the authorized agent of the person, mortgagee or occupier, or the assessor may make application for the revision of an assessment roll with respect to the following matters:

- liability to taxation;
- amount of an assessed value
- classification of property; or
- a refusal by an assessor to amend the assessment roll under subsection 13(2)

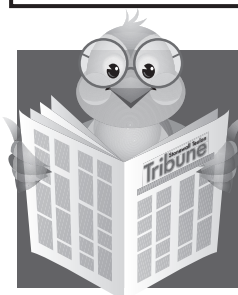

#### APPLICATION REQUIREMENTS

- 43(1) An application for revision must:
- be made in writing;
  - set out the roll number and legal description of the assessable property for which a revision is sought;
  - set out which of the matters referred above in subsection 42(1) are at issue, and the grounds for each of those matters; and
  - be filed by
    - delivering it or causing it to be delivered to the office of the Town of Stonewall, Box 250, 293 Main Street, Stonewall, Manitoba, ROC 2Z0, or
    - serving it upon the Secretary of the Board of Revision

The final date on which applications shall be received by the Secretary of the Board of Revision is **Tuesday, October 1st, 2019.**

Dated this 30th day of August A.D., 2019 at the Town of Stonewall in the Province of Manitoba.

Diane Allan, Secretary  
Board of Revision,  
Town of Stonewall  
Box 250, 293 Main Street, Stonewall, MB, ROC 2Z0

## AUTOMOTIVE TIRE TECHNICIAN REQUIRED IMMEDIATELY

- Full time hours
- Competitive wages
- Opportunities for advancement
- Great work environment

Drop resume in person to  
38 Main Street or  
email [Selktire@mts.net](mailto:Selktire@mts.net)

## Part-time Activity Coordinator Position

The South Interlake Seniors Resource Council requires a Support to Seniors in Group Living (SSGL) Coordinator.

You will work with the residents of Crocus Manor, Stonewall. This is a 15 hour, Monday to Friday position, with flexibility as to hours possible. It is a term maternity leave replacement assignment with the possibility of being permanent.

You will have the ability to work on your own, strong organization skills, complete computer skills, a valid drivers' license and access to a vehicle. You should be able to plan and carryout a wide range of activities within the manor.

You must be outgoing and enthusiastic and able to engage all residents creating programming that enhances the well-being of all.

Previous experience related to servicing seniors, program planning and implementation would be an asset. Please submit a cover letter and resume to;

South Interlake Seniors Resource Council  
Box 36 Stonewall Mb R0C 2Z0,  
via fax 204 467 2647 or email [sisrc@shaw.ca](mailto:sisrc@shaw.ca)

Closing date September 17th, 2019.

*We thank all for applying but only those selected for an interview will be contacted.*

# ANNOUNCEMENT

## IN MEMORIAM

**Harry Bejzyk**

Gone are the days we used to share,  
But in our hearts you are always there.  
The gates of memory will never close,  
We miss you more than anyone knows.  
Life goes on we know that's true,  
But it's not the same since we lost you  
Five years ago.

-Ever loved, sadly missed,  
Bev, Grant and Stephanie  
Brad, Arlene and Clay

## OBITUARY

**Brian Alfred Parkinson**

January 28, 1956 - August 31, 2019

Peacefully on August 31st, 2019 after a brief battle with cancer, Brain Alfred Parkinson passed away at Souris Health Centre.

Born in Regina, Saskatchewan on January 28th, 1956, as a youth Brian lived in Virden, Fisher Branch and Winkler, before finishing his last six years of school in Stonewall.

He married Barbara Friesen in 1988, and together they raised their two daughters, who were the loves of his life.

Brain worked hard all his life, usually in shipping and receiving at various warehouses, but his true passion was music. He had an encyclopedic knowledge of songs, an extensive record collection, and was a fixture at local music flea markets.

He had an eclectic group of friends who loved him for his unconditional support.

Brian was predeceased by his mother Margaret, and his former wife Barb.

Left to cherish his memory are his daughters Kayla and Micah, his father Alfred, his twin sisters Sandra Nitzsche (Bill) and Shelley Matheson (George), as well as numerous nieces, nephews and cousins.

Brian's chosen epitaph is "Old Rockers Rule".

A private family service will be held at a later date.

## OBITUARY

**Garry Gordon Procter**

October 28th, 1947 - September 2nd, 2019

It is with heavy hearts we announce the sudden passing of Garry Gordon Procter, at his home in Woodlands, Manitoba.

Surviving to mourn his loss is his wife of 48 years, Cindy nee (Graham). Sons Brett (Shelly), Brad (Candace) and daughter Nadine (Jaret) Thiessen. Also left is sister Gail (John) Sinclair, brother Orval (Merilee) Procter, sister-in-law Debbie (Lyle) Wicklund. His grandchildren Tiana, Alyssa-Lynn, Bryn-Lee, Evan and Tasha, will miss the caring Papa who loved them dearly and would often gently tease them. Also left to miss him are his nephews Darrell, Ryan, Mitch and Corey, as well as nieces Rochelle, Holly and Courtney.

Garry was predeceased by his parents Sec and Lyle Procter, infant brother Glenn and mother-in-law Jean Graham.

Garry was born in the old Grace Hospital in Winnipeg, the third child of Sec and Lyle Procter. He grew up on the family beef farm in Woodlands, and attended Woodlands Elementary, and later Warren Collegiate. Garry loved and played many sports, but hockey and baseball were always his favourites. Many will remember him as their hockey or baseball coach. He also spent many hours preparing the curling ice and working on the ball grounds in Woodlands.

Garry spent his entire life working with beef cattle, but also worked off the farm, mostly with heavy construction companies. His most memorable job was working a summer in Whale Cove, NWT, now Nunavut. In his early years, Garry was an avid hunter, but as he got older, fishing became a favourite escape.

Garry was devoted to his family, and loved time spent with them. He will be remembered for his enjoyment of the simple things in life, time with family, having a drink and playing all kinds of competitive games. He was a regular at the coffee bars but especially Race Trac Gas in Warren and CCL Woodlands (aka Studlers). Family and friends alike will miss his sense of humour, and the many stories he would tell.

Service of Remembrance will be held on Thursday, September 12th at 2:00 at the Woodlands Community Hall, Woodlands, Manitoba.

In lieu of flowers if you wish donations may be made to Woodlands Minor Baseball in care of Tara Lee Koss Box 156, Woodlands, MB, R0C-3H0 (for diamond upgrades) or a charity of your choice.

**A NOTE TO OUR CUSTOMERS**  
Due to the nature of this sale, we felt a brief explanation is essential.

At closing, 6 p.m. Sat. Sept 28th we will tally the 20 days of paid sales and divide by 20 to get the average daily sale. The day which is closest to this daily average, without going over it, will be the day which ALL purchasers will receive their purchase amount back, taxes excluded.

In the case of credit card (Smitty's, Visa, Mastercard) purchases, we will issue a credit immediately.

As we are tremendously overstocked right now, every item in stock will be included in this sale. No exceptions - clearance, damaged, discontinued, even new arrivals; furniture and appliances.

We must reduce our inventory and to ensure we do, we will even give it away for one day!

Don Smith
